Hacker Daniels, 2025-06-12 Casting the Art of Rhetoric with Theater and Drama Taking Center Stage explores rhetoric and theater as they relate to one another developing the understanding of rhetoric as theory and praxis This book addresses rhetorical themes and cultural resonances as well as the oft overlooked symbiosis of rhetoric and theater Rather than addressing audiences as either observers of rhetorical artifacts or theatrical performance this work demonstrates the intersection of the two which strengthens theatrical events and their cultural significance Overall the volume showcases the many ways in which an understanding of the relationship between rhetorical and poetic theories can benefit dramatic convention and the breaking thereof      Spectators in the Field of Politics Sandey Fitzgerald, 2016-04-30 The book uses the long standing theatre metaphor to bring political spectators out into the open finding that they can be politically powerful Filling out the metaphor with theatre theory the book also finds that the metaphor can produce a viable model of democratic politics that incorporates spectators in a positive meaningful way      **Intersecting Boundaries** Lois More Overbeck, 1992      **The A to Z of Postmodernist Literature and Theater** Fran Mason, 2009-07-23 Postmodernist literature embraces a wide range of forms and perspectives including texts that are primarily self reflexive texts that use pastiche burlesque parody intertextuality and hybrid forms to create textual realities that either run in opposition to or in parallel with an external reality fabulations that develop both of these strategies texts that ironize their relationship to reality works that use the aspects already noted to more fully engage with political or cultural realities texts that deal with history as a fiction and texts that elude categorization even within the variety already explored For example in fiction a postmodernist novel might tell a

story about a writer struggling with writing only perhaps to find that he is a character in a book by another writer struggling to write a book The A to Z of Postmodernist Literature and Theater examines the different areas of postmodernist literature and the variety of forms that have been produced This is accomplished through a chronology an introductory essay a bibliography and several hundred cross referenced dictionary entries on individual postmodernist writers the important postmodernist aesthetic practices significant texts produced throughout the history of postmodernist writing and important movements and ideas that have created a variety of literary approaches within the form By placing these concerns within the historical philosophical and cultural contexts of postmodernism this reference explores the frameworks within which postmodernist literature of the late twentieth and early twenty first century operates

**Popular Culture Icons in Contemporary American Drama** Konstantinos Blatanis, 2003 The discussion addresses the task of theater images in a cultural field where the real is mistaken for its reflection originality constantly played against seriality at a moment when simulacra clones and emulations of selves and texts become firmly established as the norm The accommodation of pop icons on stage and the results this framing yields constitute this work's primary interests and aims Jacket

Postmodern Theater and the Void of Conceptions William S. Haney II, 2009-03-26 Different symbolic traditions have different ways of describing the shift of awareness toward sacred events While not conforming to familiar states of phenomenality this shift of awareness corresponds to Turner's liminal phase Artaud's metaphysical embodiment Grotowski's transillumination Brook's holy theater and Barba's transcendent theater all of which are linked to the Advaitan taste of a void of conceptions This book argues that by allowing to come what Derrida calls the unsayable the theater of Tom Stoppard David Henry Hwang Caryl Churchill Sam Shepard Derek Walcott and Girish Karnad induces characters and spectators to deconstruct habitual patterns of perception attenuate the content of consciousness and taste the void of conceptions As the nine plays discussed in this book suggest the internal observer lies behind all cultural constructs as a silent beyondness and immanently within knowledge as its generative condition of unknowingness The unsayable and the language used to convey it that Derrida finds in literature has clear affinities with the Brahman Atman of Advaita Vedanta Derridean deconstruction

contains as a subtext the structure of consciousness that it both veils with the undecidable trappings of the mind and allows to come as an unsayable secret through a play of difference Although Derrida views theater and the text as mutually deconstructing and claims that presence or unity has always already begun to represent itself the six playwrights discussed here show that cultural performance indeed points through its universally ambiguous and symbolic types toward a trans verbal trans cultural wholeness
