The Fall And Rise Of The Pds In Eastern Germany:

Fall and Rise of the PDS In Eastern Germany D Hough, 2002-05-01 The Democratic Socialism party of East Germany Partei des Demokratischen Sozialismus was widely thought to have no future in a reunified Germany says Hough German studies U of Birmingham He explores how it has become a stable institution in the political landscape by establishing itself as

Historical Memory of Central and East European Communism Agnieszka Mrozik, Stanislav Holubec, 2018-03-19 Every political movement creates its own historical memory The communist movement though originally oriented towards the future was no exception The theory of human history constitutes a substantial part of Karl Marx's and Friedrich Engels's writings and the movement inspired by them very soon developed its own strong historical identity combining the Marxist theory of history with the movement's victorious milestones such as the October Revolution and later the Great Patriotic War which served as communist legitimization myths throughout almost the entire twentieth century During the Stalinist period however the movement's history became strongly reinterpreted to suit Joseph Stalin's political goals After 1956 this reinterpretation lost most of its legitimating power and instead began to be a burden The unwanted memory of Stalinism and subsequent examples of violence the Gulag Katy the 1956 Budapest uprising and the 1968 Prague Spring contributed to the crisis of Eastern European state socialism in the late 1980s and led to attempts at reformulating or even rejecting communist self identity This book's first section analyzes the post 1989 memory of communism and state socialism and the self identity of the Eastern and Western European left The second section examines the state socialist and post socialist memorial landscapes in the former German Democratic Republic Czechoslovakia Czech Republic Poland Lithuania Ukraine and Russia The final section concentrates on the narratives the movement established when in power about its own past with the examples of the Soviet Union Poland Romania and Czechoslovakia

The Berlin Republic Winand Gellner, John D. Robertson, 2004-11-23 Since German unification in October 1990 arguments have raged as to whether the integration process of the former East Germany into the western system has been a success These essays offer fresh insight and perspectives explaining the effects of unification on Germany and the EU as a whole

The Left Party in Contemporary German Politics Dan Hough, M. Koß, Jonathan Olsen, 2007-09-12 This is the first book in either English or German to analyse the development of Germany's newest political party the Left Party It compares and contrasts the party's development with that of Germany's most well known outsider party the Greens It also analyses the party's performance in office in two eastern German Länder

German politics today Geoffrey Roberts, 2013-01-18 This revised and updated edition provides the reader with a comprehensive description and analysis of the institutions of the German political system The historical development of German politics is surveyed and special attention is given to the causes course and consequences of German reunification Where more detailed explanations of special topics are required such as surplus seats in the electoral system or the political career of Chancellor Merkel these are provided in boxes set within the relevant chapters Some information is provided in

tabular form such as the list of federal chancellors and federal presidents the membership of trade unions or election results Appendices contain examples of important constitutional court cases plus a survey of the political features of the sixteen Länder which make up the federal structure of the state Each chapter offers suggestions for further reading Accessibly written with suggestions for further reading this book offers a sound basis for all undergraduate courses focused on or including study of the German political system The author's familiarity with all aspects of the German political system is evident from the authority with which he explains the structures and processes which form the basis of German politics

Learning from the West? Dan Hough, William E. Paterson, Sloam James, 2014-02-04 Learning from the West brings insight into political life after the collapse of communism and the fall of the Iron Curtain in the late 1980s For Communist parties and their successors CSPs the challenge was perhaps the greatest to redefine themselves within new westernised political systems As these parties sought to adapt their programmatic appeals to their new environments they searched for policies from abroad that could fit these new political structures The political parties of Western Europe provided a rich range of programmes from which policies could be drawn This book analyses how to what extent and under what conditions external influences came to bear on the programmatic development of CSPs It argues that while some parties remain neo communist in orientation growling about the evils of capitalism on the far left of their respective political systems others have developed into social democratic actors embracing programmatic ideals that often bear a strong resemblance to those of centre left actors in Western Europe This book was previously published as a special issue of The Journal of Communist Studies and Transition Politics

