The Gospel of St. John Rudolf Steiner, 1984-05 12 lectures Hamburg May 5 31 1908 CW 103 During Pentecost 1908 seven years after he had given the world his book Christianity As Mystical Fact and the first intimation of the consequences of his Christ experience Rudolf Steiner began his great work of renewing humanity s understanding of the Mystery of Golgotha and its meaning for human and earthly evolution Accordingly he turned to the deepest most spiritual of the Gospels that of the initiate St John In this lecture course readers will find that the incarnation death and resurrection of the Divine Word or Logos reveals the mission of the Earth Love We learn of the mysteries behind Lazarus resurrection the I AM sayings and the seven degrees of initiation We come to understand that the Gospel of St John is a continuing spiritual presence to be recalled meditated and permeated with one s own life In doing so we realized that our purpose and that of all humankind is to become the Virgin Sophia a receptacle for the Holy Spirit All of Steiner s work as Marie Steiner writes in her introduction was to pave the way to Christ Indeed at the conclusion of these lectures Rudolf Steiner said It will come to be understood that Christianity is only beginning its influence and will fulfill its real mission only when it is understood in its true spiritual form The more these lectures are understood in this sense the better they will be understood as they were intended This volume is essential if one is to truly understand Rudolf Steiner s understanding of esoteric Christianity and its place in the world today and in the future This volume is a translation of Das Johannes Evangelium GA 103 **The Gospel According to Saint Matthew** Michael Ferrebee Sadler, 1890 **The Gospel According to St. Matthew, with Notes Critical and Practical** Michael Ferrebee Sadler, 1895 Becoming Fully Human Rudolf Steiner, 2022-05-20 6 lectures at The Hague April 7 12

1922 A written report by Rudolf Steiner on the course CW 82 There is no contradiction if you look into the matter correctly between destiny and freedom However in order to be able to present the concept of destiny to the world later on it was first necessary that the concept of freedom be presented in the book *The Philosophy of Freedom* Rudolf Steiner lect 6 Published here for the first time in English these six public lectures are among Rudolf Steiner's most inspired and inspiring explorations of Anthroposophy as a true science of the spirit Our age provides abundant explanations of the universe its nature and evolution But underlying most scientific modalities is a passive engagement with self and world a taking for granted of the faculty of thinking and as a result an indifferent arranging of phenomena through logical inference But the question remains What is thinking A product of chemical processes in the brain or a spiritual activity through which we become participants in a spiritual cosmos This is Steiner's starting point in all his work He aims to cast off the unnecessary limits imposed on knowledge by a science that fails to examine its most fundamental epistemological premises The lectures here are a remarkable contribution to this lifelong project a compelling eloquent insightful study and affirmation of our very humanness Speaking to a youthful academic audience Steiner does not confine himself to the arbitrary delineations of codified academic disciplines on the contrary he breaks down barriers builds bridges envisions a future academy in which the paths of knowledge are broadened through a genuine science of initiation to encompass our role as members and ultimately co creators of the physical soul and spiritual universe Those who seek to prove something show through the very fact that they seek to prove it that for them what must be proved is not readily perceptible We actually seek to prove something whenever we have no direct perception of it When in older instinctive cognition people had a perception of what they called the divine being they did not need proofs Historically the proofs for the existence of God began only when the perception was lost Evidence is required wherever there is no perception Rudolf Steiner lect 6 This volume is a translation from German of *Damit der Mensch ganz Mensch werde Die Bedeutung der Anthroposophie im Geistesleben der Gegenwart* GA 82 2nd ed Rudolf Steiner Verlag Dornach Switzerland 1994 Cover image *The Golden Cell* by Odilon Redon 1892 Oil and colored chalks with gold 30 1 cm x 24 7 cm The British Museum London *The Redemption of Religion* Charles Gardner, 1919 **The Reappearance of Christ in the Etheric** Rudolf Steiner, 2022-03-01 Since the coming of Gautama Buddha Eastern mystics have spoken especially about a future condition when earth will be bathed in a moral etheric atmosphere Ever since the time of the ancient rishis they had hoped that this moral impulse would come to earth from Vishva Karman or from Ahura Mazda as Zarathustra proclaimed Eastern mysticism foresaw that this moral atmosphere would come to earth from the being we call the Christ Eastern mystics had set their hopes on the being of Christ Rudolf Steiner p 125 The first chapter of the Acts of the Apostles describes Christ's Ascension and a cloud received him out of their sight As the disciples were looking up two angels appeared and said the same Jesus taken up from you into heaven shall come again in the same way as you have seen him go Starting in 1910 Rudolf Steiner initiated a series of lectures announcing the advent of Christ's appearance in the sphere of

