Hollywood: Formal-aesthetic dimensions: authorship, genre and stardom Thomas Schatz, 2004 Hollywood as a concept applies variously to a particular film style a factory based mode of film production a cartel of powerful media institutions and a national and increasingly global way of seeing It is a complex social cultural and industrial phenomenon and is arguably the single most important site of cultural production over the past century This collection brings together journal articles published essays book chapters and excerpts which explore Hollywood as a social economic industrial aesthetic and political force and as a complex historical entity

Catholic Horror and Rhetorical Dialectics Gavin F. Hurley, 2024-06-15 Identifying an important subgenre of horror literature this book argues that Catholic horror fiction works distinctively to inspire the philosophical theological and spiritual imaginations of readers from all backgrounds and faith traditions Hurley analyzes four novels that are foundational to the genre of Catholic horror J K Huysmans's *L'Ève* 1891 Robert Hugh Benson's *The Light Invisible* 1903 and *A Mirror of Shalott* 1907 and William Peter Blatty's *The Exorcist* 1971 Putting these texts in conversation with the classical liberal arts the book shows how Catholic horror fiction coheres in a commitment to dialectical thinking that aims both to resolve and to accommodate contrasting world views Given its use of this methodology Catholic horror literature is uniquely positioned to draw readers into a contemplative mindset In presenting ghost stories tales of possession and narratives about evil Catholic

horror invites audiences to confront and reflect on profound existential questions about the line between life and death the nature of being and the meaning of reality **The Exorcist** William Peter Blatty, 2011-10-04 Four decades after it first shook the nation then the world William Peter Blatty's thrilling masterwork of faith and demonic possession returns in an even more powerful form Raw and profane shocking and blood chilling it remains a modern parable of good and evil and perhaps the most terrifying novel ever written *The Exorcist* William Peter Blatty, 1994-02-01 This unstoppable publishing phenomenon was the inspiration behind one of the most successful horror movies of all time A powerful presence has taken possession of the 12 year old daughter of a film star The ensuing battle between a doubt ridden priest and the unspeakable horror within the girl is a classic war of good versus evil *This Thing of Darkness* Richard Paul Hamilton, Margaret Sönsen Breen, 2004 Written across the disciplines of art history literature philosophy sociology and theology the ten essays comprising the collection all insist on multidimensional definitions of evil Taking its title from a moment in Shakespeare's *Tempest* when Prospero acknowledges his responsibility for Caliban this collection explores the necessarily ambivalent relationship between humanity and evil To what extent are a given society's definitions of evil self serving Which figures are marginalized in the process of identifying evil How is humanity itself implicated in the production of evil Is evil itself something fundamentally human These questions indicative of the kinds of issues raised in this collection seem all the more pressing in light of recent world events The ten essays were originally presented at the First Global Conference on Perspectives on Evil and Human Wickedness held in March 2000 in Lady Margaret Hall Oxford University **Evil Arabs in American Popular Film** Tim Jon Semmerling, 2009-06-23 2006 Runner up Arab American National Museum Book Awards The evil Arab has become a stock character in American popular films playing the villain opposite American good guys who fight for the American way It's not surprising that this stereotype has entered American popular culture given the real world conflicts between the United States and Middle Eastern countries particularly since the oil embargo of the 1970s and continuing through the Iranian hostage crisis the first and second Gulf Wars and the ongoing struggle against al Qaeda But when one compares the evil Arab of popular culture to real Arab people the stereotype falls apart In this thought provoking book Tim Jon Semmerling further dismantles the evil Arab stereotype by showing how American cultural fears which stem from challenges to our national ideologies and myths have driven us to create the evil Arab Other Semmerling bases his argument on close readings of six films *The Exorcist* *Rollover* *Black Sunday* *Three Kings* *Rules of Engagement* and *South Park Bigger Longer Uncut* as well as CNN's 9/11 documentary *America Remembers* Looking at their narrative structures and visual tropes he analyzes how the films portray Arabs as threatening to subvert American truths and mythic tales and how the insecurity this engenders causes Americans to project evil character and intentions on Arab peoples landscapes and cultures Semmerling also demonstrates how the evil Arab narrative has even crept into the documentary coverage of 9/11 Overall Semmerling's probing analysis of America's Orientalist fears exposes how the evil Arab of American popular film is

actually an illusion that reveals more about Americans than Arabs

Burmese Supernaturalism Melford E.

