**Rationale of the Dirty Joke** G. Legman, 2007-11-01 Why do people tell dirty jokes And what is it about a joke's dirtiness that makes it funny G Legman was perhaps the foremost scholar of the dirty joke and as legions of humor writers and comedians know his *Rationale of the Dirty Joke* remains the most exhaustive and authoritative study of the subject More than two thousand jokes and folktales are presented covering such topics as *The Female Fool* *The Fortunate Fart* *Mutual Mismatching* and *The Sex Machine* These folk texts are authentically transcribed in their innocent and sometimes violent entirety Legman studies each for its historical and socioanalytic significance revealing what these jokes mean to the people who tell them and to the people who listen and laugh Here back in print is the definitive text for comedians and humor writers Freudian scholars and late night television enthusiasts *Rationale of the Dirty Joke* will amuse you offend you challenge you and disgust you all while demonstrating the intelligence and hilarity of the dirty joke

**Affective Betrayal** Jean Tsui, 2024-09-01 *Affective Betrayal* uses affect as an analytical category to explicate the fragility and fragmentation of Chinese political modernity In so doing the book uncovers some of the unresolved moral and philosophical obstacles China encountered in the past as well as the cultural predicament the country faces at present At the turn of the twentieth century China's leading reformer Liang Qichao 1873-1929 presented modern political knowledge in musical and visual representational formats that were designed to stimulate readers' bodily senses By expanding the reception of textual knowledge from reading to listening and visualizing experiences Liang generated an epistemic shift and perhaps an all-inclusive internal intellectual philosophical and moral transition alongside China's modern political reform By tracing the marginalized academic and philosophical positions Liang sought to restore in China's incipient democratic

movement Affective Betrayal examines how his attempts to conjoin Confucian morality and liberal democracy expose hidden anxieties as well as inherent contradictions between these two systems of thought These conflicts besides disrupting the stability of China s burgeoning modern political order explain why the import of modern concepts led to China s continued political impasse rather than rationality and progress after the 1911 revolution      **Indigenous Struggle and the Bolivian National Revolution** James Kohl,2020-11-26 Indigenous Struggle and the Bolivian National Revolution Land and Liberty reinterprets the genesis and contours of the Bolivian National Revolution from an indigenous perspective In a critical revision of conventional works the author reappraises and reconfigures the tortuous history of insurrection and revolution counterrevolution and resurrection and overthrow and aftermath in Bolivia Underlying the history of creole conflict between dictatorship and democracy lies another conflict the unrelenting 500 year struggle of the conquered indigenous peoples to reclaim usurped lands resist white supremacist dominion and seize autonomous political agency The book utilizes a wide array of sources including interviews and documents to illuminate the thoughts beliefs and objectives of an extraordinary cast of indigenous revolutionaries giving readers a firsthand look at the struggles of the subaltern majority against creole elites and Anglo American hegemony in South America s most impoverished nation This book will be of interest to students and scholars of modern Latin American history peasant movements the history of U S foreign relations revolutions counterrevolutions and revolutionary warfare      *The History of the Revolution of France* Jean-Paul Rabaut,1792

*Technology for Revolution* Mithilesh Kumar Jha,2014-03-16 Technology for Revolution Opportunity for a New Religion and a New Society is a treatise on religious and social reform It is an attempt to create a route map to a HAPPY HEALTHY PEACEFUL PROGRESSIVE PROSPEROUS CREATIVE AND CONSTRUCTIVE world The book advocates that ultimate social peace and individual mental bliss and freedom cannot be achieved without adopting a spiritual way of life with a sense of justice It explores the issues with which the human society is afflicted at present and then goes on to suggest a new model of governance and administration utilizing the opportunities made available by the changes in the information and communication technology The author suggests that the root cause of almost all the sociopolitical issues are linked to the degeneration and corruption in the religious and spiritual values resulting in an overall degradation of the social ethics It delves deep into the issue of corruption and degeneration of all the religious practices across the globe It exposes how religious practices have completely abandoned Truth God and Spirituality and has embraced blatant commercialism in the name of God and faith It then explores the effects of this spiritual and religious degeneration in the sociopolitical and administrative arena taking examples and references mainly from the Indian society Having explored the problem and its root cause in detail the book presents a comprehensive universal and global manifesto for governance and administration applicable to the humanity as a whole It combines the concepts of social and economic justice of Karl Marx the concepts of Ram Rajya of Mahatma Gandhi the concepts of human equality of Mandela and Martin Luther King Jr and the concepts of

universal brotherhood and global citizenship It then blends them all with the spiritual teachings of Buddha Socrates Kabir and Osho Rajneesh The universal and global manifesto for humanity as a whole presented in this book envisions the creation of a happy healthy peaceful progressive prosperous creative and constructive world The ideals and optimism projected through this manifesto might initially appear to be Utopian in nature however considering the opportunities made available by the advancements in technology in general and information and communication technology in particular and after going through the detailed explanations presented with every point in the manifesto a reader may feel compelled to add his own efforts towards the goals envisioned in this book The innovative solutions suggested in the manifesto eliminates the need to have departments like the anti corruption vigilance election observers tax collection departments etc in government and administration and would automatically cleanup the muck in politics and public life The book also has the potential to generate controversy as it has ruthlessly dissected the commercialism irrationality and evils in almost all the major religious practices across the globe The author is aware of the dangerous consequences as a result of his direct attack on the people running their massive business empires in the name of religion however he seems to be prepared to face the consequences similar to what Socrates Meera or Mansur al Hallaj had to face Considering what Salman Rushdie or Taslima Nasreen had to go through for much more subtle expressions the author is likely to be inviting a serious trouble for himself despite his pious and altruistic motives behind writing whatever he has presented through this book

Funny Peculiar Mikita Brottman,2013-04-15 Why are jokes funny Why do we laugh In Funny Peculiar Mikita Brottman demurs from recent scholarship that takes laughter and the broader domain of humor and the comical as a liberating social force and an endearing aspect of self expression For Brottman there is nothing funny about laughter which is less connected to mirth and feelings of good will than to a nexus of darker emotions fear aggression shame anxiety Brottman rethinks not only the mechanisms of humor but also the relation of humor to the body and the senses To this end she provides an engrossing account of the life and work of Gershon Legman exiled author publisher and sexologist Alfred Kinsey s first bibliographer and legendary compiler of the dirty joke Like Freud Legman was convinced of the impossibility of understanding humor apart from sex and Brottman shows how his two massive works on the subject Rationale of the Dirty Joke and No Laughing Matter provide a framework for understanding the ambivalent and often hostile impulses that underlie

the comic impulse in its various guises In lively and enlivening chapters she traverses dirty jokes the figure of the evil clown in popular culture the current popularity of humor therapy changing fashions in stand up comedy and the connection between humor and horror Brottman s sparkling prose laced with wit does not obscure the seriousness of *Funny Peculiar* It is a thoughtful and wide ranging elaboration of the Freudian claim that joking in point of fact is no laughing matter
