Step From Heaven:

A Step from Heaven An Na, 2016-07-26 Originally published Alpine Texas Front Street Press 2001 **The Poetics of Childhood** Roni Natov, 2014-06-03 *The Poetics of Childhood* investigates the sensibility of childhood and the ways writers try to recapture it. It explores the earliest conceptions of innocence and the development of literature about children through contemporary times. It encompasses the pastoral, the dark pastoral, the anti-pastoral; it addresses picture books, fantasy, and realism. It looks with originality at the literature of childhood inclusive of children's literature and literature about childhood so that the child and adult can be seen reflexively, the child in the adult and the various stages of childhood as they are remembered and retained in adulthood. It confronts issues of primal and socially constructed desire and the use of childhood to talk about desire. It is a poetics, a way of imagining the experience of childhood and explores childhood as a particularly fluid and porous time; it also addresses issues of creativity. This is an essential reference for teachers, parents, artists, and writers.

Immigration Narratives in Young Adult Literature Joanne Brown, 2010-12-02 Although the United States prides itself as a nation of diversity, the country that boasts of its immigrant past also wrestles with much of its immigrant present. While conflicting attitudes about immigration are debated, newcomers both legal and otherwise continue to arrive on American soil. And books about the immigrant experience aimed at both adults and youth are published with a fair amount of frequency. In *Immigration Narrative in Young Adult Literature: Crossing Borders*, Joanne Brown explores the experiences of adolescents as portrayed in young adult novels. Her study features protagonists from a wide variety of religious and ethnic backgrounds in order to provide a complete discussion of the immigration experience of young adults. In this volume, Brown analyzes young adult novels that portray various aspects of the immigrant experience: journeys to the shores of the United States, the difficulties of adjustment, and the tensions that develop within family units as a result of immigration. Brown also examines how ethnicity, religion, and country of origin affect the adolescent characters' adjustment to their new country, as well as the process of moving from social outsiders to accepted citizens. This thoroughly researched book includes theories of adolescent development and perspectives on immigration itself applied to the literary analyses. It also offers a framework for anticipating the success of young immigrants and relates this analysis to the novels. Brown discusses, with an appendix of additional novels for further reading, this book will be a useful resource for librarians and teachers of adolescent literature as well as for students both those born in the United States and those who are immigrants themselves.
