#### The Epistle To Rheginos A Valentinian Letter On The Resurrection:

The Epistle to Rheginos Malcolm Lee Peel,1969 The Epistle to Rheginos Malcolm Lee Peel, 1969 The Resurrection of the Body in Western Christianity, 200-1336 Caroline Walker Bynum, 2017-11-21 A classic of medieval studies The Resurrection of the Body in Western Christianity 200 1336 traces ideas of death and resurrection in early and medieval Christianity Caroline Walker Bynum explores problems of the body and identity in devotional and theological literature suggesting that medieval attitudes toward the body still shape modern notions of the individual This expanded edition includes her 1995 article Why All the Fuss About the Body A Medievalist's Perspective which takes a broader perspective on the book s themes It also includes a new introduction that explores the context in which the book and article were written as well as why the Middle Ages matter for how we think about the body and life after death today Resurrection as **Salvation** Thomas D. McGlothlin, 2018-08-02 This book shows how Paul s tight link between resurrection and salvation both raised problems for and profoundly shaped Early Christian theology The Intertextuality of Paul's Apocalyptic Discourse Doosuk Kim, 2023-05-08 This book attempts to investigate two strands in a single work apocalyptic Paul and intertextuality First what does apocalyptic Paul mean Is it synonymous to eschatology as a theological notion or the end time mystery Many seminal works have delved into the intriguing yet unorganized notion of the apocalyptic Instead of attempting to provide a universal definition of the apocalyptic the author presents his understanding of the phenomenon particularly in the cultural realm The author contends that apocalyptic is neither all about the end time event nor merely a literary genre but an interpretive lens to understand the world and social phenomena one that is shaped and developed through culture and society Accordingly the term apocalyptic Paul implies how Paul views and understands the world history and supernatural phenomena through interaction with his cultural texts and context Second the author also suggests that intertextuality is not only about comparative literature study Rather intertextuality refers to cultural semiotics a sign system to deliver the meaning of text Based on this notion of intertextuality the author interprets how Paul envisages multiple phenomena heavenly ascent resurrection afterlife the origins of sin and two ages within his cultural context Nag Hammadi Codex I (The Jung Codex) Harold Attridge, 2020-10-26 Preliminary Material Harold W Attridge Foreword James M Robinson Preface Harold W Attridge Table of Tractates in the Coptic Gnostic Library Harold W Attridge Abbreviations and Short Titles Harold W Attridge Introduction Harold W Attridge The Prayer of the Apostle Paul Dieter Mueller The Apocryphon of James Francis E Williams The Gospel of Truth Harold W Attridge and S J George W MacRae The Treatise on the Resurrection Malcolm L Peel The Tripartite Tractate Harold W Attridge and Elaine H Pagels Indices Harold W Attridge Valentinian Christianity ,2020-07-21 Valentinus an Egyptian Christian who traveled to Rome to teach his unique brand of theology and his followers the Valentinians formed one of the largest and most influential sects of Christianity in the second and third centuries But by the fourth century their writings had all but disappeared suddenly and mysteriously from the historical record as the newly

consolidated imperial Christian Church condemned as heretical all forms of what has come to be known as Gnosticism Only in 1945 were their extensive original works finally rediscovered and the resurrected Gnostic Gospels soon rooted themselves in both the scholarly and popular imagination Valentinian Christianity Texts and Translations brings together for the first time all the extant texts composed by Valentinus and his followers With accessible introductions and fresh translations based on new transcriptions of the original Greek and Coptic manuscripts on facing pages Geoffrey S Smith provides an illuminating balanced overview of Valentinian Christianity and its formative place in Christian history of Human Being Luis Ivan Martinez-Toledo, 2016-04-21 This book explains the image of nakedness gymnos taken by Paul in the Corinthian correspondence to refer to the state of human being during death Through an academic approach but simple language the author explains the biblical monist understanding of human being He takes the biblical experience of death and resurrection to point out his arguments This book uncovers the ancient problem of the continuation of personal identity from life prior to death on to resurrection It also provides a fresh biblical approach from an anthropological and biblical perspective to the problem of what being human really is Those who enjoy traveling through the Bible with an open mind and warm heart will find in this book a good experience Death in Second-Century Christian Thought Jeremiah Mutie, 2015-03-24 Death in Second Century Christian Thought explores how the meaning of death was conceptualized in this crucial period of the history of the church Through an exploration of some key metaphors and other figures of speech that the early church used to talk about this interesting but difficult topic the author argues that the early church selected modified and utilized existing views on the subject of death in order to offer a distinctively Christian view of death based on what they believed the word of God taught on the subject particularly in light of the ongoing story of Jesus following his death his burial and resurrection In short the book shows how Christians interacted with the views of death in late antiquity coming up with their own distinctive view of death Trajectories through Early Christianity James M. Robinson, Helmut Koester, 2006-08-01 Contents 1 Introduction The Dismantling and Reassembling of the Categories of New Testament Scholarship2 Kerygma and History in the New Testament3 LOGOI SOPHON On the Gattung of Q4 GNOMAI DIAPHOROI The Origin and Nature of Diversification in the History of Early Christianity One Jesus and Four Primitive Gospels The Structure and Criteria of Early Christian Beliefs 7The Johannine Trajectory 8Conclusion The Intention and Scope of A History of Religious Ideas, Volume 2 Mircea Eliade, 2011-12-16 In volume 2 of this monumental work Trajectories Mircea Eliade continues his magisterial progress through the history of religious ideas The religions of ancient China Brahmanism and Hinduism Buddha and his contemporaries Roman religion Celtic and German religions Judaism the Hellenistic period the Iranian syntheses and the birth of Christianity all are encompassed in this volume They Went Out from Us Daniel R. Streett, 2011 Most interpreters of 1 2 3 John believe that the author's opponents called antichrists deceivers and false prophets advocated gnostic or progressive doctrines that denied or downplayed the humanity of Jesus

