The Era Of High Speed Growth

Chunsheng Zhou, Xiu hai Hu

The Era Of High Speed Growth:

The Era of High-speed Growth Yutaka Kōsai, 1986 Takes a retrospective look at rapid growth in Japan 1945-1970. Argues that economic growth was achieved not on the basis of the distinctive value customs and behavioral style of Japanese society but rather through reliance on the market mechanism of classical capitalist theory. Rapid growth is seen as a process in which external dependence on raw materials and a high level of domestic consumption were combined with the development of exports and technical revolution in the processing industries.

The Era of High Speed Growth Yutaka Kosai, 1984 **Postwar Japan as History** Andrew Gordon, 1993-10-20 As they examine three related themes of postwar history, the authors describe an ongoing historical process marked by unexpected changes such as Japan's extraordinary economic growth and unanticipated continuities such as the endurance of conservative rule. From publisher's description.

The New Cambridge History of Japan: Volume 3, The Modern Japanese Nation and Empire, c.1868 to the Twenty-First Century Laura Hein, 2023-06-08 This major new volume presents innovative recent scholarship on Japan's modern history including its imperial past and transregional entanglements. An international team of leading scholars offer accessible and thought-provoking essays that present an expansive global vision of the archipelago's history from c. 1868 to the twenty-first century. Japan was the first non-Western society to become a modern nation and empire, to industrialize and to deliver a high standard of living to virtually all its citizens, capturing international attention ever since. These Japanese efforts to reshape global hierarchies powered a variety of debates and conflicts both at home and with people and places beyond Japan's shores. Drawing on the latest Japanese and English language scholarship, this volume highlights Japan's distinctive and fast-changing history.

Asian Firms Frank B. Tipton, 2008-01-01 This book appeals to a wide range of readers who might be interested in the historical development of Asian economies, evolutionary trajectories of Asian firms, institutional change and dynamics in Asia, and management and organization of Asian firms. For readers who are interested in specific Asian economies, this book will also be useful because it provides a comparative perspective that examines different Asian economies and their forms in a single work. Henry Wai-chung Yeung, National University of Singapore. Tipton provides a fresh approach to understand how Asian firms differ from their western counterparts. Paul Beamish, University of Western Ontario, Canada. Frank Tipton's book is a comparative study of the management structures of Asian firms. As Asian economies continue to expand, the management of Asian firms becomes ever more important, whether they are suppliers, customers, partners, or rivals. As the author argues, Asian firms are very different from their Western counterparts, and these differences reflect the variations in national history and institutions within which they operate. **Asian Firms** compares Chinese, Japanese, Korean, and Southeast Asian management structures and sets them in their historical and institutional context. Based on a wide range of interviews and material drawn from a variety of disciplines, the argument is framed by the sayings of the legendary strategist Sun Tzu and the renowned businessman Tao Zhu-gong. A series of case studies illustrate the strengths

and weaknesses of the approaches of managers in each of the national traditions Asian Firms asks in each case what Western managers can learn from Asian firms and what Asian firms can learn from each other With a multidisciplinary approach and emphasis on practical lessons and tools the book will be of great use and interest for managers It will also appeal to students and researchers of international business postgraduate management students in courses with a comparative or Asian emphasis as well as academics and researchers of Asian studies *Limitless Supply: New Economy In The Digital Era*

Chunsheng Zhou,Xiuhai Hu,2022-04-08 Scarcity hypothesis is the cornerstone of traditional economic theory However in the digital era new products such as Windows Android and Wechat have been introduced to the market Traditional economic theory may not be able to explain various new economic phenomena in the digital era This book creatively proposes the concept of limitless supply and then discusses its implications for economy at both macro and micro levels It analyses and summarizes the basic features of limitless supply products and compares the differences and similarities of how limited supply and limitless supply products are manufactured and marketed The book also provides reasons for why manufacturers of limitless supply products create intangible assets It argues that the scale of an enterprise producing limitless supply products depends on the number of users whereas the scale of an enterprise producing limited supply products depends on the production capacity This book is mainly written to construct a preliminary simple yet relatively comprehensive economic theory framework for limitless supply and to interpret the phenomena and corporate behaviour It further explores how enterprises providing limitless supply products grow financially It also proposes the fundamental difference in growth models between enterprises providing limitless supply products and those providing limited supply products The book also looks at how growth models can achieve fission growth **The Structure of the Japanese Economy** Mitsuaki Okabe,2016-07-14

