approach to the subject Distinguishing between fact and fiction they set the witch trials firmly back within the context of their own times and without seeking to exonerate those responsible demonstrate how it was possible for judiciaries and social elites to believe wholeheartedly in the reality and efficacy of witchcraft as a valid system of belief and as a dangerous threat to the fabric of society in which they lived This new edition has been comprehensively updated to take account of the vast expansion in interest and scholarly research that has taken place in the field since the publication of the first edition This work provides a provocative thesis for those seeking to understand the basis for the politics of persecution and a firm interpretative basis around which further exploratory research may be conducted **Beyond Rationalism** Bruce Kapferer, 2003-02-01 This book seeks a reconsideration of the phenomenon of sorcery and related categories The contributors to the volume explore the different perspectives on human sociality and social and political constitution that practices typically understood as sorcery magic and ritual reveal In doing so the authors are concerned to break away from the dictates of a western externalist rationalist understanding of these phenomena without falling into the trap of mysticism The articles address a diversity of ethnographic contexts in Africa Asia the Pacific and the Americas *Sorcerers and Spirits* Gowri Rekha, 2015-12-04 Since they met each other they've been keeping secrets for each other But there is a price for every secret and when they finally reveal theirs it is to be whisked away from everything they know to have their lives changed in the blink of an eye Best friends Ann and Fab find themselves in the midst of a war for control over magic Little do they know that together they hold the powers and the key to a door beyond which lies a terrifying unknown As they train themselves to face the world they are forced to choose between what they want and what they have to do
