### **Currents in the Interpretation of Paul Neil**

Elliott,2024-09-05 The apostle Paul has long been championed or criticized as a Christian thinker as a brilliant theological genius or an enthusiastic convert who spun arguments to justify his new allegiances In these essays Neil Elliott engages some of the most provocative currents in contemporary scholarship including Paul and the nature of violence the presumptions of religious cultural or national innocence in particular interpretations of the apostle the recent enthusiasm for Paul in some streams of Marxist thought competing construals of economic realities in Paul's day and our own and questions surrounding Paul's legacy today

*T&T Clark Handbook of Sacraments and Sacramentality* Martha Moore-Keish,James Farwell,2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord's Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory comparative theology and disability studies

*The Sacraments* Joseph Martos,2009-08-01

What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see [www.TheSacraments.org](http://www.TheSacraments.org)

*Prophetic Liturgy* Tercio Junker,2014-02-07 The primary purpose of Prophetic Liturgy is to inquire into the prophetic dimension of the liturgy Some questions addressed in the book are How

can a liturgy be prophetic How can liturgy form and transform individuals and communities In which sense does the liturgy facilitate a living participation in socio political economic life How does the sacramental practice challenge the church to mediate God s gifts of grace love justice and mercy to the world Possible answers for these questions begin to emerge as we develop an understanding of religious praxis as an active and dynamic prophetic action in which the community of faith claims its identity promotes an engaged faithful Christian life and affirms the sacramental life of the church as a source of formation and inspiration for prophetic praxis mediating God s gift for the life of the world There is risk in presenting an option for prophetic praxis in that it may go beyond the comfort zone of a community and engender spiritual and political alienation The most challenging ethical hope of this book is to provide the worshipping community with prophetic awareness of socio economic injustice while at the same time preserving the community s historical cultural identity its religious values and its sacramental spirituality

The Meal That Reconnects Mary E. McGann, 2020-03-03 2021 Catholic Media Association Award first place award in Catholic Social Teaching In The Meal That Reconnects Dr Mary McGann RSCJ invites readers to a more profound appreciation of the sacredness of eating the planetary interdependence that food and the sharing of food entails and the destructiveness of the industrial food system that is supplying food to tables globally She presents the food crisis as a spiritual crisis a call to rediscover the theological ecological and spiritual significance of eating and to probe its challenge to Christian eucharistic practice Drawing on the origins of Eucharist in Jesus s meal fellowship and the worship of early Christians McGann invites communities to reclaim the foundational meal character of eucharistic celebration while offering pertinent strategies for this renewal

**Ecological Footprints** Dawn M. Nothwehr, 2012-11-01 The Franciscan Vision offers a powerful antidote to the moral malaise that prevents ordinary Christians from making the necessary choices to live more simply and share the world s goods more equitably This is the driving conviction behind Ecological Footprints Dawn M Nothwehr unfolds the theological spiritual and ethical treasure trove of Christianity especially as it has been developed and lived in Franciscan theology and tradition as it relates to our efforts to achieve sustainable living She succeeds admirably in presenting it all in a style that makes this book both accessible and compelling to no specialist readers

**Redeeming a Prison Society** Amy Levad, 2014 The United States criminal justice system is in a state of crisis from unprecedented rates of imprisonment and recidivism to the privatization of the prison system and the disproportionate representation of particular racial ethnic social and economic groups all of which is within a larger social justice context Catholics and Protestants have largely failed to offer vital theological responses Amy Levad offers a Catholic perspective that directly addresses the concrete issues from a strongly interdisciplinary approach and utilizes the rich liturgical and sacramental resources of penance and Eucharist to offer a theological vision of reform

Lifting the Burden Brendan J. Byrne, 2004 Matthew s Gospel and Judaism Jesus origins and childhood Jesus Public Ministry Ministry in Galilee Teacher and Interpreter of the Torah Healer and Reconciler Twelve apostles Parables Messiah s ministry in Jerusalem The Church on

mission to the nations      *Violence, Hospitality, and the Cross* Hans Boersma, 2006-04 Offers a new model for understanding the atonement sensitive to both the Christian tradition and its postmodern critics      **New Horizons in Theology** Terrence W. Tilley, 2015-03-04 To celebrate the fiftieth anniversary of the College Theology Society these original essays explore how theology has changed over the previous fifty years theological concerns on the horizon today and approaches to teaching theology appropriate for the twenty first century Contributors Elizabeth A Johnson Joseph A Komonchak Norbert Rigali J Matthew Ashley Elizabeth T Groppe Michael Horace Barnes Steven R Harmon Colleen M Mallon Anne M Clifford Sally Kenel Randall Jay Woodard Sandra Yocum Mize Mary Ann Hinsdale Miguel H Diaz James A Donahue Suzanne C Toton Ismael Muvungi      *Christ Divided* Katie Walker Grimes, 2017-11-01 Bringing the wisdom of generations of black Catholics into conversation with contemporary scholarly accounts of racism *Christ Divided* diagnoses antiblackness supremacy as a corporate vice that inhabits the body of Christ To truly understand racial inequality theologians must acknowledge the existence of antiblackness supremacy and recognize its uniquely foundational role in prevailing processes of racialization and racial hierarchy In addition to introducing a new framework of racial analysis this book proposes a new approach to virtue ethics Because the church's participation in and performance of white supremacy occurs as a result of corporate habituation the church most needs new habits not new teachings The theory of corporate virtue outlined here provides a framework through which to evaluate these habits and propose new ones to be made to do the right thing      **The Eucharistic Spirit** Florian M. P. Simatupang, 2025-03-27 What sort of experience of grace does the Holy Spirit give Pentecostals when they celebrate the Eucharist This book aims to answer that question by investigating Holy Communion through a Pentecostal spirituality framework and process known as search encounter transformation Doing so enriches the theology and spirituality of Pentecostalism and broadens its understanding of the journey of salvation The author argues that the invocation of the Spirit in the Eucharist the epiclesis grants the church a pneumatological imagination enabling it to properly remember the anamnesis the work of Christ The outcome of remembering will be to see the Eucharist as a meal of solidarity and justice a meal that manages the hunger of the world a meal that offers healing a meal for missional nourishment a meal reorienting eschatology by providing a preview of the restoration of all things apokatastasis in the wedding supper of the Lamb Ultimately this book encourages Pentecostals to desire a weekly celebration of the Eucharist in order to become truly Pentecostal      *Globalization, Spirituality, and Justice Revised Edition* Daniel G. Groody, 2015-10-15 A theological reading of globalization and a global reading of theology This book offers a rigorously critical and yet inspiring vision of justice as an integral part of Christian spirituality in our complex globalized world At the same time Daniel Groody's analysis draws on the conviction that faith and spirituality have an integral role in the struggle to achieve a more just social order

*Reinterpreting the Eucharist* Anne F. Elvey, Carol Hogan, Kim Power, Claire Renkin, 2014-10-14 The Eucharist continues to be central to contemporary Christian religious tradition and to be the focus for a wide range of assumptions and disputes

Chief amongst these disputes is the role of women in the theology and the ritual of the Eucharist Reinterpreting the Eucharist brings together a diverse range of voices with each using their own marginalized experience to explore other ways indigenous culture medieval and contemporary art social history and environmental ethics of engaging with the Eucharist Presenting new forms of theological and ethical engagement the book responds to the challenge of reconsidering the meaning of the Eucharist today
