The Eucharistic Memorial (2 Vols.) Max Thurian,1962

**The Eucharist's Biographer** Albert J.D. Walsh,2012-11-06

Christians are not just called to be transformed into something better or even good but to be transfigured into a new creation ceasing to be what they are in order to become what they are not In *The Eucharist's Biographer* Albert Walsh proposes that the path to this distinctive Christian identity is through the power of the Holy Spirit as revealed in the unity of Word and Sacrament With this premise he unites two powerful traditions the Proclamation of the Word of the Protestant tradition and the Power of God's Grace in the Eucharist of the Roman Catholic and Eastern Orthodox traditions It is in what Walsh calls the eucharistic evangel as a whole that the individual and community are subject to the real presence of the Christ who in the power of the Holy Spirit is the force behind the transformation and maintenance of Christian identity *A South African*

*Perspective on the New Testament* Jacobus H. Petzer,Patrick J. Hartin,1986 The Eucharistic Prayer Barry

Hudock,2010-10-01 We somehow think that during the eucharistic prayer at Mass we are expected to be quiet prayerful and attentive if we can be with our children or other neighbors in the pews distracting us In this inviting book Barry Hudock shows us that the eucharistic prayer is indeed the most dynamic and explosive moment of Christian worship in fact of Christian life Hudock takes us back to the beginnings of formal eucharistic worship in the early church then forward to Vatican II and beyond unpacking and exploring the eucharistic prayers old and new in words and concepts accessible to all of us He also offers us as the fruit of the journey a set of points for a eucharistic prayer spirituality to prepare us for the explosion into life that is the whole purpose of our being *A South African Perspective on the New Testament* J. H.

Hartin,P. J. Petzer,2023-10-16

**The Sacraments** Ross Thompson,2006 Provides a grounding in the historical

development of the Sacraments from the Old Testament through to modern day thinking General ideas of sacraments and ritual are covered as well as Old Testament practices the response of Jesus and the Early Church The Publishers' Trade List Annual ,1975

**Christian Celebration:The Mass** J.D. Crichton,1993-01-01 This text covers changes in the Mass since publication in 1971 including the 1985 reprint revisions notably Eucharistic Prayers and Eucharistic Prayers from Masses with children It also describes the rites of the Church in the context of their theological and historical background and in relation to pastoral practice It is aimed at theology students students on liturgy courses especially those following the syllabus for liturgical formation issued by the Liturgy Office and all those seeking a deeper understanding of the Mass

**The Sacraments in Biblical Perspective** Ronald P. Byars,2011-01-01 The third volume in the exciting new Interpretation series offers a comprehensive look at the theology of sacraments For many church people worship is about preaching and music Baptism and the Lord's Supper are occasional additions to Sunday services Recognizing that churchgoers are uncertain about the need for sacraments Ronald Byars describes the possibility that the very doing of worship the actions observed the postures assumed the sound and sight of water the smell and taste of bread and wine will subtly alter

the temper of the heart and the mind If we encounter the sacraments honestly they lead us to the very heart of the gospel

**Bread from Heaven** Bernhard Blankenhorn, 2021-08-07 Bread from Heaven offers a contemporary theological synthesis on the Eucharist that brings together classical and critical biblical exegesis debates on the early history of the Christian liturgy patristic doctrine the teachings offered by the Councils of Florence Trent and Vatican II and the Church's lex orandi all within a framework provided by the Eucharistic theology of Thomas Aquinas The volume begins with Christ's Bread of Life discourse in John 6 in light of the Old Testament theme of the manna and the Synoptic accounts of the Last Supper These biblical texts offer solid foundation for a theology of Eucharistic sacrifice presence and Communion It then continues with a historical and systematic study of the institution of the Eucharist by Christ with special attention given to the emergence of the first Eucharistic prayers Then follows a survey of key Christological and ecclesiological themes which undergird Eucharistic theology The chapters on Eucharistic sacrifice and presence form the heart of the work Here the focus moves to key conciliar patristic and Thomistic insights on these themes Bread from Heaven clarifies misunderstandings of Eucharistic sacrifice and renders transubstantiation accessible to beginners Blankenhorn concludes with a study of the consecration the minister of the Eucharist and the fruits of communion The chapter on the debate over the words of institution and the epiclesis gives a fresh perspective that integrates both eastern and western tradition The study of the Eucharistic celebrant strikes a balance between a spirituality of the priest as acting in persona Christi and of the priest as praying in persona ecclesiae The concluding chapter centers on the Eucharist's unitive mystical fruits in the Church This textbook is ideal for an advanced undergraduate or graduate course on Eucharistic theology It also seeks to advance the debate on several controversial historical and speculative issues in sacramental theology Until Justice and Peace Embrace Nicholas

Wolterstorff, 1983 Analyzes the structure of the modern social order and examines the Christian's proper goals of working for peace and justice *John Chrysostom, Theologian of the Eucharist* Kenneth J. Howell, 2024-06 Despite the fact that John

Chrysostom wrote more on the Eucharist than any other Greek Church Father there has never been a full treatment of his doctrine in English In this book Kenneth Howell brings together a wide array of sources from which he develops a many-sided portrait of Chrysostom's eucharistic thought While the Antiochene preacher assumed the real presence and the sacrificial nature of the Eucharist he focused more on the moral and spiritual implications of communion At the root of his theology lies the conviction that the Eucharist with its home in the liturgy is the extension of Christ's incarnate life through space and time All that Christ accomplished in his life death and resurrection is present and available to the communing Christian who stands in union with the angelic hosts in the liturgy of the church John's preaching at times reaches encomiastic proportions as he never tires of praising the benefits and power of the Eucharist and he deftly applies the sacrament to the struggle of virtue and vice as he explores both the invitation and the obstacles to communion Among the moral implications of the Eucharist John seems to distinguish well between sins arising from human weakness versus

malicious dispositions freely chosen He is especially keen to exhort his hearers to lay aside the remembrance of evil mnesikakia done to them in their past lives Humility and forbearance are two essential virtues in arriving at forgiveness of past injuries And lack of forgiveness is like greed in that both constitute a turn in on oneself The Eucharist demands love of neighbor and active ministry to the less fortunate of the world For John God is interested in golden souls more than golden chalices