This book illuminates the characteristics of the Japanese economy comprehensively and analyses how and why they have been changing The contributors to this fifteen paper volume are internationally known and leading researchers of the Japanese economy Following the overview chapter the book covers such areas as the Japanese firm the labour market consumption and saving patterns financial markets macroeconomic policies and international economic relations *A New Era* Dexu He,Chaoyang Wang,2018-08-30 This book collects the work of leading Chinese economists sociologists and political scientists as China enters a pivotal phase of development as well as a new five year plan Scholars from China's leading institutions and think tanks explore global economic trade patterns regional imbalances environmental pollution rural urban disputes and much more This book will be of interest to scholars economists and think tank researchers **Forty Years of Renovating the Income Distribution in China** Heng Quan,2021-02-15 This book focuses on an attractive theoretical subject as well as a practical issue which analyses the inner relationship of economic growth and income distribution in China During the forty years of China's reform and opening up many influential changes occurred in the structure of the national income distribution the mechanism of income distribution and the policies of distributing income with the high

speed development of China From historical and regional analysis this book collects a good deal of data and objectively summarizes the practice and experience of renovation of income distribution in China Based upon the summary and conclusion above the book paraphrases and creates a conceptual mechanism a basic theory and a basic methodology of socialism with Chinese characteristics and discovers the internal rules of the changing relationship between high speed economic development and income distribution in China to guide and facilitate the further improvement and innovative development of income distribution in China Furthermore the book enriches the political economy theory of socialism with Chinese characteristics in the aspect of practical experience as well as theory Japan since 1945 Dennis Smith,1995-08-07 Few historians have attempted an account of Japan since 1945 yet the country s emergence as the second largest economy in the world has been one of the most dramatic and significant developments since the Second World War Dennis Smith s work takes a deliberately historical approach in the belief that it is impossible to assess the nature of post war Japan s achievement without first considering the significance of the pre war and wartime legacy It blends politics and economics aware that in Japan the close links between the worlds of politics government and of business deny rigid divisions The Economics of Global Turbulence Robert Brenner,2006-08-17 A commanding survey of the world economy from 1950 to the present from the author of the acclaimed *The Boom and the Bubble* *The Other Japan* Joe Moore,1997 The analyses and literary portraits in this text elucidate the existing realities of Japan s postwar history They address in chronological fashion major social environmental and feminist issues and conflicts that have attended to Japan s postwar economic miracle

Handbook on the International Political Economy of China Ka Zeng,2019 This book examines the processes evolution and consequences of China s rapid integration into the global economy Through analyses of Beijing s international economic engagement in areas such as trade investment finance sustainable development and global economic governance it highlights the forces shaping China s increasingly prominent role in the global economic arena Chapters explore China s behavior in global economic governance the interests and motivations underlying China s international economic initiatives and the influence of politics including both domestic politics and foreign relations on the country s global economic footprint

Facing the Era of Great Transformation Wu Jinglian,2021-03-31 This book collects essays from Chinese economic sage who was the mastermind of the reform and opening and persistent champion of market driven development In the essays he outlines his vision of the systemic reform needed for today s China from rule of law to completion of the market system and reform of state owned enterprises Dr Wu s thoughts are always of interest but at this pivotal moment of Chinese economic recalibration his views will be of more value than ever to scholars economists journalists and those in civil society *Japan's Long Stagnation, Deflation, and Abenomics* Kenji Aramaki,2019-02-07 This book examines the struggles of the Japanese economy over the last 30 years analyzing in detail the formation of the huge economic bubble in the 1980s its collapse at the beginning of the 1990s and subsequent two decade long economic stagnation and chronic deflation with the aim of

identifying the mechanism of such processes and drawing lessons for future economic policy management The book also assesses the comprehensive policy efforts called Abenomics under the current Abe administration As Abe continues into a new term this book will be of interest to Japan scholars economists and policymakers around the world particularly in Asia

