# The Fall Of Ideals

**David Michael Waggoner**

## **The Fall Of Ideals:**

Lacan - The Unconscious Reinvented Colette Soler,2018-04-17 This book focuses on Lacan s revisions and renewals of psychoanalytic concepts and shows the ways in which Lacan succeeded in the reinvention of psychoanalysis It explores those steps that led him to assert an unprecedented formula that says against all expectation that the unconscious is real

**Curious Obsessions in the History of Science and Spirituality** ATF Press,2020-12-09 The frontiers of religion and science have always been pushed forward by curious and obsessed individuals like the monk who kept banned books in a secret library under the nose of the pope the explorers who searched for the lost tribes of Israel but found a new continent instead the eccentric doctor and a mad monk who intuited scientific truths well before future generations would prove their theories correct the archaeologists who discovered the goddess just in time for feminism the utopians who never quite found what they were looking for and a current flock of priests and nuns who go wherever knowledge takes them It is a delicious quirk of history that individuals dismissed by their contemporaries as eccentrics and troublemakers are often those with the most impact on the world **Curious Obsessions in the History of Science and Spirituality** is a captivating look at the famous and the forgotten who emerged in times of extreme change and social disruption to change science and spirituality for ever During our current Covid19 pandemic this collection is highly relevant to a world still seeking novel answers to the human condition and also drawn to old theories long ago debunked

**Does your mind elate with self-adoration and self-aggrandizement?** Helena Petrovna Blavatsky,2021-10-18 Selfishness envy revenge and malice are mankind s deadliest curses Selfishness is love misdirected to and jealously kept for one s little self at the expense of his Spiritual Self and of all other selves who are transient rays of One Universal Self Selfishness and ambition are mankind s deadliest curses Great intellect and too much knowledge is a two edged weapon in life and instruments for evil as well as for good When combined with Selfishness they will make of the whole of Humanity a footstool for the elevation of him who possesses them and a means for the attainment of his objects while applied to altruistic and humanitarian purposes they may become the means of salvation of the many Pride and Presumption the two chief prompters of Selfishness and Egotism are the causes that emptied heaven of one third of its divine dwellers mystically and of another third of the stars astronomically The first statement is an allegory intimately connected with humanity the second a fact Our age is criminal in its frightful selfishness in its scepticism which grimaces at the very idea of anything beyond the material and in its idiotic indifference to all that does not pertain to the personal self more than any of the past ages of ignorant barbarism and intellectual darkness The paths are many but Wisdom is One Artistic souls envision it those who suffer dream of it the pure in heart know it Only light and empty heads egotistical and vain drones confused by their own buzzing will remain ignorant of the supreme ideal They will continue existing until life becomes a grievous burden to them Pride and conceit are the two malignant cancers devouring the heart of civilized nations Selfishness is the sword of Damocles dangling by evanescent personality over the golden thread that links it

