Stephen Sprinkle

The Faith We Affirm Basic Beliefs Of Disciples Of Christ:

The Faith We Affirm Ronald Osborn, 1979-01-01 Although now featuring a new cover The Faith We Affirm by Ronald E Osborn remains the same useful resource on the inside This overview is based on the statement of faith in the Preamble to The Design for the Christian Church Disciples of Christ Designed to engage Disciples in thinking responsibly about the faith we affirm in the light of our heritage this resource will work as either an individual or group study The Faith We Affirm includes six chapters that can be used for an intensive six session course or divided to supply a quarter s study Questions for discussion and reflection end each chapter **Faith We Affirm: Basic Beliefs , Disciples and Theology** Stephen Sprinkle, 1999 **Chalice Introduction to Disciples Theology** Peter Heltzel, 2008 *The Disciples—Second Edition* D. Duane Cummins, 2023-07-14 This new second edition refined updated and revised contains the story of those 15 years along with revisions in how a humble gathering evolved over two centuries into the Christian Church Disciples of Christ a modern denomination of international stature The Disciples A Struggle for Reformation Revised Edition discusses how Disciples progressed from congregationalism to Covenant how they survived the tumult of Civil War how they developed a ministry of missions on a global scale and how they met the brutal challenge of 21st century COVID **Freedom in Covenant** Robert D. Cornwall, 2015-09-21 In an age of decreasing denominational loyalty questions of identity have become important Both church members and inquirers wonder what to make of a denomination s core values mission and common practices Because the Christian Church Disciples of Christ was born as a movement of reform on the American frontier during the early nineteenth century it is marked by the time and place of its birth The message it offered at the time was one of Christian unity rooted in theological simplicity and freedom of belief and practice This message influenced the way the tradition came to understand biblical interpretation theology the sacraments ministry and its eschatology As the movement matured many recognized that this message of freedom could lead to unfettered individualism and tended to undermine congregational life and cooperation beyond the congregation In response Disciples leaders turned to the biblical idea of covenant to balance the message of freedom and link congregations with other forms of church without creating hierarchical systems If as some have suggested this is a movement whose time has come then it is important to understand the movement s identity and core values which have been formed within the fulcrum of the tension existing between freedom and covenant **The Triune Nature of God** Robert D. Cornwall, 2019-06-11 The doctrine of the trinity is probably the most complex and mysterious topic in Christian theology yet it impacts our understanding of many other doctrines Pastor Theologian Robert D Cornwall brings his knowledge of church history to the task of examining this doctrine looking at how it developed and what justifies its presence in Christian theology He uses the history of his own Disciples of Christ tradition as one of the expressions of the Stone Campbell movement which avoids creeds very effectively in examining how we distinguish between the statements and events of scripture and our theological reflections on them Can a doctrine not mentioned in scripture be of value Are creeds

necessary or even useful Cornwall threads a careful course between the value of the creeds and within them the doctrine of the trinity in defining our ecumenical relationships and task on the one and on the other the danger of having creeds as a test of fellowship and faith While rooted in his own denomination's traditions this is very valuable to other denominations and movements as we examine what defines us while at the same time seeking freedom in non essentials This book is especially strong in examining the history of the development of this doctrine and connecting this to our ongoing reflection on scripture and what our tradition and experience provides This short volume is valuable to all those who seek to understand the trinity not just as an element in a doctrinal system but as it aids us in thinking about elements of our faith **Ordination:**

Celebrating the Gift of Ministry, One Lord, One Faith, Second Edition Rex A. Koivisto, 2009-01-01 One Lord One Faith is a plea and plan to re envision the Church as a broad cross denominational community with a shared faith in the Christ of the Gospel It both affirms the place and inevitability of individual denominational traditions and also provides a grid from which to distinguish those denominational traditions from the core of historical orthodoxy shared by the entire Christian community The book seeks to distinguish denominationalism from sectarianism and identifies sectarianism as the true enemy of historic catholicity *Christ in East and West* National Council of the Churches of Christ in the United States of America. Commission on Faith and Order, 1987 *The Encyclopedia of the Stone-Campbell Movement* Douglas A. Foster, 2004 Over ten years in the making The Encyclopedia of the Stone Campbell Movement offers for the first time a sweeping historical and theological treatment of this complex vibrant global communion Written by more than 300 contributors this major reference work contains over 700 original articles covering all of the significant individuals events places and theological tenets that have shaped the Movement Much more than simply a historical dictionary this volume also constitutes an interpretive work reflecting historical consensus among Stone Campbell scholars even as it attempts to present a fair representative picture of the rich heritage that is the Stone Campbell Movement **BOOK JACKET The Disciples and American Culture** Leslie R. Galbraith, Heather F. Day, 1990 Identifying so many individuals and locating bibliographic data on their works are profound achievements and the authors have done a laudable job *ARBA Classic Themes of Disciples Theology* Kenneth Lawrence, 1986 *The Cumulative Book Index*, 1980 A world list of books in the English language **The Christian Observer**, 1810 **A Brief Illustration of the Morning Service of the United Church of England and Ireland** John Clarke (Minor Canon of the Cathedral Church of Durham.), 1852 *The Book of Church Growth* Thom S. Rainer, 1998-09-01 The Church Growth Movement has divided devout Christians Even though Rainer is an advocate his aim here is to present an objective view of the movement its history the theology associated with it and the principles which seem to separate churches that grow from those that don't **One Lord, One Faith** Rex A. Koivisto, 1993 *The Disciple*, 1981 **Bible Student and Religious Outlook**, 1907