German Literature in the Age of Globalisation Stuart Taberner, 2004-11-01 Literary fiction in Germany has long been a medium for contemplation of the nation and questions of national identity From the mid 1990s in the wake of heated debates on the future direction of culture politics and society in a more normal united country German literature has become increasingly diverse and seemingly disparate at the one extreme it represents the attempt to reinvent German traditions at the other the unmistakable influence of Anglo American forms and pop literature A shared concern of almost all of recent German fiction however is the contemporary debate on globalisation its nature impact and consequences for local culture In its engagement with globalisation the literature of the Berlin Republic continues the long established practice of reflection on what it is to be German This book investigates literary responses to the phenomenon of globalisation The subject is approached from a wide range of thematic and theoretical perspectives in twelve chapters which taken together also provide an overview of German fiction from the mid 1990s to the present The book serves both as an introduction to contemporary German literature for university students of German and as a resource for scholars interested in culture and society in the Berlin Republic

Shifting Paradigms in Contemporary German Politics and Policy Eric Langenbacher, 2024-06-01 Germany has undergone more change in the past two years than it has experienced in decades In the fall of 2021 the Social Democratic Party unexpectedly surged to first place in the Bundestag elections going on to lead a

coalition of SPD Greens and Free Democrats that promised to dare more progress domestically Then just two months after the new government was installed Russia invaded Ukraine The contributions in this volume investigate the altered state of German politics and predict the trajectory of Europe's leading power in the transformed geopolitical environment

The Rise and Fall of the German Democratic Republic Feiwel Kupferberg, 2017-12-04 Most public debate on reunited Germany has emphasized economic issues such as the collapse of East German industry mass unemployment career difficulties and differences in wages and living standards The overwhelming difficulty resulting from reunification however is not persisting economic differences but the internal cultural divide between East and West Germans one based upon different moral values in the two Germanies The invisible wall that has replaced the previous highly visible territorial division of the German nation is rooted in issues of the past the Nazi past as well as the German Democratic Republic past In emphasizing economic differences the media and academics have avoided dealing with typically German cultural traits These include the psychological posture of West Germany which emphasized not differences between East and West but the break with Germany's Nazi past The adversarial posture of certain professional groups in East Germany towards the liberal and democratic values of West Germany have also been an obstacle Reviewing the problems accompanying reunification chapter 1 explores German culture and history and the moral lessons evolved from the Nazi past Chapter 2 focuses on the East West mindset and how differences in attitude affect efforts to adapt to reunification Chapter 3 discusses the simulated break with Nazi Germany in the German Democratic Republic Chapters 4 5 and 6 analyze the roots of the adversary posture of the professional groups in East Germany towards the values of the Berlin Republic Chapter 7 demonstrates the strong presence of inherited typically German cultural traits among East Germans such as a lack of individualism suspicion of strangers and obedience to authority Chapter 8 documents the extent to which a right wing extremist culture has remained latent in Eastern Germany Chapter 9 documents the extent to which moral reasoning in the GDR relieves the individual of any kind of responsibility for the actions of the state reproducing the way ordinary Germans rationalized their participation in the Nazi regime immediately after World War II Chapter 10 concludes with an overview of the historical and sociological factors revolving around the discussion of Nazi Germany the GDR and inner unification This volume will be important for historians political scientists anthropologists sociologists and a general public interested in Germany's reunification

East German Distinctiveness in a Unified Germany Jonathan Grix, P Cooke, 2003-02-28 This book explores the nature of the dramatic growth in a distinct sense of East German identity in the years since the events that led to formal unification in 1990 While it is problematic to see East Germanness as a singular and homogenous identity it can be perceived as a distinctive phenomenon and a level of identification that exists alongside local regional and national identities The essays in this volume hope to challenge the commonly held misconception that East German regional identity is a problem that needs to be overcome in the process of unification Through analyses of the social political and cultural behaviour of East Germans and