with its Spiritual Centre and Life Eternal One never ceases to be astonished by the egoism vanity and self sufficiency of the majority There are some for whom their little personality constitutes the whole universe The vices and illusions of lower minds are typical of egotistical mediocrities Overfed by the sweet delicacies of ambition and personal life man accumulates gravitas Kipling says that he is gathering too much ego in his cosmos His little personality constitutes the whole universe says Madame Blavatsky Every veil of illusion that creates a sense of personal isolation a feeling of separateness from All must be torn asunder and those who through vanity and selfishness go against the Divine Plan cannot but incur the punishment of total annihilation Life on earth is the result and consequence of that unseen yet ever present autocrat and despot called Selfishness and Egotism The strongest will becomes impotent before the voice and authority of this self appointed commander Selfish is the life of a hermit useless to all and as useless to himself Self culture is for the solitary Hatha Yogis who shun the society of their fellow men Pampering the animal self is triply distilled selfishness The Hindu Yogi who isolates himself in an impenetrable forest and the Christian hermit who retires to the desert are both accomplished egoists The one seeks refuge in Nirvana the other to save his soul from hell Philosophical pantheism is based upon the correct understanding of the mysteries of being Modern pessimism is yet another system of evil added by unhealthy fancy to an ever growing sum of social evils and a systematic slander of sentient life Neither good nor evil would exist were it not for the light they throw upon each other The bundle of Egotism disappears after death as the costume of the part he played disappears from the actor s body after he leaves the theatre at the end of the play and goes to bed The slightest tinge of Selfishness precludes the employment of Spiritual Forces For unless the intention is entirely unalloyed the spiritual will transform itself into the psychic act on the astral plane and dire results may be produced by it The powers and forces of animal nature can equally be used by the selfish and revengeful as by the unselfish and the all forgiving But the powers and forces of spirit lend themselves only to the pure in heart and this is Divine Magic The greatest crime that was ever perpetrated upon mankind was committed on that day when the first priest invented the first prayer with a selfish object in view Prayer is an ennobling action when it is an intense feeling an ardent desire rushing forth from our very heart for the good of other people and when entirely detached from any selfish personal object the craving for the wilds beyond the heavens is natural and holy in man but on the condition of sharing that bliss with others The heart of the purely selfish man who cares not if all others rot so he can have pleasure in their pain is softened for those near and dear to him his family relatives and friends His affections may even extend to religious fanaticism and even patriotic fervour in his country s wars and political schemes in the hope of recognition and reward However sincere and ardent the faith of a theist unless while conforming his life to what he pleases to term divine laws he gives precedence in his thoughts first to the benefit that accrues from such a moral course of actions to his brother and then only thinks of himself he will remain a pious egotist For belief in and fear of God will develop and grow in exact proportion to his Selfishness his fear of punishment and bad results only for himself without the least concern

for his brother Theism and atheism grow and develop together our reasoning powers and become either fortified or weakened by reflection or deduction of evidence The only God which Theosophists worship is Truth The only devil they recognize and which they fight with unabated fury is the Satan of Egotism and unbridled passions Alone our Western religion stands in its isolation as a monument of the most gigantic human selfishness ever evolved by human brain without one word in favour of or for the protection of the poor animal Selfishness envy revenge and malice are the hallmarks of sorcerers The Roman Catholic fathers and clergy particularly when pursuing their selfish objectives collectively they have to be ranked among the adepts of the Black Art In the crypts of the cyclopean Stonehenge in England and its twin brother Carnac of Brittany curious scenes are taking place whenever there is a new convert in view Stupefying is the power of blind faith in and veneration of ecclesiastical teachings The conscience of the Roman Catholic priest is most likely at peace He works personally for no selfish purpose but with the object of saving a soul from eternal damnation In his view if Magic there be in it it is holy meritorious and divine Magic Whenever those priest hypnotists want to control an individual selected by them for conversion they retire to an underground place consecrated by them for such purposes and there forming a circle throw their combined will power in the direction of that individual This is the kind of ceremonial Magic and sorcery practiced at Stonehenge and elsewhere The modern Symbolist is exceedingly clever only at detecting phallic worship and sexual emblems even where none were ever meant But for the true student of Occult Lore White or Divine Magic could no more exist in Nature without its counterpart Black Magic than day without night whether these be of twelve hours or of six months duration Magic is still in full sway amidst mankind however blind the latter to its silent presence and pernicious influence however ignorant society may be of its beneficent and maleficent effects Most of those magicians are sorcerers by reason of their inherent selfishness their revengeful natures their envy and malice Man accumulates knowledge invents religions and philosophies but he himself remains still the same In his ceaseless chase after wealth and honours and the will o the wisps of novelty enjoyment and ambition man is ever moved by one chief motor Vain Selfishness We live in an era of the most triumphant display of human genius But what good has all this great civilization and progress done to the millions in the world s slums and to the armies of the great unwashed Selfishness is the chief prompter of our age and the boisterous rebel against Nature s decrees The student at the very outset learns that the alpha and the omega of life is selflessness and knows that only in the sanctuary of merit and self forgetfulness can the true meaning of life reveal itself to his eager heart By sinking his consciousness deep into his heart he can reach that holy place only when alone in silence and darkness When the need for silence has grown great enough he will turn to seek it even in the midst of the struggle with self and he will find it Living for self alone is full of pain and sorrow living for others is full of divine bliss and joy for ever free from bonds tied by mortal hands There is no danger to him who is true and sincere and especially unselfish For he is thus prepared to meet any temptation The pure at heart who study with a view of perfecting themselves need not have any fear but rather those who