Christ and the importance of ethical behaviour and eventually split the Johannine community Against this consensus Streett argues that the opponents are former Jewish Christians who have left the community to return to the synagogue after renouncing their belief that Jesus is the Jewish Messiah Dust of the Ground and Breath of Life (Gen 2:7) - The Problem of a Dualistic Anthropology in Early Judaism and Christianity J.T.A.G.M. van Ruiten, George van Kooten, 2016-09-27 Issues such as the immortality of the soul the debate about matter versus life and whether one was capable of knowing the outside world were all being extensively discussed in many religions and cultures in both East and West The present volume addresses the concept of an immortal soul in a mortal body and focuses on early Judaism and Christianity where this issue is often related to the initial chapters of the book of Genesis The papers are devoted to the interpretation of Gen 2 7 in relation to the broader issue of dualistic anthropology They show that the dualism was questioned in different ways within the context of early Judaism and Christianity **The Wisdom of Egypt** Anthony Hilhorst, George H. van Kooten, 2018-12-10 This collection of essays published on the occasion of Gerard Luttikhuizen's retirement highlights the Egyptian subject matter background or provenance of many Jewish Early Christian and Gnostic texts It covers a broad spectrum of themes genres and traditions It shows that Egypt was a vibrant point of reference sometimes even a focal point and cradle for Jews Christians and Gnostics and their thought The first part of this book examines various aspects of the relation between Judaism and Egypt mainly in the Graeco Roman period The second part deals with several connections between early Christianity and Egypt whereas the third part considers Egypt as the place where many Gnostic texts were found This collection pays homage to Gerard Luttikhuizen s life long interest in Egypt and Gnosticism The Resurrection of the Son of God Nicholas Thomas Wright, 2003 Why did Christianity begin and why did it take the shape it did To answer this question which any historian must face renowned New Testament scholar N T Wright focuses on the key points what precisely happened at Easter What did the early Christians mean when they said that Jesus of Nazareth had been raised from the dead What can be said today about this belief This book third in Wright's series Christian Origins and the Question of God sketches a map of ancient beliefs about life after death in both the Greco Roman and Jewish worlds It then highlights the fact that the early Christians belief about the afterlife belonged firmly on the Jewish spectrum while introducing several new mutations and sharper definitions This together with other features of early Christianity forces the historian to read the Easter narratives in the gospels not simply as late rationalizations of early Christian spirituality but as accounts of two actual events the empty tomb of Jesus and his appearances How do we explain these phenomena The early Christians answer was that Jesus had indeed been bodily raised from the dead that was why they hailed him as the messianic son of God No modern historian has come up with a more convincing explanation Facing this question we are confronted to this day with the most central issues of the Christian worldview and theology Ps-Athenagoras De Resurrectione Nikolai Kiel, 2015-11-02 The authorship of De Resurrectione traditionally ascribed to the apologist Athenagoras and its dating are controversial to this day Nikolai Kiel proves in this