their perception of their own place in German society this volume makes a complex and nuanced contribution to discussions on German national identity and the unification process The Radical Left Party Family in Western Europe, 1989-2015 Paolo Chiocchetti, 2016-10-04 This book provides an innovative analysis and interpretation of the overall trajectory of the Western European radical left from 1989 to 2015 After the collapse of really existing communism this party family renewed itself and embarked on a recovery path seeking to fill the vacuum of representation of disaffected working class and welfarist constituencies created by the progressive neoliberalisation of European societies The radical left thus emerged as a significant factor of contemporary political life but despite some electoral gains and a few recent breakthroughs SYRIZA in Greece PODEMOS in Spain it altogether failed to embody a credible alternative to neoliberalism and to pave the way for a turn to a different developmental model This book investigates why this was the case combining aggregate 17 countries case study Germany Italy and France and comparative methods It accurately charts the evolution of the nature strength cohesion and influence of the Western European radical left offering new insights in explaining its behaviour success and limits It is essential reading for scholars students and activists interested in the radical left and in contemporary European politics

New Challenges for Stateless Nationalist and Regionalist Parties Eve Hepburn, 2013-10-18 Throughout Europe stateless nationalist and regionalist parties have moved from niche actors in party systems to mainstream political players No longer the outsider in party politics these parties have successfully entered government at the regional and state levels and many have been responsible for pushing the agenda for radical constitutional change in the United Kingdom Spain Italy Belgium Germany and France However the transformation of these parties from peripheral movements to established parties of government does not come without its problems Whilst these parties were once able to focus on the single issue of self determination they have been forced to change their strategies alter their behaviour and compromise on their principles in order to succeed in an era of electoral volatility partisan dealignment and multi level governance This book explores how stateless nationalist and regionalist parties across Western Europe have responded to the twin challenges of multi level politics i e operating at the regional state and European levels and a multi dimensional policy space whereby they must articulate policy proposals alongside their territorial demands Written by leading experts in the field this is a cutting edge collection of theoretical analytical and empirical work on the challenges currently facing nationalist and regionalist parties in Europe This book was previously published as a special issue of *Regional and Federal Studies*

Understanding the Transformation of Germany's CDU Simon Green, Ed Turner, 2016-02-05 This book analyses the Christian Democratic Union of Germany CDU one of Europe's most successful and influential political parties The CDU might have been expected to struggle in the circumstances of a more diverse secular reunified Germany yet it has prospered to an extent almost unparalleled in western Europe Chapters consider the CDU's policies the factors driving them their variation across Germany the relationship to women and the welfare state its organisational development and change and its position within the party

system Contributors particularly emphasise the diversity of the CDU and the way it varies across Germany's regions The CDU is compared to other Christian Democratic parties and special consideration is given to the CDU's Bavarian sister party the Christian Social Union CSU This book was published as a special issue of German Politics **The State of the Nations 2003** Robert Hazell, 2003 This is the third book in a series of annual publications charting the ongoing asymmetry and instability of New Labour's constitutional settlement and it records changes in public attitudes and national identity The chapters by the monitoring teams of the Constitution Unit at University College London cover Scotland Wales Northern Ireland the English regions intergovernmental relations Westminster and the London assembly **Territorial Party Politics in Western Europe** W. Swenden, B. Maddens, 2015-12-04 This book looks at the organization and strategy of state wide parties from across some of the most important multi layered countries in Western Europe The volume provides the first systematic attempt to study the strategy of state wide parties on the basis of the comparative literature on issue voting

