The Eucharistic Prayers Of The Roman Rite:

The Eucharistic Prayers of the Roman Rite Enrico Mazza,1986 This book is a historical theological commentary on the approved postconciliar Eucharistic prayers of the Roman Rite The author Father Enrico Mazza traces each prayer to its root time and gives the reader the cultural theological climate of those times before analyzing the theological principles as translated in the prayers today The Origins of the Eucharistic Prayer Enrico Mazza,1995 In this critical analysis Enrico Mazza concentrates on structure as he traces the evolution of the Eucharistic Prayer anaphora from its origins in the ancient Jewish rites and its Christian beginnings in the Didache He then examines the paleoanaphoras of the early centuries and moves through the origin and progressive development of the larger anaphoric families Alexandrian Roman Antiochene showing the influence of the Jewish rites on the formation of the Christian texts before arriving finally at the classical anaphoras of the fourth century Enrico Mazza is professor of liturgical history at the Universit Cattolica del Sacro Cuore in Milan He is the author of Mystagogy A Theology of Liturgy in the Patristic Ages and Eucharistic Prayers of the Roman Rite

Daly, 2009-04-13 Most ideas of sacrifice even specifically Christian ideas as we saw in the Reformation controversies have something to do with deprivation or destruction But this is not authentic Christian sacrifice Authentic Christian sacrifice and ultimately all true sacrifice whether one is conscious of it or not begins with the self offering of the Father in the gift sending of the Son continues with the loving response of the Son in his humanity and in the Spirit to the Father and for us and finally begins to become real in our world when human beings in the power of the same Spirit that was in Jesus respond to love with love and thus begin to enter into that perfectly loving totally self giving relationship that is the life of the triune God The origins of this are in the Hebrew Bible its revelatory high points in Jesus and Paul and its working out in the life of the Church especially its Eucharistic Prayers Special attention will be paid to the atonement not just because atonement and sacrifice are often synonymous but also because traditional atonement theology is the source of distortions that continue to plague Christian thinking about sacrifice After exploring the possibility of finding a phenomenology of sacrificial atonement in Girardian mimetic theory the book will end with some suggestions on how to communicate its findings to people likely to be put off from the outset by the negative connotations associated with sacrifice <u>Eucharistic Sacramentality in an Ecumenical Context</u> David J. Kennedy, 2008 This book explores the epiclesis or invocation of the Holy Spirit in the Eucharistic prayer using the Anglican tradition as an historical model of a

communion of churches in conscious theological and liturgical dialogue with Christian antiquity Incorporating major studies of England North America and the Indian sub Continent the author includes an exposition of Inter Church ecumenical dialogue and the historic divisions between western and eastern Eucharistic traditions and twentieth century ecumenical endeavour This unique study of the relationship between theology and liturgical text commends a theology and spirituality which celebrates the presence of the Holy Spirit in the Eucharist as present and eschatological gift It thus sets historic contemporary and ecumenical divisions in a new theological context The Eucharistic Prayer at Sunday Mass Richard E. McCarron, 2008-04-28 Down in the valley God asked the prophet Ezekiel a mighty guestion Mortal can these dry bones live Ezekiel 37 3 Today this question is being posed once more to those who are charged with the preparation and celebration of the Sunday liturgy the assembly that celebrates the ministers from within that assembly who prepare and serve and those ordained as priests or bishops who preside We have a come a long way since the early days of the conciliar reform of the liturgy Assemblies respond and sing the word is proclaimed with dignity and reverence careful attention is given to environment and season and all come to the communion table Many assemblies strive to realize fully week after week the vision of the Council that the eucharistic liturgy be seen heard felt and smelt as the summit toward which the activity of the church is directed the source from which all its power flows This is critical work if we are utterly convinced that the preeminent manifestation of the church is present in the full active participation of all God's holy people in these liturgical celebrations But many still know liturgical assemblies that are but shadows of who they are called to be and celebrations are slivers of what they could be Many stand at the brink of the valley and behold dry bones And when we come to the eucharistic prayer named the central prayer of the Sunday liturgy we behold very dry bones indeed The guestion is put forth Can these dry bones live We have come to realize that liturgy is something people do something people live The eucharistic prayer is more than its words It is a way of praying and living What lies in the ritual book must be enfleshed when we gather We come together and breathe life into our rituals and their words We can do this because we have first been sealed in the Spirit the one who aids us in our weakness to pray that the very Spirit intercedes with sighs too deep for words Romans 8 26 Approaching the Threshold of Mystery Joris Geldhof, Daniel Minch, Trevor Maine, 2015-09-10 Approaching from Chapter 1 the Threshold of Mystery brings two recently estranged strands of theology back together to explore the same liturgical worlds and to chart theological spaces The editors have assembled a formidable group of scholars from systematic and liturgical theology with the express purpose of examining the mystery of the liturgy with both expert perspectives in mind The result is thirteen essays that return to a more synoptic theology seeing speculative and liturgical approaches as united together for a common purpose and ultimately approaching the same mysterious sacred reality In today s fragmented world this approach is sorely needed and although many postmodern authors point out the need for healing this division this volume actually attempts to bridge the disciplinary divide by placing specialists within the same prayerful space oriented

