The Fa Cup Final Since 1945:

The Association Game Matthew Taylor, 2013-10-18 The story of British football's journey from public school diversion to mass media entertainment is a remarkable one. The Association Game traces British football from the establishment of the earliest clubs in the nineteenth century to its place as one of the prominent and commercialised leisure industries at the beginning of the twenty-first century. It covers supporters and fandom, status and culture, big business, the press and electronic media, and development in playing styles, tactics and rules. This is the only up-to-date book on the history of British football covering the twentieth-century shift from amateur to professional and whole of the British Isles, not just England.

Association Football and English Society, 1863-1915 (revised edition) Tony Mason, 2023-03-16 Association football as it developed rapidly in the late nineteenth and early twentieth centuries both reflected British society and helped to reshape it. In this newly released edition of Tony Mason's essential account of the game's rise, focusing on issues such as the amateur-professional divide, social class and mass spectatorship are seen as fundamental to our understanding of what is now a global phenomenon. Dilwyn Porter supplements this classic text with a brand new introduction. *Family Britain, 1951-1957* David Kynaston, 2010-12-01 As in his highly acclaimed *Austerity Britain*, David Kynaston invokes an astonishing array of vivid, intimate and unselfconscious voices to drive his narrative of 1950s Britain. The keen-eyed Nella Last shops assiduously at Barrow Market as austerity and rationing gradually give way to relative abundance; housewife Judy Haines relishing the detail of suburban life brings up her children in Chingford; the self-absorbed civil servant Henry St John perfects the art of grumbling. These and many other voices give a rich, unsentimental picture of everyday life in the 1950s. Well-known figures are encountered on the way, such as Doris Lessing joining and later leaving the Communist Party, John Arlott sticking up on any questions for the rights of homosexuals and Tiger's Roy of the Rovers making his goal-scoring debut for Melchester. All this is part of a colourful, unfolding tapestry in which the great national events, the Tories returning to power, the death of George VI, the Coronation of Queen Elizabeth, the Suez Crisis jostle alongside everything that gave Britain in the 1950s its distinctive flavour: Butlin's holiday camps, Kenwood food mixers, Hancock's Half Hour, Ekco television sets, Davy Crockett skiffle and teddy boys. Deeply researched, David Kynaston's *Family Britain* offers an unrivalled take on a largely cohesive, ordered, still very hierarchical society gratefully starting to move away from the painful hardships of the 1940s towards domestic ease and affluence.

The Routledge Companion to British Media History Martin Conboy, John Steel, 2014-09-15 The Routledge Companion to British Media History provides a comprehensive exploration of how different media have evolved within social, regional and national contexts. The 50 chapters in this volume, written by an outstanding team of internationally respected scholars, bring together current debates and issues within media history in this era of rapid change and also provide students and researchers with an essential collection of comparable media histories.
