Choice Outstanding Academic Title for 2022 China s Cultural Revolution 1966 1976 produced propaganda music that still  
stirs unease and at times evokes nostalgia Lei X Ouyang uses selections from revolutionary songbooks to untangle the  
complex interactions between memory trauma and generational imprinting among those who survived the period of extremes  
Interviews combine with ethnographic fieldwork and surveys to explore both the Cultural Revolution s effect on those who  
lived through it as children and contemporary remembrance of the music created to serve the Maoist regime As Ouyang  
shows the weaponization of music served an ideological revolution but also revolutionized the senses She examines essential  
questions raised by this phenomenon including What did the revolutionization look sound and feel like What does it take for  
individuals and groups to engage with such music And what is the impact of such an experience over time Perceptive and  
provocative Music as Mao s Weapon is an insightful look at the exploitation and manipulation of the arts under