Capital as Will and Imagination Mark Metzler, 2013-04-09 With this book Mark Metzler continues his investigation into the economic history of twentieth century Japan that he began in *Lever of Empire* In *Capital as Will and Imagination* he focuses on the successful stabilization of Japanese capitalism after the Second World War How did a defeated and heavily damaged nation manage reconstruction so rapidly What economic beliefs resulted in the miracle years of high speed economic growth Metzler argues that the inflationary creation of credit was key to Japan's postwar success and its eventual demise due to its instability over the long term To prove his case Metzler explores heterodox ideas about economic life in particular Joseph Schumpeter's realization that inflation is intrinsic to capitalist development Schumpeter's ideas widely ignored within standard American neoclassical economic theory were shaped by his experience of Austria's reconstruction after 1918 They were highly influential in Japan and Metzler traces their impact in the period from the Allied Occupation starting in 1945 through the Income Doubling Plan of 1960 Japan after defeat Metzler argues illustrates the critical importance of inflationary credit creation for increased production

The Dynamics of Interfirm Relationships Yongdo Kim, 2015-11-27 The goal of this path breaking volume is to relativize the experience of Japanese industries in terms of both location and time exploring its similarities and differences with other countries and its unique relationship with the global standard of company performance set by US firms Yongdo Kim looks beyond organizational principles overturns stereotypes and covers a wide range of industries In particular this book focuses on the intertwining of the market principle and the organizational principle in interfirm relationships among the steel machine tool integrated circuit and liquid crystal display materials industries concluding that there is no such thing as Japanese uniqueness in the history of interfirm relationships This book compares several intermediate product industries within a global context to offer insights into the studies of businesses across the globe Numerous interviews with key individuals in the Japanese steel integrated circuit and machine tool industries offer unique and illuminating information This analysis covers a broad range of firms by examining the relationships within large companies as well as smaller corporations This fresh and varied analysis is a critical resource for both business practitioners and scholars of business history business strategy industrial marketing product development management and economic history

America and the Japanese Miracle Aaron Forsberg, 2003-06-19 In this book Aaron Forsberg presents an arresting account of Japan's postwar economic resurgence in a world polarized by the Cold War His fresh interpretation highlights the many connections between Japan's economic revival and changes that occurred in the wider world during the 1950s Drawing on a wealth of recently released American British and Japanese archival records Forsberg demonstrates that American Cold War strategy and the US commitment to liberal trade played a central role in

promoting Japanese economic welfare and in forging the economic relationship between Japan and the United States The price of economic opportunity and interdependence however was a strong undercurrent of mutual frustration as patterns of conflict and compromise over trade investment and relations with China continued to characterize the postwar U S Japanese relationship Forsberg s emphasis on the dynamic interaction of Cold War strategy the business environment and Japanese development challenges revisionist interpretations of Japan s success In exploring the complex origins of the U S led international economy that has outlasted the Cold War Forsberg refutes the claim that the U S government sacrificed American commercial interests in favor of its military partnership with Japan **A Nation of a Hundred Million Idiots?**

Jayson Makoto Chun,2006-12-06 In a comparatively short period the television industry helped to reconstruct not only postwar Japanese popular culture but also the Japanese social and political landscape This book offers a history of Japanese television audiences and the popular media culture that television helped to spawn *The Boom and the Bubble* Robert Brenner,2020-05-05 A sustained period of significant growth in the US however seemed to save the day against all the odds So impressive was the surface appearance of this rescue mission that all manner of commentators proclaimed once again that a new economy or new paradigm of unlimited and harmonious growth had been forged Today as recession looms the babble about Internet start ups is exposed as vapid Yet the pundits are no nearer an understanding of how or why the boom turned into a bubble or why the bubble has burst In this crisp and forensic book Robert Brenner demonstrates that the boom was always a fragile phenomenon buoyed up by absurd levels of debt and stock market overvaluation which never broke free from the fundamental malady of overcapacity and overproduction which continues to afflict the global economy Carefully dismantling the myths and hype that surround the US boom in terms of profitability investment and productivity Brenner restores the properly international context to the process He portrays the zero sum character of the American success which presupposed the relative weakness of its main German and Japanese competitors a strategy that has laid huge obstacles in the path of a soft landing to end the current phase of growth A substantial new Postscript provides an up to date analysis of the Bush economic debacle the crisis of manufacturing the telecom bust the record twin deficits plummeting employment and the real estate bubble

The Era Of High Speed Growth: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. The Era Of High Speed Growth : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Era Of High Speed Growth : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