make of the Sacred Science a sinful pretext for worldly motives who should tremble Conscience God's vicegerent in the soul speaks no longer in man when the whispers of the still small voice within are stifled by the ever increasing din and roar of selfishness Space and time should be given to the self appointed censors of morality to cleanse themselves of the ferocious selfishness narrow mindedness and conceit which have made their playing at the higher life an almost comical travesty It is that fierce and unashamed personal selfishness the chief motor in the struggle for life that is the sole cause of human starvation and its vastly more powerful extension national egoism and vanity which stirs up wealthy nations and individuals to bury enormous capitals in the unproductive erection of gorgeous churches and temples and to support a swarm of social drones called Cardinals and Bishops who parasitize their subordinates and their flocks Compassion felt but not acted upon is not altruism it is bare hypocrisy Spiritual perfection and knowledge can only be reached on the spiritual plane in that state in which all sense of separateness all selfishness all feeling of personal interest and desire has been merged in the wider consciousness of the humanity at large No blind submission to the commands of another can be demanded or would not be of any use Each individual must learn for himself through trial and suffering to discriminate what is beneficial to humanity and in proportion as he begins transmuting his materiality to spirituality lead to gold his mind will open to receive the guidance of his Immortal Self within and best friend of the mortal self Impersonality is the ultimate aim of cosmic evolution We have to work along with Nature and not place ourselves in opposition to her inherent impulse which must ultimately assert itself To oppose it must necessitate suffering since a weaker force in its egotism tries to array itself against the mighty Universal Law Whenever Truth is veiled for the many it is unveiled for the few Men had not created evil yet in those hoary days of bliss and purity for they were more Godlike than human When Selfishness was born out of desires and passions hitherto unknown and superhuman knowledge and power were abused it became necessary to limit the number of those who knew Thus arose Initiation The need of veiling Truth to protect it from desecration becoming more apparent with every generation the thin veil used at first had to be gradually thickened according to the spread of I ness and Me ness Luxury and Lust and this led to the Mysteries Our age is pre eminently materialistic and pietistic Our literature our modern thought and the so called progress run on these two parallel lines so incongruously dissimilar and yet both so popular and so very orthodox each in its own way He who presumes to draw a third line as a hyphen of reconciliation between the two has to be fully prepared for the worst Compassion felt but not acted upon is not altruism it is mere hypocrisy Real self development on esoteric lines requires action The only way of sacrificing oneself to the eternal is by attuning to the collective spirit of life embodied in and represented in its highest divine aspect by humanity alone Vice and wickedness are an abnormal unnatural manifestation at this period of our human evolution The fact that mankind was never more selfish and vicious than it is now civilized nations having succeeded in making of the first an ethical characteristic and of the second an art is proof of the of the sorry state we are all in today The Immortal Titan and True Philanthropist is moved by Compassion Sacrifice the mortal man by Selfishness

and Self adoration in every instance If man by suppressing if not destroying his selfishness and personality only succeeds in knowing himself as he truly is he will soon stand beyond all pain and misery and beyond all the wear and tear of change which is the chief originator of pain Such a man will be physically of matter he will move surrounded by matter and yet he will live beyond and outside it His body will be subject to change but he himself will be entirely above it and will experience everlasting life even while in temporary bodies of a short span Happiness cannot exist as long as Egotism reigns supreme and intellectual progress refuses to accept a subordinate position to ethical progress And as long as Egotism will not give way to the Altruism happiness will remain a Utopia Listen to the voice of the Master Your motive being selfish can only generate a double effect good and bad and will either nullify your good action or turn it to another man s profit There is no happiness for one who is ever thinking of his little self and forgetting all other selves      *The Amazing Power of Adoption: How*

*Unconditional Love Can Overcome Adversity* David Michael Waggoner,2017-03-21 A masterfully condensed true story spanning a half century about the incredible power of adoption through the eyes of a man who was adopted gave up a son for adoption and later adopted a son of his own The author is available for speaking engagements and also welcomes comments and questions through the following email address TheAmazingPowerOfAdoption GMail com      **Hunger Overcome?**

Andrew Warnes,2004 African American writers have consistently drawn connections between hunger and illiteracy and by extension between food and reading This book investigates the juxtaposition of mulnutrition and spectacular food abundance as a key trope of African American writing      **Babylon Has Fallen Christ Is Back and Has Overcome the Great Whore**

