The Heritage Of Luke

R Barnett

The Heritage Of Luke:

Jesus and the Heritage of Israel David P. Moessner, 1999-11-01 Seventeen leading international scholars collaborate in forming an emerging new consensus at the dawn of the millenium that Luke is the interpreter of Israel **Pillars in the History of Biblical Interpretation, Volume 3** Stanley E. Porter, Zachary K. Dawson, 2021-06-07 This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation With eighteen essays on nineteen biblical interpreters volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series Each chapter provides a biographical sketch of its respective scholar s an overview of their major contributions to the field explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods By focusing on the contexts in which these scholars lived and worked these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation While identifying a scholar as a pillar is somewhat subjective this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a given context and time period This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development

The Path to Salvation in Luke's Gospel Mija Wi, 2019-05-23 This book investigates Luke s message of salvation in relation to socio economic issues and thus concerns salvation of the rich as well as the poor With a narrative reading of Luke s Gospel built on careful examination of its socio economic context it demonstrates that Luke s message of salvation is best understood as 1 Divine mercy which champions the cause of the poor and redresses the injustice of the world 2 Its human embodiment and 3 Divine reward promised to those who enact mercy Wi argues that Luke s question of what must we do juxtaposes salvation with doing posing interesting questions with respect to the salvation of the rich This volume highlights good news to the poor in terms of divine mercy and justice shows that the reception of divine mercy calls for practices which embody it and above all clarifies Luke s notion of salvation of the rich which will happen as participation in the salvation of the poor Wi s conclusion challenges its readers by asking the question along with Luke s audience What must we do **What Are the Gospels?** Richard A. Burridge, 2004-08-09 The publication of Richard Burridge s What Are the Gospels in 1992 inaugurated a transformation in Gospel studies by overturning the previous consensus about Gospel uniqueness Burridge argued convincingly for an understanding of the Gospels as biographies a ubiquitous genre in the Graeco Roman world To establish this claim Burridge compared each of the four canonical Gospels to the many extant Graeco Roman biographies Drawing on insights from literary theory he demonstrated that the previously widespread view of the Gospels as unique compositions was false Burridge went on to discuss what a properly biographical perspective might mean for Gospel interpretation which was amply demonstrated in the revised second edition reflecting on how his view had become the new consensus This third

twenty fifth anniversary edition not only celebrates the continuing influence of *What Are the Gospels* but also features a major new contribution in which Burridge analyzes recent debates and scholarship about the Gospels Burridge both answers his critics and reflects upon the new directions now being taken by those who accept the biographical approach This new edition also features as an appendix a significant article in which he tackles the related problem of the genre of Acts A proven book with lasting staying power *What Are the Gospels* is not only still as relevant and instructive as it was when first published but will also doubtlessly inspire new research and scholarship in the years ahead Provided by publisher The Heritage of Luke Truman Dayon Godwin,2015-09-08 Upon the sudden untimely death of her father Amy Sinclair learns of a curse that has doomed the males of the Sinclair family for more than two hundred years Determined to remove the threat to any children she might have someday Amy begins a search for a woman who can remove the curse Amy s Journey takes her to Haiti into the heart of a world she never knew existed where the ancient practice of Voodoo becomes both a dangerous threat and a promise of release from the curse of death This gripping tale offers back to back chills terrors and surprises as Amy risks her life to find the key that will unlock the deadly secret of *The Heritage of Luke* *Sacramental Charity, Creditor Christology, and the Economy of Salvation in Luke's Gospel* Anthony Giambrone,2017-07-20 In this work Anthony Giambrone investigates the appropriation and development of Jewish charity discourse in Luke s Gospel In contrast to previous scholarship neither the coherence of Lukan wealth ethics nor its contemporary actualization defines his study Instead the sacramental significance of almsgiving becomes the starting point for a more theologically oriented exegesis The end result recognizes Luke s Christological mutation of the inherited tradition The text is organized around three exegetical probes each handling parabolic material i e Luke 7 36 50 10 25 37 and 16 1 31 The author advances an approach to these parables that highlights Christological allegory metalepsis as a Lukan narrative device A break is thus implied with the dominant rationalist constructions of Luke s parabolic art and ethics Also in contrast to a dominant trend stress is laid upon Luke s Jewish rather than Greco Roman context **Acts: An Exegetical Commentary : Volume 1** Craig S. Keener,2012-09-01 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research This commentary on Acts his magnum opus may be the largest and most thoroughly documented Acts commentary available Useful not only for the study of Acts but also early Christianity this work sets Acts in its first century context In this volume the first of four Keener introduces the book of Acts particularly historical questions related to it and provides detailed exegesis of its opening chapters He utilizes an unparalleled range of ancient sources and offers a wealth of fresh insights This magisterial commentary will be a valuable resource for New Testament professors and students pastors Acts scholars and libraries *The Story of Jesus Continues* Douglas S. Huffman,2025-04-15 A unique introduction to the Acts of the Apostles focusing on the book of Acts as an extension of the Jesus story With full color photographs maps and sidebars about history ancient literature and archaeological finds Douglas Huffman takes readers through different introductory and

interpretive issues in the study of Acts including the genre purpose history culture and geographical setting of the story Equipped with these behind the scenes details in broad strokes the author traces Luke's well told recounting of the ongoing story of Jesus Sensitive to the purposes Luke had for his text as well as its connection to the Gospel of Luke Huffman concludes by demonstrating how the Jesus story is intended to continue into the present Specifically designed as a textbook the volume includes chapter overviews and summaries discussion questions and assignments lists of key terms and a glossary

Global Heritage Lynn Meskell, 2015-06-22 Examines the social cultural and ethical dimensions of heritage research and practice and the underlying international politics of protecting cultural and natural resources around the globe Focuses on ethnographic and embedded perspectives as well as a commitment to ethical engagement Appeals to a broad audience from archaeologists to heritage professionals museum curators to the general public The contributors comprise an outstanding team representing some of the most prominent scholars in this broad field with a combination of senior and emerging scholars and an emphasis on international contributions *The Genre of Acts and Collected Biography* Sean A. Adams, 2013-10-17 Uses genre theory to explore the composition and purpose of Acts concluding that it is a work of collected biography
