Journal Royal Association of British Dairy Farmers, 1904 **The Southwestern Reporter**, 1918 **The Rights of the Defenseless** Susan J. Pearson, 2020-10-12 In 1877 the American Humane Society was formed as the national organization for animal and child protection Thirty years later there were 354 anticruelty organizations chartered in the United States nearly 200 of which were similarly invested in the welfare of both humans and animals In *The Rights of the Defenseless* Susan J Pearson seeks to understand the institutional cultural legal and political significance of the perceived bond between these two kinds of helpless creatures and the attempts made to protect them Unlike many of today's humane organizations those Pearson follows were delegated police powers to make arrests and bring cases of cruelty to animals and children before local magistrates Those whom they prosecuted were subject to fines jail time and the removal of either animal or child from their

possession Pearson explores the limits of and motivation behind this power and argues that while these reformers claimed nothing more than sympathy with the helpless and a desire to protect their rights they turned cruelty into a social problem stretched government resources and expanded the state through private associations The first book to explore these dual organizations and their storied history *The Rights of the Defenseless* will appeal broadly to reform minded historians and social theorists alike *The Oxford Handbook of Feminist Approaches to the Hebrew Bible* Susanne Scholz, 2020-12-31 The Oxford Handbook of Feminist Approaches to the Hebrew Bible brings together 37 essential essays written by leading international scholars examining crucial points of analysis within the field of feminist Hebrew Bible studies Organized into four major areas globalization neoliberalism media and intersectionality the essays collectively provide vibrant relevant and innovative contributions to the field The topics of analysis focus heavily on gender and queer identity with essays touching on African Korean and European feminist hermeneutics womanist and interreligious readings ecofeminist and animal biblical studies migration biblical studies the role of gender binary voices in evangelical egalitarian approaches and the examination of scripture in light of trans women s voices The volume also includes essays examining the Old Testament as recited in music literature film and video games The Oxford Handbook of Feminist Approaches to the Hebrew Bible charts a culturally hermeneutically and exegetically cutting edge path for the ongoing development of biblical studies grounded in feminist womanist gender and queer perspectives The cloud world Samuel Barber (meteorologist.), 1903 **Whose Home is the Wilderness** William Joseph Long, 1907 The American Bar , 1919 Wind in the Ash Tree Jeanine McMullen, 1989-10 Recounts the author s life on a farm in a secret Welsh valley seeking rural characters for her radio program