**Christianity** Brian Leonard Golightly Marshall,2008-07-23 The Great Whore is Christianity the Australian Parliament sends soldiers off to fight for oil in Iraq and Afghanistan next will be Iran Its all to do with what controls the Australian Parliament In 2002 Christ Brian Leonard Golightly Marshall sent thousands of mathematical proofs to the Parliament All emails bounced back he then set up an email account in the USA and sent them again this time they got through to all of the politicians He received one reply a man named John the secretary of one of the Senators who warned him and those above us will kill you Why did they simply invite him to a parliament house discussion The reason they already know who he is and that he is Jesus It is no accident Parliament is opened with the Lords Prayer this is because the government is controlled by the occult above Christianity Babylon the Mystery religion of Lucifer      **5 Words to Overcome Writers Block: A Journey for the Sick**

**and Twisted Mind** Alex Willis,Christina Naftis,2011-12-08 There are two sides to every story any good writer can tell you that Well we took this quite literally Our writers were struggling with writers blocks on their individual books and needed to find a way to get past it What they did was as unusual as this book First they took a scientific approach to understanding the reason for the block and identified methods to modify the causes Second they exercised their minds by free telling stories without regard to decency spelling or grammar As our authors are humorists the stories are intended to be funny You can clearly see how the stories morph as the writers blocks decrease Now this book is split in hard copy it makes more sense on

the left side of the book which is seen by the right and free thinking part of the brain are the crazy stories on the other side of the book is the science of overcoming writers block This book is not for the weak of heart and the content is intended strictly for a mature audience

**You Can Overcome the Jealousities in Your Life** KaShana K. J. Gallentine, 2011-02 What is a jealousy? you might ask The term jealous means very watchful or careful in guarding or keeping resentfully suspicious of a rival or a rival's influence resentfully envious resulting from such feelings requiring exclusive loyalty An ite is a native inhabitant or citizen of a descendent from or offspring of an adherent of believer in or member of A jealousy is anyone that God wants to deal with who is in need of cleansing from jealousy and envy in your territory and life even if it's yourself So you've fallen into the pit of sin and jealousy and envy has a hold on you Is it too late for you or those in your territory or life who may be struggling with this sin The answer is no So many are stuck or at a stand still in life while others are watching enviously at those who are pursuing ahead We can no longer ignore this crisis for it affects our relationships on all levels Whether it be in your home in the workplace in your school in your church in your family in your friendships or in your nation Jealousy and envy is lurking through the eyes and hearts of those who are in need of a God-sized transformation If you are tired of living an average defeated self-consumed and insecure life this book was designed with you in mind You don't have to sit back and watch others get to the finish line You can get in the race and finish your course also No longer do you have to compare yourself to others but you can find peace with God and others by accepting your value and worth You yes you are called to make a difference and a contribution in the lives of others This book's message is a beckoning call for healing deliverance restoration and forgiveness to the broken-hearted If you've been desiring to get ahead in life to advance beyond the pain sufferings and struggles you've been experiencing this is your time

**The Age of Reagan: The Fall of the Old Liberal Order** Steven F. Hayward, 2009-06-09 The Age of Reagan brings to life the tumultuous decade and a half that preceded Ronald Reagan's ascent to the White House Drawing on scores of interviews and years of research Steven F Hayward takes us on an engrossing journey through the most politically divisive years the United States has had to endure since the decade before the Civil War Hayward captures an America at war with itself and an era whose reverberations we feel to this very day He brings new insight into the profound failure of Lyndon Johnson's Great Society the oddly liberal nature of Richard Nixon's administration the significance of Reagan's years as California's governor the sudden death drama of his near defeat of Gerald Ford in the 1976 Republican primary the listlessness of Jimmy Carter's leadership and the political earthquake that was Reagan's victorious presidential campaign in 1980 Provocative authoritative and majestic in scope The Age of Reagan is an unforgettable account of the rebirth and triumph of the American spirit

**Overcome All Obstacles** Andre Gilchrist, 2014-09-10 Overcome All Obstacles is the conclusion of the autobiography of Andre Gilchrist and covers the years 2005-2014 The first book You Thought You Couldn't Change Either came out in February of 2006 and covered the life of Andre Gilchrist in a chronological order dating back from birth to 2005 Andre Gilchrist's second novel Out of the