The Eucharist: Mystery of Presence, Sacrifice, and Communion Lawrence Feingold, 2018-04-01 The Eucharist Mystery of Presence Sacrifice and Communion explores the three ends of the Sacrament of Sacraments God's true presence His redemptive sacrifice and spiritual nourishment through communion with Him In this follow up to his groundbreaking work Faith Comes From What Is Heard Lawrence Feingold constructs a biblical vision of the Eucharist from its prefigurement in the Old Testament to its fulfillment in the New and presents the Eucharistic theology of the Church Fathers St Thomas Aquinas and magisterial teaching from centuries past through today The Eucharist is a masterful text both challenging and spiritually rich that comprehensively examines the unspeakable mystery that is the Eucharist

**The Active Participation of the Faithful in the Eucharist on the Basis of Common Priesthood** Stella Adamma Nneji, 2018-06-15 One of the significant points of the Second Vatican Council is its emphasis on the status of the lay faithful in the church which includes active participation in the life of faith The council spoke of the active participation of all the faithful in liturgical celebrations on the basis of the common priesthood of the faithful which is conferred during baptism and through which every believer shares in the priestly kingly and prophetic offices of Christ In this book Stella Nneji develops an ecclesiological critical reflection on the teaching of the Second Vatican Council with regard to active participation Focusing especially on the church as people of God Nneji shows how the idea of participation is not merely a passive action but an active one Based on the ecclesiological reflection on the church as people of God and its relevance for active participation she maintains that Vatican II's vision on active participation is relevant to the upbuilding of the body of Christ church This vision integrates a critical thinking especially regarding those places where the implementation of Vatican II's teachings seems difficult

**The Eucharist in Bible and Liturgy** G. D. Kilpatrick, 1983 The book will be of interest to ministers of religion and students of theology

*Church as Communion* Philip Kariatlis, 2020-03-20 This book innovatively explores the notion of koinonia for understanding the nature and function of the Church Since the Scriptures assert that the Church is the Church of God God's communal mode of existence is looked at namely God who is a communion of three hypostases relating to one another in an interpenetrating koinonia of infinite love as a way of understanding the very being of the church as communion Such a notion of koinonia far from having anything to do with socio political understandings suggests that it is a foundational gift bestowed from above to the world as the solution par excellence to the impasse of isolationism More often than not however such an ecclesiology of communion has not taken seriously the historical reality of the Church living within the fallen world along with its ceaseless temptations divisions and even sins in history In this way it becomes apparent that a dialectic needs to be

acknowledged in the notion of communion as both foundational gift from God and yet one still to be fully realised Accordingly this work shows that the Church is not only as the gift of God s miraculous presence here on earth The Church is also constantly striving to exist epiclestically until such time as it will fully experience the final consummation in Gods eschatological kingdom An examination of this double dimensionality of the Church is undertaken in order to assess if this is in line with the Scriptural witness of the ekklesia Having established the gift goal dialectic in the notion of koinonia in the New Testament Church the study then traces the trajectory of this dynamic approach to koinonia in the Churchs worship and authoritative structures This promises to cast both a deeper light on and a more realistic solution to ecclesiological problems within the life of the Church today allowing for the Churchs constant renewal **John Calvin, the Church and the**

**Eucharist** Kilian McDonnell, 2015-12-08 Calvin s eucharistic doctrine has been approached in the past from the standpoint of his polemic with the Lutherans and the Zwinglians but Father McDonnell believes that Calvin s primary position was determined by his rejection of Roman Catholicism The author therefore explores Calvin s eucharistic doctrine through a comprehensive analysis of his stand against the Roman Catholic Church Introductory chapters are devoted to the broader currents of pre Reformation thought Scotist tradition devotiomoderna humanism and the Platonic renewal The study continues with a discussion of St Augustine the medieval disputants and the doctrines of Calvin s contemporaries Luther Bucer and Melancthon The final chapter considers the relevancy of Calvin s objections to Catholic eucharistic doctrine and their relation to modern developments in Catholic sacramental thought Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Paperbound Books in Print , 1968 *A New Perspective on the Use of Paul in the Gospel of Mark*

Cameron Evan Ferguson, 2021-03-01 This volume presents a detailed case for the plausible literary dependence of the Gospel of Mark on select letters of the apostle Paul The book argues that Mark and Paul share a gospel narrative that tells the story of the life death resurrection and second coming of Jesus Christ in accordance with the scriptures and it suggests that Mark presumed Paul and his mission to be constitutive episodes of that story It contends that Mark self consciously sought to anticipate the person teachings and mission of Paul by constructing narrative precursors concordant with the eventual teachings of the itinerant apostle a process Ferguson labels Mark s etiological hermeneutic The book focuses in particular on the various re presentations of Christ s death that Paul believed occurred within his communities Christ s death performed in ritual prefigured in scripture and embodied within Paul s person and it argues that these are all seeded within and anticipated by Mark s narrative Through careful argument and detailed analysis *A New Perspective on the Use of Paul in the*

Gospel of Mark makes a substantial contribution to the ongoing debate about the dependence of Mark on Paul. It is key reading for any scholar engaged in that debate and the insights it provides will be of interest to anyone studying the Synoptic Gospels or the epistles of Paul more generally.
