become and who we will become These are the people I call Soul Friends As the Senior Scholar in Residence for over 25 years at the renowned Kripalu Center Stephen Cope has spent decades investigating and writing about the integration of body mind and spirit and the rich complexity of our relationships with others and with ourselves Perhaps the central truth that arises from his work is this human beings are universally wired for one thing vital connection with one another Soul Friends invites us on a compelling journey into the connectivity of the human psyche the study of which has fascinated scholars philosophers and thinkers for centuries Cope seamlessly blends science scholarship and storytelling drawing on his own life as well as the histories of famous figures from Eleanor Roosevelt to Charles Darwin to Queen Victoria whose formative relationships shed light on the nature of friendship itself In his exploration he distills human connection into six distinct yet interconnected mechanisms containment twinship adversity mirroring identification and conscious partnership Then he invites us to reflect on how these forms of connection appear in our own lives helping us work toward a fuller understanding of who we have become and who we will become Without a doubt the journey to our most fulfilled selves requires us to look within But in order to truly thrive we must make the most of who we are in relation to one another as well Unsparingly honest deeply wise and irresistibly readable Soul Friends gives us a map to find our way **Freedom from God** Harry Willson, 2002-02 Thinking Aloud Allowed Thinking about God went into a black hole in the 60s with God Is Dead Fundamentalism doesn't count because there's no thinking there Here's a book that goes all the way into that black hole and comes out the far end into liberation This challenge is for persons who can read and like to think and can still sense wonder The fresh air is wonderful A study in candor a philosophical broadside of profound importance a guide to personal liberation an invitation to wonder a book that links truth seekers and truth tellers Freedom From God is the product of a lifetime of thinking and reading For eight years Willson was a card carrying Master of Divinity serving as missionary pastor in New Mexico Then he left the church in sorrow and anger over its failure to speak out against the Vietnam War He taught high school for ten years then quit teaching to write and entered what he came to call the real world thinking all the while Eventually Willson decided that the word God was too contaminated to be useful but found he experienced wonder more than ever Former Pastor Willson has written an engaging and unusual account of his own release from the traps of false ideas about God and the self His journey will seem familiar to many agnostics and independent minds but his account is told with zest and is supported by experience Highly recommended LIBRARY JOURNAL New Mexico Magazine, 1989 **Your Soul Is Calling You** VALARIE COVENTRY, 2012-03-20 A hush came over the audience as Lightning Bear spoke An arresting figure over six feet tall with long braids flanking his angular body he quietly surveyed the audience for several minutes You could sense that there wasn't one tiny detail that those deep set hooded eyes missed as his gaze rested thoughtfully on the audience I see some of you wear eagle feathers in your hats he said In our culture eagle feathers have to be earned and are a mark of the great respect given to that person You must look amongst your own stories for your answers

he said gently We cannot help you with your search for your own spirituality but we will respect your customs and your ways and we are willing to share our knowledge and work together to ensure the survival of our Mother Earth My first soul call came directly from this experience as a deep spiritual yearning for information and stories about my own Celtic background and led to my travels up Saint Michaels line in England to many sacred sites The second soul call came later when I picked up one of Brian Weiss's books and knew without a shadow of doubt that I would train with him in America and take his regression work with me to Australia The book begins with my own story and the healing that his workshop brought to me and goes on to include regression stories from those that I have worked with real stories about real people My hope is that these inspirational stories will encourage people to make their own journeys of connection wherever that may lead them Its very gratifying to have our student and colleague Valarie continue this work in Australia and write such a delightful book

Brian L Weiss M D **Remembering: the Soul of You** Meyrene Cowell,2021-10-27 In 1998 someone asked me to contemplate the question Who am I When I removed all the labels such as daughter wife mother and teacher and then even my name too I realised how vulnerable I was I wondered what was left of me That was the catalyst that began my search for the Greater Me my eternal Spirit self As I searched listened and read I gained new belief systems that were wider than religion and more liberating than my social conditioning The greatest freedom came though when I finally understood the language of symbols especially those used in the ancient Marseilles Tarot Pack I spent almost twenty years exploring the blueprint of the archetypes that are embedded in these cards Each of the 22 major arcana cards took me on a deep souljourney towards consciousness knowledge and a change of heart What I discovered was that I am more than I could ever have imagined and so are you When we become conscious of painful and inhibiting beliefs that no longer serve us we begin a journey into loving acceptance of self and others too
