The Experience Of Dying A Spectrum:

Beyond the Brain Stanislav Grof, 1985-01-01 *Beyond the Brain* seriously challenges the existing neurophysiological models of the brain After three decades of extensive research on those non ordinary states of consciousness induced by psychedelic drugs and by other means Grof concludes that our present scientific world view is as inadequate as many of its historical predecessors In this pioneering work he proposes a new model of the human psyche that takes account of his findings Grof includes in his model the recollective level or the reliving of emotionally relevant memories a level at which the Freudian framework can be useful Beyond that is perinatal level in which the human unconscious may be activated to a reliving of biological birth and confrontation with death How birth experience influences an individual s later development is a central focus of the book The most serious challenge to contemporary psycho analytic theory comes from a delineation of the transpersonal level or the expansion of consciousness beyond the boundaries of time and space Grof makes a bold argument that understanding of the perinatal and transpersonal levels changes much of how we view both mental illness and mental health His reinterpretation of some of the most agonizing aspects of human behavior proves thought provoking for both laypersons and professional therapists

Dying: A Social Perspective on the End of Life Alex Broom, 2016-03-03 An inevitable and universal experience dying is experienced by individuals in different ways often related to the character of our relationships family structures gender identities cultural backgrounds and economic means Drawing on extensive qualitative fieldwork with patients carers and health professionals in Australia and the United Kingdom *Dying A Social Perspective on the End of Life* provides a critical examination of the different spheres of dying in social and cultural context Exploring complex issues such as the politics of assisted dying negotiating medical futility gender and dying the desire for redemption the moralities of the good fight and the lived experience of bodily disintegration this book links novel theoretical ideas within sociology to cutting edge empirical data collected in palliative and end of life care contexts A theoretically engaged understanding of the social mediation of the end of life *Dying A Social Perspective on the End of Life* also sheds light on the manner in which the end of life can be shaped by major economic cultural and socio cultural shifts including neo liberalism individualisation medicalisation professionalisation and detraditionalisation As such it will appeal to social science health and medical researchers interested in the end of life as well as those working in palliative and end of life care settings

Spectrum ,2007 **Death and Institutions** Kate Woodthorpe,Helen Frisby,Bethan Michael-Fox,2025-03-21

Institutions play a crucial role in shaping experiences of end of life care dying death body disposal and bereavement However there has been little holistic or multidisciplinary research in this area with studies typically focusing on individual settings such as hospitals and cemeteries or being confined to specific disciplines This interdisciplinary collection combines chapters on process place and the past to examine the relationships both within and between institutions institutionalization and death in international contexts Of broad appeal to students and academics in areas including social policy health sciences sociology psychology anthropology cultural studies history and the wider humanities this collection spans multiple disciplines to offer crucial insights into the end of life body disposal bereavement and mourning Tales for the Dying E. H. Rick

Jarow,2012-02-01 Tales for the Dying explores the centrality of death and dying in the narrative of the Bh gavata Pur na India s great text of devotional theism canonized as an integral part of the Vaisnava bhakti tradition The text grapples with death through an imaginative meditation one that works through the presence and power of narrative The story of the Bh gavata Pur na is spoken to a king who is about to die and it enables him to come to terms with his own passing The work does not isolate dying as an issue it treats it on many levels This book discusses how images of dying in the Bh gavata Pur na relate to issues of language and love in the religious imagination of India Drawing on insights from studies in myth literary semiotics and depth psychology as well as from Indian commentarial and aesthetic traditions the author examines the power of myth and narrative storytelling or hari katha and shows how a detailed awareness of the Puranic imagination may lead to a revisioning of some long held presuppositions around Indian religious attitudes toward dying By casting Vaisnava bhakti traditions and Puranic narrative in a fresh light the mythic imagination of the Pur nas takes its place on the stage of contemporary discourse on comparative mythology and literature *Experiencing The Soul Before Birth, During Life, After Death* Eliot Jay Rosen,2005-08-30 In this riveting anthology 32 of the world s foremost spiritual leaders teachers and scientific researchers share the many ways we can experience the soul Some of the topics they discuss include meeting the unborn souls of future children receiving communications from the souls of loved ones who have passed over soul travel into realms of light during a near death experience and much more *Textbook of Palliative Nursing* Department of Nursing Education and Research City of Hope National Medical Center Betty R. Ferrell Research Scientist,Supportive Care Program Nessa Coyle Director, Pain & Palliative Service Department of Neurology Memorial Sloan-Kettering Cancer

Center,2005-11-10 Originally published in 2001 the Textbook of Palliative Nursing has become the standard text for the field of hospice and palliative care nursing In this new edition the authors and editors have updated each chapter to ensure that the content is evidence based and current references are included They also have retained the important focus on case studies throughout the text and practical clinically relevant tables figures and other resources Like the previous edition this

text has an introductory section of the general principles of palliative care followed by a comprehensive section on symptom assessment and management encompassing twenty one different symptoms Other key sections include psychosocial support and spiritual care providing holistic perspective on care of patients facing advanced disease The text also includes an innovative section on special populations addressing those most in need of palliative care The textbook is a useful resource for all nurses with the excellent section on end of life care across settings In this new edition the pediatric palliative care section has been greatly expanded and includes seven separate chapters on pediatric care It includes a section on special issues addressing topics such as ethical considerations nursing research and public policy perspectives and concludes with a section presenting models of excellence including six international models This edition also offers a narrative on dying based on a spouse s perspective The text includes an appendix with an extensive list of resources for nurses in the field