Darkness Comes the Light came out in May of 2009 Due to the response from the authors first and second book the author has decided to keep his reading audience up to date with what is going on in the here and now In the authors first book he described the journey of the individual who struggled within himself The author takes the reader on a step by step journey from desperation to determination In this book the author reaches a stage in his life where he is comfortable with himself and his life but wants to point out that even at this point in ones life one still has to deal with the trials and tribulations of life It is important to the author to stress the point that it is not necessary to regress in order to progress With a firm grasp of reality today and not what one might want it to be the author wants to show his audience it is possible to deal with lifes situations one at a time and always keep up front in his mind that God will not put more on him that he can carry     *Norman Vallery, or, How to Overcome Evil with Good* William Henry Giles Kingston,2020-09-28 Are they really coming to morrow granny exclaimed Fanny Vallery a fair blue eyed sweet looking girl as she gazed eagerly at the face of Mrs Leslie who was seated in an arm chair near the drawing room window Oh how I long to see papa and mamma and dear little Norman I have thought and thought so much about them and India is so far off it seemed as if they would never reach England Your mamma writes me word from Paris that they hope to cross the Channel to night and be here early in the afternoon answered Mrs Leslie looking at the open letter which she held in her hand I too long to see your dear mamma and had it not been for you my own darling I should have missed her even more than I have done but you have ever been a good obedient loving child and my greatest comfort during her absence Mrs Leslie as she spoke drew her grandchild towards her and kissed her brow Fanny said nothing but pressing the hand which held hers turned her eyes towards her grandmamma s face while the consciousness that the praise was not wrongly bestowed caused a bright gleam of pleasure to pass over her countenance Mrs Leslie who had brought up Fanny from her infancy lived in a pretty villa a few miles from London surrounded by shrubberies with a lawn and beautifully kept flower garden in front On one side was a poultry yard over which Fanny presided as the reigning sovereign and even Trusty the spaniel who considered himself if not the ruler at all events the guardian of the rest of the premises when he ventured into her domain always followed humbly at her heels never presuming to interfere with her feathered subjects More than once he had been known to turn tail and fly as if for his life when Phoebe the bantam hen with extended neck and outspread wings had run after him as he had by chance approached nearer to her brood of fledglings than she had approved of     **Edutopias** ,2006-01-01 Education has always been part of the search for the ideal society and therefore an important part of the utopian tradition in Western culture politics and literature Education has often served to define the ideal society or to provide the principal means of creating it This unique collection of essays by well known scholars from around the world examines the role of edutopias in the utopian tradition examining its sources and sites as a means for understanding the aims and purposes of education for realizing its societal value and for criticizing its present economic technological and organizational modes These essays will stimulate new thinking in ways that impinge on both

theoretical and practical questions as well as offering the reader a series of reminders of the ethical and political dimensions of education and its place in helping to build good and just societies The collection is aimed at an audience of teachers and graduate students although it will also be of interest to administrators policy makers and the general public interested in utopian thinking and its relation to education *The Rise, the Fall and the Recovery of the USA* Elias C. Kohut's Self Psychology for a Fractured World John Hanwell Riker, 2024-05-20 Drawing from Kohut's conceptualisation of self Riker sets out how contemporary America's formulation of persons as autonomous self-sufficient individuals is deeply injurious to the development of a vitalizing self-structure a condition which lies behind much of the mental illness and social malaise of today's world By carefully attending to Kohut's texts Riker explains the structural functional and dynamic dimensions of Kohut's concept of the self He creatively extends this concept to show how the self can be conceived of as an erotic striving for connectedness beauty and harmony separate from the ego Riker uses this distinction to reveal how social practices of contemporary American society foster skills and traits to advance the aims of the ego for power and control but tend to suppress the needs of the self to authentically express its ideals and connect with others The book explores the impact that this view can have on clinical practice and concludes by imaginatively constructing an ideal self psychological society using Plato's Republic as a touchstone Informed by self psychology and philosophy this book is essential reading for psychoanalysts psychotherapists and philosophers seeking to revisit and revise constructions of both self and humanity