the earth's etheric or life body This he said would begin between 1930 and 1940 but at first only a few people would be aware of it In time more and more people regardless of their religious affiliation would be infused by Christ's living presence Such Damascus experiences bespeaking a new natural clairvoyance Steiner said would become increasingly common The Christ will become a living comforter Though it may seem strange now it is nevertheless true that even large numbers of people sitting together and wondering what to do will see the etheric Christ He will be there and confer with them he will cast his word into their gathering We are approaching these times when this positive constructive element will take hold of human evolution Rudolf Steiner p 122 The lectures collected here on the second coming of Christ also contain significant related issues such as spiritual science and etheric vision the etheric vision of the future the Sermon on the Mount and the land of Shambhala the etherization of the blood the mysteries of comets and the moon Buddhism and Pauline Christianity and the three realms between death and rebirth **The O.E. Library Critic**, 1911 [The Gospel according to st. Matthew, with notes, by M.F. Sadler](#) Matthew (st), 1882 **The Authenticity, Character, and Purpose of the Fourth Gospel** Frederic Thomas Dalton, 1879 **Communicating Anthroposophy** Rudolf Steiner, Rory Bradley, 2015-10-15 12 lectures and a question and answer session Stuttgart Jan 1 2 and Feb 12 17 1921 CW 338 From time to time reading Rudolf Steiner's Collected Works one encounters a previously unknown set of lectures that seems to promise no more than a rather specialized content of interest primarily to those concerned with its apparent theme here a preparatory course for those about to embark on a speaking tour to promote the threefolding of society Then one discovers various subthemes that unexpectedly spark new insights not only into Anthroposophy but also into Steiner himself who suddenly appears in a new light In such cases we may encounter a passage or lecture that illuminates challenges and ultimately transforms what we think we know and our perspective changes Our habitual understanding falls away and we grasp that what we are reading is not information or description it is a call to act in a new way Thereby we are no longer simply readers but also participants in the adventure of Anthroposophy Here are two lectures given in Stuttgart January 1921 at the request of and to anthroposophists from Breslau in Upper Silesia who had written for guidance in a last ditch attempt to interject threefold ideas into the political discussions surrounding the upcoming referendum to determine whether Upper Silesia would remain part of Germany or revert to Poland Ten lectures were given about a month later aimed to prepare speakers to travel around Germany to promote the idea of threefolding Knowing that their task would not be easy that it would be risky and even dangerous Steiner paints the big picture the deep ground from which they were called to make their case Reading these lectures we come to realize that everything Steiner enjoins and the way he does so applies to a much greater field than what he is explicitly addressing The participants who would be going out to speak were doing so as representatives of Anthroposophy When they speak of threefolding it would be as only one manifestation of what living Anthroposophy can be As such they must themselves become living manifestations of Anthroposophy From this point of view this course could also

The Four Gospels Christoph Rau, 2024-04-16 When a theologian speaks of the widespread misconception nowadays that faith is an intellectual holding of what is possible they underpin a wretched reduction of faith Since the interest of New Testament studies shifted to philosophical details the word of the Bible was treated intellectually thus shaking the foundation of faith in many people Christoph Rau Could a deeper cause of today's myriad human troubles be related to a dwindling or even nonexistent familiarity with the four New Testament Gospels of Matthew Mark Luke and John This is the view of Christoph Rau for whom today's prevailing approach to theological research which treats the ancient religious texts more as literary products than authentic records of spiritual experience is if anything a contributing factor in our modern alienation from the spirit In this book Rau presents the results of five decades of research demonstrating the independent structure of each of the four canonical Gospels Through clear analyses he illumines the distinctive stylistic features of each composition revealing the design principles through which the meaning and goal of each Gospel can be understood Beyond the intrinsic value of each Gospel the author draws on their special features to explain how the spiritual richness of the four written works is fully revealed only by considering the pre-Christian religions because each of the evangelists describes the incarnation of the Son of God from the perspective of his own mystery religion Furthermore the author succeeds in showing that the Gospels despite their seeming contradictions are elements of a common organism This book is a translation from German of *Die Vier um den Einen Wesensart und spiritueller Hintergrund der Evangelien* Verlag Dr Dieter Winkler 2008
