Steps For Guidance:

Steps for Guidance Peter Masters, 1995-01-01 The subject of how to find God's guidance has become controversial. Some say it comes by dreams, visions, and words of knowledge. Others say that God does not have a specific plan for His people but allows them to take their own decisions as long as they do so in a wise and moral way. By contrast with these ideas, this book presents from Scripture the time-honoured view that Christians must seek God's will in all the major decisions of life. The author outlines six biblical steps for finding God's will, giving special attention to key areas such as courtship and marriage, possessions, and leisure activities. Under what circumstances may Christians seek advancement in career and wealth? Does the Lord determine which church fellowship a believer should join? When is it wrong to leave a church, and when is it right? Clear biblical answers are given.
