Still Following Percy:

Still Following Percy Lewis A. Lawson, 2007-11-19 When critics first began to respond to the fiction of Walker Percy they frequently regarded it as a fiction of ideas. The most significant themes were Percy's religious, philosophical, and cultural beliefs. Such conceptions of the man were grounded in his own essays, a genre which in his hands tended toward the impersonal and the abstract. In time, Percy critics like William Rodney Allen began to probe into Percy's biography for resources that verified their intense critical speculations about the background of Percy's fiction. In his childhood was his father's suicide and its significant emergence in his fiction. Percy's biographers have continued this investigation of the father's influence. Jay Tolson deftly represents the theme of the paternal death as a vacuum Percy felt throughout his life, while Bertram Wyatt Brown studied the Percy family ethos which he showed to be shadowed for two hundred years by high expectations, depression, and self-destruction. Now in *Still Following Percy*, a collection of interrelated essays, Lewis Lawson studies the Percy canon to speculate that an earlier and more fundamental shaping of Walker Percy's character and fictional imagination was his sense of the inadequacy of the relationship with her as an infant had with his mother and of her early death. Lawson argues that the sense of loss led to Percy's tendency to regression to his need to create his own life narrative in fiction after psychoanalysis had been insufficient as a means of reconstruction and to his conversion to Roman Catholicism. Lawson interprets Percy's conversion as a statement of the possibility of reconciliation through the transcendent truth.

Walker Percy's Voices Michael Kobre, 2000 Walker Percy's novels are fraught with characters struggling toward a destiny and purpose in life who must sort through conflicting inner voices and the voices of family, friends, therapists, and mentors until they finally find their own paths. Through trial, error, and retrial, Percy's characters continuously reinvent themselves, struggling until they reach solutions, satisfaction, and maturity. In this multifaceted work, Michael Kobre analyzes Walker Percy's major fiction works: *The Moviegoer*, *The Last Gentleman*, *Love in the Ruins*, *Lancelot*, *The Second Coming*, and *The Thanatos Syndrome* in terms of the Russian philosopher and literary scholar Mikhail Bakhtin's critical theory. Kobre begins with an introduction to Percy's view of language and consciousness and a clear, accessible explanation of Bakhtin's ideas. His subsequent discussion of the novels connects each work in turn with Percy's advancing career and explores the deepening conflict in Percy's fiction between his desire to express his own religious and moral beliefs and his commitment to the

essential freedom of his art the play of many voices in his narratives **Walker Percy's Sacramental Landscapes** Allen Pridgen, 2000 Sometimes oblivious to the sacramental signs of life sometimes clear eyed both Will at the end of *The Second Coming* and Tom at the end of *The Thanatos Syndrome* finally assent to the wondrous possibilities these signs signify They begin to believe in the possibilities for a life that waits for them on the horizon and down the road BOOK JACKET

Suicide is a study of the phenomenon of suicide in modern and post modern society as represented in the major fictional works of Fyodor Dostoevsky and Walker Percy In his study suicide is understood in both a literal and spiritual sense as referring to both the actual suicides in their works and to the broader social malaise of spiritual suicide or despair In the 19th century Dostoevsky called suicide the terrible question of our age For his part Percy understood 20th century Western culture as suicidal in both its social political and military behavior and in the deeper sense that its citizenry had suffered an ontological loss of self or deformation of being Likewise Thomas Merton called the 20th century an age of suicide
