Sons Of The South:

Sons of the South Clayton Rand, 1978 *The Sons of Jacob and the Sons of Herakles* Andrew Tobolowsky, 2017-10-18
In this study Andrew Tobolowsky offers a new approach to biblical descriptions of the tribes of Israel as the sons of Jacob. He reveals how shifting assumptions about early Israelite history and the absence of references to Jacob in most accounts of the tribes make it unlikely that this understanding was part of early tribal discourse. Instead, drawing on extensive similarities between the role Jacob's children plays in the biblical narrative and the role that shared descent from figures such as Hellen and Herakles play in the construction of ancient Greek histories, Andrew Tobolowsky concludes that the tribal genealogical concept was first developed in the late Persian period as a tool for the production of a newly integrated, newly coherent account of a shared ethnic past, the first continuous biblical vision of Israelite history from Adam to the fall of Jerusalem and beyond.

Stand the Storm Lynn Abbott, Doug Seroff, 2025-07-15
Black education in the South was the great social program of the post-Civil War era. Desperately strapped for operating capital, the first freedmen's schools resorted to a bold fundraising experiment. Student troupes were sent to the North singing Negro spirituals, the sacred songs of slavery, in order to generate goodwill and entice financial support. The Fisk University Jubilee Singers set this strategy in motion in 1871. In the wake of their success, it was adopted by HBCUs throughout the Southland. Intrepid student singers introduced the outside world to the Negro spirituals, the genuine jewels they brought from their bondage, and sang up school buildings in the process. Negro spiritual singing was a revelation for the northern public; it was their initial exposure to an emergent, distinctly American kind of creative energy. Male quartets became the standard bearers of this venerable Black music tradition. In *Stand the Storm*, Spiritual Quartet Singing in the Struggle for Black Education, award-winning authors Lynn Abbott and Doug Seroff dive into the history of three generations of fundraising quartets from seven representative schools: Fisk, Hampton, Tuskegee, Penn Calhoun, Utica, and Piney Woods. They acknowledge the heroic founders of the schools and restore the names of forgotten singers to the historical record. They reevaluate the industrial education model that guided these schools. Finally, they plot the evolution of Negro spiritual singing after Emancipation by scrutinizing early published song collections and comparing them with songbooks and recordings from subsequent eras.

True Sons of the Republic Martin W. Öfele, 2008-02-28 Up to 500 000 Union soldiers or one fourth of the Union army had been born in Europe These immigrants had left their home countries for a multitude of reasons mostly economic and political In the United States they envisioned a country of freedom that would allow them to pursue their goals of acquiring wealth and participating in politics Soon immersed in the great debate over the expansion of slavery many immigrants found themselves forced to take sides and eventually rallied around the Union flag Ethnic Americans joined the northern army out of the same motivations as their native born comrades with one notable difference By defending the Union immigrant volunteers hoped to tear down nativist obstruction against their assimilation into society and prove their worth as full citizens Declaring their unconditional loyalty several groups entered into veritable competitions to raise separate regiments that would defend not only the Union but ethnic and national pride Through their high visibility within the army those units became synonymous with the ethnic war effort The conduct of noticeable organizations such as the Irish Brigade or the partly German Eleventh Army Corps shaped public notions of immigrant participation in the war for decades to come notwithstanding the fact that the large majority of foreign born soldiers served in mixed and predominantly native American regiments These new Americans contributed substantially to Union victory