towards something greater than what is merely enacted in human words and deeds **Christus Vincit** Bishop Athanasius Schneider, 2019-09-29 In this absorbing interview Bishop Athanasius Schneider offers a candid incisive examination of controversies raging in the Church and the most pressing issues of our times providing clarity and hope for beleaguered Catholics He addresses such topics as widespread doctrinal confusion the limits of papal authority the documents of Vatican II the Society of St Pius X anti Christian ideologies and political threats the third secret of Fatima the traditional Roman rite and the Amazon Synod among many others Like his fourth century patron St Athanasius the Great Bishop Schneider says things that others won t fearlessly following St Paul's advice Preach the word be urgent in season and out of season convince rebuke and exhort be unfailing in patience and in teaching 2 Tim 4 2 His insights into the challenges facing Christ's flock today are essential reading for those who are or wish to be alert to the signs of the times Reminiscent of The Ratzinger Report of 1985 Christus Vincit will be a key point of reference for years to come Eucharistic Presence Robert Sokolowski,1994 In this insightful interdisciplinary study Robert Sokolowski uses the methods of phenomenology to examine Christian religious beliefs particularly the sacrament of the Eucharist In so doing he comes to terms with many theological and cultural issues raised by modernity Although the Eucharist is the center of focus other issues in Christian faith are also examined such as the Christian understanding of God Creation the Incarnation Redemption and biblical Revelation Sokolowski employs a method that he calls the theology of disclosure which studies the structures of appearance and should be distinguished from both positive and scholastic theology He takes appearances as objective disclosures not as mere psychological events When discussing the Eucharist he shows how it uses the form of quotation and how it draws on various temporal dimensions of human existence as it reenacts the sacrifice of Christ before the eternal Father The author also considers how Christian belief differs from other forms of religion and from modern atheism By demonstrating how the Christian understanding of God differs from other ways of understanding the divine he attempts to show that Christianity is not simply one religion among many but the truth of religion These deeper themes are explored as necessary contexts for the Eucharist which could not be properly understood except against the background of the Christian understanding of God as eternal and as Creator and Redeemer The author provides a comprehensive theological treatment of major issues in Christian faith and does so with categories that are appropriate to our present intellectual and cultural world This study which draws upon the work of many classical and contemporary theologians especially Hans Urs von Balthasar contributes significantly to speculative theology and to Eucharistic studies It will be of great use to theologians and philosophers as well as to students of Christian philosophy and sacramental theology Robert Sokolowski a priest of the Archdiocese of Hartford has taught philosophy at The Catholic University of America since 1963 He has written six books and numerous articles dealing with phenomenology philosophy and Christian faith moral philosophy and issues in contemporary science He has been an auxiliary chaplain at Bolling Air Force Base in Washington D C since 1976 and was named monsignor in 1993

Indispensable for graduate and divinity programs with interests in Catholic theology and phenomenology of religions Religious Studies Review Intellectually stimulating The author contributes many insights to the theology of the Eucharist some of which I had never seen before and found enlightening and moving The depth of his scholarship is obvious Rev James T O Connor St Joseph's Seminary New York A careful reading of this profound analysis of the Holy Eucharist will be rewarded with a more fruitful participation at Mass Here we find a modern model of the Catholic theologian who shows us in the concrete how to practice faith seeking understanding Kenneth Baker S J Editor Homiletic and Pastoral Review The Sanctus in the Eucharistic Prayer Bryan D. Spinks, 2002-07-18 A historical investigation into one of the unsolved mysteries of Christian liturgy Teach Us to Pray Katharine Mahon, 2019-04-01 The study of liturgical reform is usually undertaken through a close examination of liturgical texts In order to consider the impact of reform on the worship life of Christians Katharine Mahon takes a wider view of liturgy by considering the worship practices of Christian churches beyond what appears in the rites themselves Looking at how Christians were taught how to pray and instructed in liturgical and sacramental participation Mahon explores the late medieval patterns of Christian ritual formation and the transformation of these patterns in the sixteenth century reforms of Martin Luther Thomas Cranmer and Roman Catholic leaders She uses the Lord's Prayer the backbone of medieval lay catechesis liturgical participation and private prayer to paint a panorama of medieval ritual formation integrated into the life of the church in the fourteenth and fifteenth centuries She then follows the disintegration and reconstruction of that system of formation through the changing functions of the Lord s Prayer in the official reforms of catechesis liturgy and prayer in the sixteenth century
