historical critique of religious thought      **The Essence of Christianity** Ludwig Feuerbach,1854      **Meditations on the Essence of Christianity** Robert Laird Collier,1876      *The Essence of Christianity* Ludwig Feuerbach,2023-10-25 Ludwig Feuerbach's *The Essence of Christianity* delves into the intricate relationship between religion, human nature, and society. In this seminal work, Feuerbach argues that God is a projection of human qualities, desires, and aspirations, effectively shifting the focus from divine worship to human self-realization. Through a combination of philosophical inquiry and critical analysis, he employs a clear and accessible literary style that invites both reflection and debate, positioning his work within the context of 19th-century German philosophy, notably in reaction to Hegelian idealism and the burgeoning existentialist thought. Feuerbach, a pivotal figure in the development of atheistic philosophy, wrote this book in a time when the Enlightenment challenged traditional notions of faith and authority. His background in theology and philosophy, paired with a deep dissatisfaction toward the dogmatic views of religion, profoundly influenced his arguments. By reconceptualizing religion through the lens of anthropocentrism, Feuerbach not only sought to critique religious dogma but also to liberate human consciousness from its subjugation to divine ideals. This book is essential for anyone interested in the intersection of philosophy and theology, as it offers a transformative perspective on Christianity that continues to resonate today. Readers will find Feuerbach's insights both provocative and liberating, providing a foundation for understanding modern secular thought and humanism.

**Meditations on the Essence of Christianity** Robert Laird Collier,2024-06-25 Reprint of the original first published in 1876      **The Identity of Christianity** Stephen Sykes,1984      Lectures on the Essence of Religion Ludwig Feuerbach,2018-06-21 This book, translated for the first time into English, presents the major statement of the philosophy of Ludwig Feuerbach. Here, in his most systematic work, Feuerbach's thought on religion and on the philosophy of nature achieves its full maturity. Central to the thought of Feuerbach is the concept that man, not God, is the creator; that divinities are representations of man's innermost feelings and ideas. Philosophy should turn from theology and speculative rationalism to sound, factual anthropology. My aim in these Lectures, writes Feuerbach, is to transform friends of God into friends of man, believers into thinkers, worshippers into workers, candidates for the other world into students of this world. Christians, who on their own confession are half animal and half angel, into men, whole men.

**ESSENCE OF CHRISTIANITY** LUDWIG. FEUERBACH,2018      The Essence of Christianity William Adams Brown,2014-03-30 This is a new release of the original 1902 edition      The Essence of Christianity and the Cross of Christ Benjamin Breckinridge Warfield,1914\*      *The Essence of Christianity* Bruno Forte,2003 Foreword by Geoffrey Wainwright Postmodern thought has attempted to strip many traditional values and beliefs of their power, and the Christian faith is no exception. In this spiritually and intellectually wise book, Bruno Forte upholds the essence, the heart, and meaning of Christianity despite the claims of the contemporary world. In the tradition of thinkers like Feuerbach, Harnack, and Guardini, Forte restates what is unique, reliable, and universal about Christianity for our current age. After outlining in broad terms the nature of postmodernity and its

challenges to traditional faith Forte proceeds with the voice of one intimately in love with God to present anew what lies at the heart of genuine Christianity and why it is still good news for women and men today Among the many books on postmodernism this one is distinct for its conscientious dialogue with postmodern culture and its clear proclamation of meaningful faith It will interest everyone pondering the role of Christianity in contemporary life *The Essence of Christianity (Classic Reprint)* Ludwig Feuerbach, 2017-12-02 Excerpt from The Essence of Christianity Pressed in general terms and thus made the property of the understanding The ideas of my work are only conclusions consequences drawn from premises which are not themselves mere ideas but objective facts either actual or historical facts which had not their place in my head simply in virtue of their ponderous existence in folio I unconditionally repudiate absolute immaterial self sufficing speculation that speculation which draws its material from within I differ toto coelo from those philosophers who pluck out their eyes that they may see better for my thought I require the senses especially sight I found my ideas on materials which can be appropriated only through the activity of the senses I do not generate the object from the thought but the thought from the object and I hold that alone to be an object which has an existence beyond one's own brain I am an idealist only in the region of practical philosophy that is I do not regard the limits of the past and present as the limits of humanity of the future on the contrary I firmly believe that many things yes many things which With the Short Sighted pusillanimous practical men of to day pass for fictions of imagination for ideas never to be realized for mere chimeras will to morrow & E in the next century centuries in individual life are days in the life of humanity exist in full reality Briefly the Idea is to me only faith in the historical future in the triumph of truth and virtue it has for me only a political and moral significance for in the sphere of strictly theoretical philosophy I attach myself in direct Opposition to the Hegelian philosophy only to realism to materialism in the sense above indicated The maxim hitherto adopted by speculative philosophy all that is mine I carry with me the old omnia mea mecum porto I cannot alas I appropriate I have many things outside myself which I cannot convey either in my pocket or my head but which nevertheless I look upon as belonging to me not indeed as a mere man a view not now in question but as a About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