study that the resurrection treatise is pseudonymous By positioning the text within the intellectual historical context of early resurrection debates its origin can be dated to the first half of the 3rd century The discourse horizon of the discussed tractate has been determined more precisely by means of a reconstruction of the constituent opposing position Through his interpretative survey of De Resurrectione the author has advanced the study of apologetic literature from the early patristic Era Die Verfasserschaft der traditionell dem Apologeten Athenagoras zugeschriebenen Schrift De Resurrectione und ihre Datierung sind bis heute umstritten Nikolai Kiel weist in dieser Studie nach dass der Auferstehungstraktat ein Pseudonym darstellt Durch eine Verortung des Textes im ideengeschichtlichen Kontext der altkirchlichen Auferstehungsdebatten kann seine Entstehung auf die erste H lfte des dritten Jahrhunderts datiert werden Hierzu wird auch der Diskurshorizont des untersuchten Traktats mittels einer Rekonstruktion der in der Leugnung der Totenauferstehung bestehenden gegnerischen Position n her bestimmt Ausgehend von einem interpretierenden Durchgang durch De Resurrectione leistet der Verfasser einen wesentlichen Beitrag zur patristischen Forschung des apologetischen Zeitalters **Revelation 1-3 in Christian Arabic Commentary** Būlus al-Būshī, Ibn Kātib Qayṣar, 2019-01-08 The first publication in a new series Christian Arabic Texts in Translation edited by Stephen Davis this book presents English language excerpts from thirteenth century commentaries on the Apocalypse of John by two Egyptian authors B lus al B sh and Ibn K tib Qas ar Accompanied by scholarly introductions and critical annotations this edition will provide a valuable entry point to important but understudied theological work taking place at the at the meeting points of the medieval Christian and Muslim worlds Valentinian Ethics and Paraenetic **Discourse** Philip L. Tite, 2009-08-31 Offering a fresh assessment of the presence and function of paraenesis within Valentinianism this book places Valentinian moral exhortation within the context of early Christian moral discourse Like other early Christians Valentinians were not only interested in ethics but used moral exhortation to discursively shape social identity Building on the increasing recognition of ethical and communal concerns reflected in the Nag Hammadi sources this book advances the discussion by elucidating the social rhetoric within especially the Gospel of Truth and the Interpretation of Knowledge The social function of paraenesis is to persuade an audience through social representation The authors of these texts discursively position their readers and themselves within engaging moments of narrativity It is hoped that this study will encourage greater integration of research between those working on the Nag Hammadi material and those studying early Christian paraenetic discourse The Gnostic Gospels Elaine Pagels, 1989-09-19 NATIONAL BESTSELLER NATIONAL BOOK AWARD WINNER NATIONAL BOOK CRITICS CIRCLE WINNER SELECTED BY THE MODERN LIBRARY AS ONE OF THE 100 BEST NONFICTION BOOKS The landmark study exploring alternative perspectives of early Christianity as revealed through the Nag Hammadi texts that could have shaped the religion differently if included in the Christian canon Pagels is always readable always deeply informed always richly suggestive of pathways her readers may wish to follow out for themselves Harold Bloom The Washington Post Pagels writes with the instincts of a novelist the skill of a scholar and the

ability to sort out significances that many writers lack Chicago Tribune An intellectually elegant concise study The economy with which Pagels evokes the world of early Christianity is a marvel The New Yorker The Gnostic Gospels is a work of luminous scholarship and wide popular appeal First published in 1979 to critical acclaim winning the National Book Award and the National Book Critics Circle Award The Gnostic Gospels has continued to grow in reputation and influence It is now widely recognized as one of the most brilliant and accessible histories of early Christian spirituality published in our time In 1945 an Egyptian peasant unearthed what proved to be the Gnostic Gospels thirteen papyrus volumes that expounded a radically different view of the life and teachings of Jesus Christ from that of the New Testament In this spellbinding book renowned religious scholar Elaine Pagels elucidates the mysteries and meanings of these sacred texts both in the world of the first Christians and in the context of Christianity today With insight and passion Pagels explores a remarkable range of recently discovered gospels including the Gospel of Thomas and the Gospel of Mary Magdalene to show how a variety of Christianities emerged at a time of extraordinary spiritual upheaval Some Christians questioned the need for clergy and church doctrine and taught that the divine could be discovered through spiritual search Many others like Buddhists and Hindus sought enlightenment and access to God within Such explorations raised questions Was the resurrection to be understood symbolically and not literally Was God to be envisioned only in masculine form or feminine as well Was martyrdom a necessary or worthy expression of faith These early Christians dared to ask questions that orthodox Christians later suppressed and their explorations led to profoundly different visions of Jesus and his message Brilliant and stunning in its implications The Gnostic Gospels is a radical eloquent reconsideration of the origins of the Christian faith **Essays on** the Coptic Gnostic Library ,1970
