existence Occasionally we come across a morbid outgrowth but on the whole what has been written is thoughtful wholesome and sane in its conclusions The fourteen years which have elapsed since the first edition of this work may be looked upon by the social reformer as years of steady if somewhat slow progress The problems of labour and of sex are now recognised as the problems of our generation and the discussion of them so recently held in bad repute appears likely to be soon a mark of fashion About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
