The Writer and Religion William H. Gass,Lorin Cuoco,2000 Every significant religious system stands upon a sacred text This text is indeed its temple Inside its heroes and their history are enshrined Although leaders of varying degrees of divinity are always involved in the creation of a new sect they usually have short lives often come to bad ends and their influence diluted by disciples soon disappears as water does in sand What the leader leaves behind is Mein Kampf or its equivalent his testament Occasionally by the indolent an existent text is chosen or a compilation selected a golden treasury From time to time other writings may be dubbed divine as though knighted This is not a simple social thing however It is more important than a nation adding to its territories Any addition to the divine canon will approve proscribe or admit new thoughts new practices and in consequence elevate different people to positions of privilege and power William H Gass These essays and panel discussions made up The Writer and Religion Conference held at Washington University in St Louis The six essays all by writers of international stature were followed by panel discussions with audience participation

Thirst A. G. Mojtabai,2021-02-01 As A G Mojtabai s Thirst opens Lena has been summoned to the bedside of her ailing brother Theo an aging country priest who has started to refuse food and drink What Lena faces is complicated by the fact that she left the faith long ago First cousins and closest childhood friends Theo and Lena were raised in a small Catholic farming community in Texas named for the village their parents left behind in Germany a place where all questions asked and unasked were answered for all time The known world was bounded by the iron fence of the parish cemetery containing nearly all their dead Beyond it lurked disorder the dragons of unbelief Now faced with the mysteries of mortality and loss both are struggling to come to terms with the choices that have defined them Thirst is a book hard to classify a novella certainly but it is also in part a tone poem a contemporary book of hours and a meditation engaging issues of faith and doubt death and healing Roger Rosenblatt has said of A G Mojtabai It is rare to find a gorgeous stylist and a writer of substance yoked in the same artist Her work shows heart and unsentimental kindness that leaves the reader enlightened and wiser

Remembering Lives Lorraine Hedtke,John Winslade,2016-12-05 Grief is frequently thought of as an ordeal we must simply survive This book offers a fresh approach to the negotiation of death and grief It is founded in principles of constructive conversation that focus on remembering lives in contrast to processes of forgetting or dismembering those who have died Re membering is about a comforting life enhancing and sustaining approach to death that does not dwell on the pain of loss and is much more than wistful reminiscing It is about the deliberate construction of stories that continue to include the dead in the membership of our lives

Under the Cap of Invisibility Lucie Genay,2025-05-13 Pantex was built during World War II near the town of

Amarillo Texas The site was converted early in the Cold War to assemble nuclear weapons and produce high explosives For nearly fifty years Pantex has been the sole assembly and disassembly plant for nuclear weapons in the United States Today most of the activities of the plant consist of the manufacture of high explosive components and the dismantlement or life extension of weapons including retrofitting aging warheads in the United States s arsenal Unlike the much more famous nuclear weapons production sites at Los Alamos Oak Ridge Hanford and Rocky Flats the Pantex plant has drawn little attention hidden under a metaphoric cap of invisibility Lucie Genay now lifts that invisibility cap to give the world its first in depth look at Pantex and the people who have spent their lives as neighbors and employees of this secretive industry The book investigates how Pantex has impacted local identity by molding elements of the past into the guaranty of its future and its concealment It further examines the multiple facets of Pantexism the reasons for embracing nuclear weapons production as a solution to economic woes the resulting dependence on this industry and the unconditional support for the facility through the voices of native and adoptive Panhandlers Tales of Evening Tides Ian Hayes Nagus,2021-08-04 In normalizing the certain process of death we have the ability to provide an amazing gift to our loved ones who remain behind us We can provide them a model of what bravery looks like in the setting of an uncertain transition As we move from this world to the next from life to death we do not know what we may encounter But if we have faith in something a peaceful awareness of what is and a gratitude for what has been then we can create and leave and impressive legacy for those who will inevitably and ultimately follow This collection of short stories serves to document a few examples of such legacies
