Stendhal Francesco Manzini, 2019-10-15 This is a book about the life and work of a singular writer an author well known for his biographies and travel writing but most famous for his novels *The Red and the Black* and *The Charterhouse of Parma* As a child Stendhal witnessed the unfolding of the French Revolution as a young man he served Napoleon first as a soldier and then as an administrator and as a middle aged man he made it his task not to pursue his career but instead to take as much paid leave as possible in order to be free and to be happy and to write Stendhal's works often take the form of conversations with his readers the *Happy Few* as he called them about the things that matter most He once claimed that he spent the majority of his life carefully considering five or six main ideas This book makes clear what those main ideas were why they mattered to Stendhal and why they continue to matter to all of us **Love** Stendhal, 1975-08-28 In 1818 when he

was in his mid thirties Stendhal met and fell passionately in love with the beautiful Mathilde Dembowska She however was quick to make it clear that she did not return his affections and in his despair he turned to the written word to exorcise his love and explain his feelings The result is an intensely personal dissection of the process of falling and being in love a unique blend of poetry anecdote philosophy psychology and social observation Bringing together the conflicting sides of his nature the deeply emotional and the coolly analytical Stendhal created a work that is both acutely personal and universally applicable **Stendhal: The Red and the Black** Stirling Haig, 1989-06-22 Stendhal's great novel *The Red and the Black*

published in 1830 is seen as one of the most distinguished monuments of literary realism In this introductory study Stirling Haig shows how this realism derives from the incorporation of both history and legal reportage into the novel and how it combines autobiography with mimesis Professor Haig locates the novel in the context of Stendhal's own experiences as a Commissariat officer in the Napoleonic army journalist opera lover salon dandy and traveller in Italy and Restoration France and highlights the constant inter penetration of personal documentary and fictional elements in Stendhal's writings

Stendhal's The Red and the Black Harold Bloom, 1988 A collection of critical essays on Stendhal's novel *The Red and the Black* arranged in chronological order of publication *Love and Limerence* Dorothy Tennov, 1998-12-29 Excellent Of universal interest It deals with the subject in an entirely new way Simone de Beauvoir Originally released twenty years ago *Love and Limerence* has become a classic in the psychology of emotion As relevant today as it was then this book offers insight into love infatuation madness and all flavors of emotion in between [The Biography Book](#) Daniel S.
