**Deborah's Kin** Michelle Karen Ephraim, 1998      The Devil and the Sacred in English Drama, 1350-1642 John D. Cox, 2000-10-17 John Cox tells the intriguing story of stage devils from their earliest appearance in English plays to the closing of the theatres by parliamentary order in 1642 The book represents a major revision of E K Chambers' ideas of stage devils in *The Medieval Stage* 1903 arguing that this is not a history of gradual secularization as scholarship has maintained for the last century but rather that stage devils were profoundly shaped from the outset by the assumptions of sacred drama and retained this shape virtually unchanged until the advent of permanent commercial theatres near London The book spans both medieval and Renaissance drama including the medieval Mystery cycles on the one hand through to plays by Greene Marlowe Shakespeare 1 and 2 Henry VI Jonson Middleton and Davenant An appendix lists all known devil plays in English from the beginning to 1642      *The Playful Middle Ages* Paul Hardwick, 2010 *Medical Texts and Cultures of Northern Europe* is a series which opens up a dedicated forum for comparative work on northern European medieval literature history and society and their significance in the modern world It promotes dialogue between anglophone and continental medievalists and addresses the need for transcultural perspectives on Europe's medical origins in a way that is distinctive both in scope and in academic orientation The focus is on the medical texts and cultures of the British Isles northern and central mainland Europe and Scandinavia The chronological range of the series is from c 800 AD to c 1600 Each volume makes available to an international readership excellent new work offering ways of readings texts cultures and institutions that speak to the contemporary world      *A Cultural History of Tragedy in the Middle Ages* Jody Enders, Theresa Coletti, John T. Sebastian, Carol Symes, 2021-05-20 For the first time a group of distinguished authors come together to provide an authoritative exploration of the cultural history of tragedy in the Middle Ages Reports of the so called death of medieval tragedy they argue have been greatly exaggerated and for the Middle Ages the stakes couldn't be higher Eight essays offer a blueprint for future study as they take up the extensive but much neglected medieval engagement with tragic genres modes and performances from the vantage points of gender politics theology history social theory anthropology philosophy economics and media studies The result A recuperated medieval tragedy that is as much a branch of literature as it is of theology politics law or ethics and which at long last rejoins the millennium long conversation about one of the world's most

enduring art forms Each chapter takes a different theme as its focus forms and media sites of performance and circulation communities of production and consumption philosophy and social theory religion ritual and myth politics of city and nation society and family and gender and sexuality

**Tradition and Imagination** David Brown, 1999-11-25 Tradition and revelation are often seen as opposites tradition is viewed as being secondary and reactionary to revelation which is a one off gift from God Drawing on examples from Christian history Judaism Islam and the classical world this book challenges these definitions and presents a controversial examination of the effect history and cultural development has on religious belief its narratives and art David Brown pays close attention to the nature of the relationship between historical and imaginative truth and focuses on the way stories from the Bible have not stood still but are subject to imaginative rewriting This rewriting is explained as a natural consequence of the interaction between religion and history God speaks to humanity through the imagination and human imagination is influenced by historical context It is the imagination that ensures that religion continues to develop in new and challenging ways

**Imagining Jesus Christ in Middle English Literature, 1275-1475** Theresa Tinkle, 2024-09-16 This book interprets Jesus Christ as a complicated disunified literary character in Middle English literature where he appears variously as king traitor victorious conqueror sacrificial lamb heroic knight lover and spouse often as several contradictory figures in a single work These tropes derive from Scripture doctrines about Christ's two natures and theories of redemption This book examines the full range of representations in Southern Passion Northern Passion Pepysian Gospel Harmony Stanzaic Life of Christ Cursor Mundi Nicholas Love's Mirror of the Blessed Life of Jesus Christ Sir John Mandeville's Book the York Play and Julian of Norwich's Revelation of Love Although Christ's two natures are well represented in existing scholarship many traditions have been overlooked including commonplace treatments of Christ as both a traitor and king conqueror and sacrificial lamb hero and lover As writers call upon audiences to feel compassion for Jesus's suffering they almost universally express antipathy toward his Jewish torturers complicating our ideas about affective piety In these works the Virgin Mary is less exemplary for her compassion than for her understanding of doctrine In short this book offers new perspectives on vernacular Christology between about 1275 and 1475 Theresa Tinkle is a Professor within the Department of English Language and Literature at the University of Michigan USA as well as Director of the Gayle Morris Sweetland Center for Writing Previous publications include Medieval Venuses and Cupids Sexuality and Hermeneutics in English Poetry 1996 and Gender and Power in Medieval Exegesis Palgrave 2010 Theresa's academic training and publications include the study of medieval English and Latin literature the medieval reception of the Bible