The Legacy and Impact of German Unification Michael Oswald, John Robertson, 2022-05-17 On October 3 1990 the future of both Europe and Germany became powerfully and inexorably intertwined across a politically broadened continent powering transformative social political and economic interactions The thirty year mark after the then reigning chancellor Helmut Kohl promised flourishing landscapes in the former GDR is more than just a new anniversary from which mandatory reflections must follow Arguably it represents a temporal boundary between the adjustments and reactions conditioned and captivated by a sense of something new and uncertain and that point moving forward from which unification's legacy inescapably tethers Germany's future to normal politics shaped by the issues of the moment and not politics gripped by the debates of unification itself That legacy is defined by an accumulation over thirty years of adjustments mutations counter adjustments and strategic reactions which have now delivered through the many ripples of change a Germany managing the course trajectory which unification has relentlessly plotted The foreseeable future will certainly see that legacy of unification tenaciously continue to project yet shrouded within the background of Germany's routine politics This volume explores that legacy within the post unification era and reflects on the way forward into a near term German future no longer consumed with unification itself but with the reality of politics it has steadily defined **Ghost Strasse** Simon Burnett, 2007 The story of Eastern Germany and a people lost between two cultures **Historical Dictionary of Socialism** Peter Lamb, 2024-02-20 Socialism has been an influential force for social change for almost two centuries Its philosophy and ideology have inspired millions while simultaneously arousing fear and revulsion in its enemies Having emerged after the French Revolution in the effort to build upon and develop the egalitarian ideas of the Enlightenment socialism has taken many forms It has furthermore sometimes been manipulated and reformulated by opportunists who have built authoritarianism and totalitarian dictatorships in its name Opponents seize on such examples to frighten away people who may otherwise have found socialism attractive Socialism has survived such criticism and misrepresentation as its core principles have struck a chord with

generations of people concerned with social justice Historical Dictionary of Socialism Fourth Edition contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 500 cross referenced entries on activists politicians political thinkers political parties and organizations and key topics concepts and aspects of socialist theory This book is an excellent access point for students researchers and anyone wanting to know more about socialism

The Palgrave Handbook of Radical Left Parties in Europe Fabien Escalona, Daniel Keith, Luke March, 2023-04-17 This profound and insightful handbook aims to promote critical reflection on the way we conceptualise and study the radical left and to advance research by asking new questions Radical left parties in Europe have been the subjects of significant study in the last decade aided by the demonstrable success of newer parties like the Greek Syriza and Spanish Podemos as well as the persistence of more established actors like the German Die Linke Nevertheless the emergent literature remains patchy and many elements of the party family still poorly understood This handbook brings together a range of leading analysts to provide a definitive compendium one that provides both students and scholars with an informative and easy to use guide to the radical left in Europe Through utilising a common analytical framework to analyse the radical left in 19 European countries within and outside the EU the Palgrave Handbook of Radical Left Parties in Europe provides a wealth of comparable data on a wide number of cases to provide a sound basis for future studies This rigorous comparative framework allied with the unprecedented in depth overview of the development of the European radical left over the past two decades makes this handbook an essential starting place for those interested in all aspects of the radical left as a party family

Historical Dictionary of Socialism James C. Docherty, Peter Lamb, 2006-10-02 Primarily concerned with the historical roots and contemporary condition of socialism the second edition of the Historical Dictionary of Socialism offers information on writers activists ideas political parties institutions and movements that sought and in many cases are still seeking to change the social and political order It reflects the diversity in the broad movement of the left the many variants of which include reformist social democracy revolutionary Marxism the New Left and contemporary anti capitalism Taking up where the first edition left off this thoroughly revised dictionary shows how socialism has been reacting reforming and also expanding This is done through a chronology a list of acronyms and abbreviations an introductory essay a bibliography and a cross referenced dictionary section with 114 new entries some on the current leadership others on the many new parties of Central and Eastern Europe and the Third World and yet others on the reaction to globalization This book will provide a mine of information for teachers and students of political ideologies comparative politics political sociology labor history and political theory

While this might not be the The Fall And Rise Of The Pds In Eastern Germany full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of The Fall And Rise Of The Pds In Eastern Germany eBooks, including some popular titles.

FAQs About The Fall And Rise Of The Pds In Eastern Germany Books

What is a The Fall And Rise Of The Pds In Eastern Germany PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a The Fall And Rise Of The Pds In Eastern Germany PDF?

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a The Fall And Rise Of The Pds In Eastern Germany PDF?

Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a The Fall And Rise Of The Pds In Eastern Germany PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats.

How do I password-protect a The Fall And Rise Of The Pds In Eastern Germany PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities.

Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
