The Fair Tax:

The Fair Tax Book Neal Boortz, John Linder, 2009-03-17 1 New York Times Bestseller A revolutionary proposal to make taxes simpler and fairer and eliminate the IRS Wouldn't you love to abolish the IRS Keep all the money in your paycheck Pay taxes on what you spend not what you earn And eliminate all the fraud hassle and waste of our current system Then the FairTax is for you In the face of the outlandish American tax burden talk radio firebrand Neal Boortz and Congressman John Linder are leading the charge to phase out our current unfair system and enact the FairTax Plan replacing the federal income tax and withholding system with a simple 23 percent retail sales tax As Boortz and Linder reveal this radical but eminently sensible plan would end the annual national nightmare of filing income tax returns while at the same time enlarging the federal tax base by collecting sales tax from every retail consumer in the country The FairTax they argue would transform the fearsome bureaucracy of the IRS into a more transparent accountable and equitable tax collection system Endorsed by scores of leading economists and supported by a huge and growing grassroots movement the FairTax Plan could revolutionize the way America pays for itself

The FairTax Solution Ken Hoagland, 2010-03-04 The definitive book on the Fairtax and its potential to save the U S economy In the century since it was created the federal income tax system has grown into a monster that threatens the well being of average citizens and business owners as well as the very foundations of our economy and our democracy But there's a better alternative the FairTax Its supporters argue that the federal government should stop taxing what goes into the economy earnings savings and investments and start taxing what comes out consumption The result would be the same amount of revenue but more growth much less political corruption and a far healthier relationship between Americans and their government Ken Hoagland of the FairTax Institute is an expert on this grassroots movement and his book offers the clearest explanation of this revolutionary idea He details the history of income tax collection in this country and current lobbying practices that have bloated the tax code to 67 500 pages of irrational regulations Anyone who has ever shuddered as April 15 approaches or who simply cares about making the country better will be fascinated by Hoagland's research and conclusions

FairTax: The Truth Neal Boortz, John Linder, Rob Woodall, 2009-10-13 The author of the 1 New York Times bestseller The FairTax Book offers a new look at the fast growing populist tax reform movement that's poised to become a key campaign issue for 2008 In 2005 firebrand radio talk show host Neal Boortz and Georgia congressman John Linder teamed up to create The FairTax Book the first book devoted to the FairTax movement they had been promoting for years Riding the growing groundswell of popular support for the tax reform measure The FairTax Book became an overnight sensation As the election season heats up Boortz and Linder return to add fuel to the fire with this radical follow up Talking back to the critics who have grossly misrepresented the simple principles behind the tax reform measure which would abolish the IRS and replace it with a 23 percent retail sales tax on all new goods and services Boortz and Linder Debunk myths about the tax and answer critical charges that it would bankrupt the economy
