One Island, Many Voices Eduardo R. del Rio, 2022-04-12 Cuban American writers have been studied primarily within the context of Latino literature as a whole Seeing a need to distinguish and define this unique literary perspective Eduardo del Rio selected twelve important well known authors and conducted interviews He chose

writers who were born in Cuba but have lived in the United States for a significant amount of time and whose works include themes he considers elemental to Cuban American literature identity duality memory and exile But rather than a cohesive homogeneous group these conversations unveiled a kaleidoscope of individuality style and motive The authors bonds to Cuba inform their creative work in vastly different ways and attempts to categorize their similarities only highlight the range of character and experience within this assemblage of talented writers From playwright Dolores Prida to author and literary critic Gustavo P rez Firmat these voices run the gamut of both genre and personality In addition to the essential facts of literary accomplishment the interviews include a wealth of insight into each writer s history motivations concerns and relationship to language These personal details serve to humanize and illuminate the unique circumstances and realities that have shaped both the authors and their work What del Rio has ultimately brought together is a series of intimate sketches that will not only serve as an important reference for any discussion of the literature but will also help readers to develop for themselves a sense of what Cuban American writing is and what it is not

Diasporic Generations Mette Louise Berg, 2011-10-01
Interpretations of the background to the Cuban diaspora a political revolution and the subsequent radical transformation of the society and economy towards socialism are politicised and highly contested The Miami based Cuban diaspora has had extraordinary success in putting its case high on the US political agenda and in capturing world media attention but in the process the multiplicity of experiences within the diaspora has been overshadowed This book gives voice to diasporic Cubans living in Spain the former colonial ruler of Cuba By focusing on their lived experiences of displacement the book brings to light imaginative narrative re-creations of the nation from afar Drawing on extensive ethnographic fieldwork the book argues that the Cuban diaspora in Spain consists of three diasporic generations generated through distinct migratory experiences This constitutes an important step forward in understanding the dynamics of memory making and social differentiation within diasporas and in appreciating why people within the same diaspora engage in different modes of transnational practices and homeland relations