Spiro, 2017-07-12 Though the people of Burma now called Myanmar are formally Buddhist their folk religion a type of animism or supernaturalism is so unlike classical Buddhism that it seems contradictory For years scholars of religion and anthropology have debated the questions Do these folk beliefs make up a separate religious system Or is there a subtle merging of supernaturalism and Buddhism a kind of syncretism In either case how exactly does folk religion fit into the overall religious pattern Melford Spiro's *Burmese Supernaturalism* has been one of the major works in this debate both for its position on the two religions question and for its arguments concerning the psychological basis of religion The book begins with an introduction to the study of supernaturalism The next section of the work covers various types of supernaturalism including witches ghost and demons Other areas of discussion include supernaturally caused illness and its treatment the shaman the exorcist and the relationship between supernaturalism and Buddhism In the introduction to this expanded edition Spiro further develops the underlying logic of his argument and evaluates the most recent contributions to the field of the anthropology of religion *Burmese Supernaturalism* is an intriguing study and will provide insightful reading for anthropologists sociologists theologians as well as those interested in supernaturalism in Burma Myanmar and other cultures

Roman Catholicism in Fantastic Film Regina Hansen, 2011-08-31 The intersection of religious practice and theatricality has long been a subject of interest to scholars This collection of twenty two critical essays addresses the relationship between Roman Catholicism and films of the fantastic which includes the genres of fantasy horror science fiction and the supernatural The collection covers a range of North American and European films from Dracula and other vampire movies to Miracle at Fatima The Exorcist Danny Boyle s Millions The Others Maurice Pialat s Sous le Soleil de Satan the movies of Terry Gilliam and George Romero s zombie series Collectively these essays reveal the durability and thematic versatility of what the authors term the Catholic fantastic

Ableist Rhetoric James L. Cherney, 2019-11-01 Ableism a form of discrimination that elevates able bodies over those perceived as less capable remains one of the most widespread areas of systematic and explicit discrimination in Western culture Yet in contrast to the substantial body of scholarly work on racism sexism classism and heterosexism ableism remains undertheorized and underexposed In this book James L Cherney takes a rhetorical approach to the study of ableism to reveal how it has worked its way into our everyday understanding of disability Ableist Rhetoric argues that ableism is learned and transmitted through the ways we speak about those with disabilities Through a series of textual case studies Cherney identifies three rhetorical norms that help illustrate the widespread influence of ableist ideas in society He explores the notion that deviance is evil by analyzing the possession narratives of Cotton Mather and the modern horror touchstone The Exorcist He then considers whether normal is natural in Aristotle s Generation of Animals and in the cultural debate over cochlear implants Finally he shows how the norm body is able operates in Alexander Graham Bell s writings on eugenics and in the legal cases brought by disabled athletes Casey Martin and Oscar Pistorius These three simple equivalencies play complex roles within the social institutions of religion medicine law and sport Cherney concludes by calling for a rhetorical model of disability which he argues will provide a shift in orientation to challenge ableism s epistemic ideological and visual components Accessible and compelling this groundbreaking book will appeal to scholars of rhetoric and of disability studies as well as to disability rights advocates

Possessed Women, Haunted States Christopher J. Olson, CarrieLynn D. Reinhard, 2016-11-02 Since the release of The Exorcist in 1973 there has been a surge of movies depicting young women becoming possessed by a demonic force that only male religious figures can exorcise thereby saving the women from eventual damnation This book considers this history of exorcism cinema by analyzing how the traditional exorcism narrative established in The Exorcist recurs across the exorcism subgenre to represent the effects of demonic possession and ritual exorcism This traditional exorcism narrative often functions as the central plot of the exorcism film with only the rare film deviating from this structure The analysis presented in this book considers how exorcism films reflect reinforce or challenge this traditional exorcism narrative Using various cultural and critical theories this book examines how

representations of possession and exorcism reflect reinforce or challenge prevailing social cultural and historical views of women minorities and homosexuals In particular exorcism films appear to explore tensions or fears regarding empowered and sexually active women and frequently reinforce the belief that such individuals need to be subjugated and disempowered so that they no longer pose a threat to those around them Even more recent films produced after the emergence of third wave feminism typically reflect this concern about women Very rarely do exorcism films present empowered women and feminine sexuality as non threatening In examining this subgenre of horror films this book looks at films that have not received much critical scrutiny regarding the messages they contain and how they relate to and comment upon the historical periods in which they were produced and initially received Given the results of this analysis this book concludes on the necessity to examine how possession and exorcism are portrayed in popular culture New York Magazine ,1990-08-27

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Magical Passages in Ancient Near Eastern Rituals** Ilan Peled,2025-09-24 This book focuses on the element of thresholds makeshift gates makeshift structures and house doors as concepts of liminality in ancient Near Eastern magical rituals and the idea of transformation they reflect Readers gain an in depth understanding of theories of liminality and rites of passage and how they illuminate fascinating aspects of social behavior and religious and cultic practices in ancient Near Eastern societies specifically those of Hatti and Mesopotamia Ritual liminality manifested in the use of makeshift and permanent architectural elements was meant to facilitate two different aims transformation from one category to the other using makeshift gates and structures and separation between categories using house doors The book presents the pertinent ritual texts in their original languages analyzes these texts in detail and offers comparative discussions of the different cultures that practiced these rituals **Magical Passages in Ancient Near Eastern Rituals** is suitable for students and scholars interested in ancient religions rituals and cults particularly in the ancient Near East as well as those working on ancient history philology anthropology and religious studies more broadly