Laura Lambdin, Robert Thomas Lambdin, 2002-06-30 Old and Middle English literature can be obscure and challenging So too can the vast body of criticism it has elicited Yet the masters of medieval literature often drew on similar texts since imitation was admired For this reason recent scholarship has often focused on the importance of genre The genre in which a work was written can illuminate the author s intentions and the text s meaning Read in light of a genre s parameters a given work can be considered in relation to other works within the same category This reference is a comprehensive overview of Old and Middle English literature Chapters focus on particular genres such as Allegorical Verse Balladry Beast Fable Chronicle Debate Poetry Epic and Heroic Lyric Middle English Parody Burlesque Religious and Allegorical Verse and Romance Expert contributors define the primary characteristics of each genre and discuss relevant literary works Chapters provide extensive reviews of scholarship and close with detailed bibliographies A more thorough bibliography of major scholarly studies closes the book     **Fools and Jesters in Literature, Art, and History** Vicki K.

Janik, 1998-05-21 Jesters and fools have existed as important and consistent figures in nearly all cultures Sometimes referred to as clowns they are typological characters who have conventional roles in the arts often using nonsense to subvert existing order But fools are also a part of social and religious history and they frequently play key roles in the rituals that support and shape a society s system of beliefs This reference book includes alphabetically arranged entries for approximately 60 fools and jesters from a wide range of cultures Included are entries for performers from American popular culture such as Woody Allen Mae West Charlie Chaplin and the Marx Brothers literary characters such as Shakespeare s Falstaff Rabelais Gargantua and Pantagruel and Singer s Gimpel and cultural and mythological figures such as India s Birbal the American circus clown the Native American Coyote Taishu Engeki of Japan Hephaestus Loki the Norse fool schlimiels and schlimazels and the drag queen The entries written by expert contributors are critical as well as informative Each begins with a biographical artistic religious or historical background section which places the subject within a larger cultural and historical

context A description and analysis follow This section may include a discussion of the fool's appearance gender role ethical and moral roles social function and relationship to such themes as nature time and mortality The entry then discusses the critical reception of the subject and concludes with an extensive bibliography of general works

**The Massacre of the Innocents** Warren Carter, 2023-01-30 In *The Massacre of the Innocents: Studies in the Cultural Afterlife of a Gospel Scene* Warren Carter examines some fifty instances of the interpretation of the Matthean Massacre of the Innocents Matt 2:16-18 He emphasizes the agency of interpreters who in their particular contexts and media think with the shocking Matthean scene to address the often tragic circumstances of their audiences He argues throughout that the structure of the Gospel scene facilitates this thinking with The scene is structured as a triad of power relations with a tyrant Herod victims infants and parents and violent means of tyranny the massacre Interpreters use this triad of power relations to identify tyrant's victims and means of tyranny in their own situations Carter illustrates the use of this triad of power relations across two millennia in numerous socio

political contexts and media as diverse as sermons images poems and hymns dramas and festivals films novels Christmas carols and Children s Bibles

Affections of the Mind Emma Lipton,2011-08-15 *Affections of the Mind* argues that a politicized negotiation of issues of authority in the institution of marriage can be found in late medieval England where an emergent middle class of society used a sacramental model of marriage to exploit contradictions within medieval theology and social hierarchy Emma Lipton traces the unprecedented popularity of marriage as a literary topic and the tensions between different models of marriage in the literature of the later fourteenth and fifteenth centuries by analyzing such texts as Chaucer s *Franklin s Tale* *The Book of Margery Kempe* and the *N Town* plays *Affections of the Mind* focuses on marriage as a fluid and contested category rather than one with a fixed meaning and argues that the late medieval literature of sacramental marriage subverted aristocratic and clerical traditions of love and marriage in order to promote the values of the lay middle strata of society This book will be of value to a broad range of scholars in medieval studies
