The king's daughter, by Pansy Isabella Macdonald Alden, 1888 Our Lady of Tears. A Novel James Leith Derwent, 1878 Corrosive Solace Daniel O'Quinn, 2022-10-11 In Corrosive Solace Daniel O Quinn argues that the loss of the American colonies instantiated a complex reorganization in sociability and politics in the British metropole that has had long lasting effects on British national and imperial culture which can be seen and analyzed within its performative repertoire He examines how the analysis of feeling or affect can be deployed to address the inchoate causal relation between historical events and their mediation In this sense Corrosive Solace s goals are twofold first to outline the methodologies

necessary for dealing with the affective recognition of historical crisis and second to make the historically familiar strange again and thus make visible key avenues for discussion that have remained dormant Both of these objectives turn on recognition How do we theorize the implicit affective recognition of crisis in a distant historical moment And how do we recognize what we in our present moment cannot discern Corrosive Solace addresses this complex cultural reorientation by attending less to new cultural products than to the theoretical and historical problems posed by looking at the transformation of old plays and modes of performance These old plays Shakespeare post Restoration comedy and the tragedy were a vital plank of the cultural patrimony so much of O Quinn s analysis lies in how tradition was recovered and redirected to meet urgent social and political needs Across the arc of Corrosive Solace he tracks how the loss of the American War forced Britons to refashion the repertoire of cultural signs and social dispositions that had subtended its first empire in the Atlantic world in a way more suited to its emergent empire in South Asia *El Dorado* Baroness Emmuska Orczy, 1913
