The Art of Video Production Leonard Shyles, 2007-02-09 The Art of Video Production emphasizes the enduring principles and essential skills of the communication process and the new digital technologies that are necessary to create effective video content Author Leonard C Shyles uses a unique approach by explaining how things are done and why things are done rather than just that they are done it is not about concepts versus skills but about concepts and skills **The secrets of influencer marketing** Stéphane Bouillet, Influence4You, 2020-06-18 Sometimes it s difficult to find THE good idea to create your influence campaign and you don t always have the time to engage with in depth competitive intelligence This guide is here to inspire you and show you that the possibilities are endless Be creative stand out from the crowd and find the inspiration for an influencer marketing campaign that fits YOU *Facial Accents* Belinda Trotter-James, 2008-12 The Amboy Affair Rick is thirty six and was fired from his job as a commodities broker If losing his job wasn t bad enough his girl friend of two years terminates their relationship a week later Rick is so depressed and heartbroken that he decides to leave St Louis and head for Santa Monica California to look for employment He had always dreamed of following Route 66 across country and figured this was his opportunity He stops in the small remote desert town of Amboy on Route 66 in California for gas and a bite to eat He finds it to be peaceful and quiet there so he decides to rent a motel cabin for three nights to relax and try to rid himself of feeling depressed He meets a pretty girl at the restaurant that had stopped by to eat and she invites him to accompany her on her monthly business trip from San Diego to Las Vegas On the way they discover that she unknowingly has been transporting large sums of drug money to be laundered Their greed for money results in their double crossing the drug dealers by taking the money and going into hiding which results in his once dull life becoming entwined in love betrayal intrigue and the constant fear of being tracked down and murdered Sudden Change Once upon a time a baby girl was born to very wealthy parents and raised primarily by a nanny who catered to her every need The parents also employed a full time maid chef chauffeur and servants so she never had to do anything for herself When turning sixteen she demanded her parents buy her an expensive sports car because she didn t want to be seen driving anything less and she received one She attended the very best private schools and during her summer vacations she traveled the world At the age of twenty one she had become an arrogant selfish self centered individual Her personality was such that no one cared to associate with her and even her parents couldn t tolerate her unforgiving behavior They realized now they were the ones responsible for creating this unsociable monster by the way they had raised her They felt it was their duty to try and correct the situation or otherwise she would live a very lonely life and one without love They deemed it necessary to take drastic corrective action to change her personality and what the parents had planned for their daughter was beyond anyone s imagination Makeup in the World of Beauty Vlogging Clare Douglass Little, 2020-10-14 This collection studies beauty vlogging as a phenomenon operating at the intersection of celebrity culture digital communities and the cosmetics industry

Exploring subjects ranging from race and gender to disability and religion the chapters examine how the genre has impacted social media landscapes and gender expression The contributors analyze how beauty vlogging makes community and economic success seem accessible for viewers as well as how the beauty vlog itself can function as a platform for enacting and inspiring social commentary and change Makeup in the World of Beauty Vlogging studies the cultural phenomenon of the beauty vlog as a space where audiences and vloggers find a voice and a means of personal expression via the potentially subversive power of makeup and social media

Tween Girls' Dressing and Young Femininity in Singapore Bernice Loh, 2022-04-19 This book provides an insight into girls cultural identities and young femininities through an understanding of tween girls dressing in Singapore The book adopts a girl centred approach to shed light on the narratives and experiences of young Singaporean girls that have often been overlooked It draws on the conversations with young Singaporean girls aged 8 to 12 to understand how they wanted to dress from where they gained their inspiration and what the social factors were that influenced their dressing Through understanding how girls want to fashion themselves the book shows that it is imprecise to discuss issues based on the assumption that there is one dominant correct way to grow up as a young person in Singapore This book unpacks how young Singaporean girls negotiate their cultural identities through clothing that do not simply conform to or reflect their roles as students It also shows how girlhood in Singapore is multi faceted and the values and meanings that tween girls attach to their dressing intersect at the personal social and cultural level The book offers new ways of approaching and looking at girls adult like dressing that move beyond the discourse of sexualisation In establishing a space for young Singaporean girls voices in an area that has been dominated by studies from the West this book also shows how the focus on tween girls in Asia can contribute to and advance the current state of girls studies
