Legman,2007-11-01 Why do people tell dirty jokes And what is it about a joke s dirtiness that makes it funny G Legman was perhaps the foremost scholar of the dirty joke and as legions of humor writers and comedians know his Rationale of the Dirty Joke remains the most exhaustive and authoritative study of the subject More than two thousand jokes and folktales are presented covering such topics as The Female Fool The Fortunate Fart Mutual Mismatching and The Sex Machine These folk texts are authentically transcribed in their innocent and sometimes violent entirety Legman studies each for its historical and

socioanalytic significance revealing what these jokes mean to the people who tell them and to the people who listen and laugh Here back in print is the definitive text for comedians and humor writers Freudian scholars and late night television enthusiasts Rationale of the Dirty Joke will amuse you offend you challenge you and disgust you all while demonstrating the intelligence and hilarity of the dirty joke American Education ,1981 **When Nothing Satisfies** Jason Lee Shofner,2003-09 **Psyche, Culture and the New Science** E. W. F. Tomlin,2016-03-10 Originally published in 1985 this distinguished and constructive critique of modern culture introduced into our language a brand new term PN standing for psychic nutrition which at the time promised to become a household expression Drawing on his first hand knowledge of oriental civilizations on discoveries of Jung especially his concept of psychic energy on the ideas of the cultural anthropologists and not least on the New Science implicit in microphysics and microbiology E W F Tomlin whose philosophical books have been translated into several languages shows how the human psyche requires its own kind of nourishment just as urgently as the body needs food In the industrial societies of the West this need has often been ignored Reformers in their earnest though sometimes inept endeavours to create a better world have too often exposed us to the dangers of psychic starvation and the noxious effects of what may be called neg PN Here lie the roots of violence and the lack of direction so conspicuously afflicting modern man and woman Examples of PN positive and negative are given lending the book an immediacy and practical character often lacking in studies of this kind In the new scientific approach here adopted the divisions between matter and life and life and mind are discarded and the old conflict between science and religion shown to belong to an out of date world view The result is a radical reappraisal of the nature and function of religion and art the two great psychic forces in history Indeed the present crisis is shown to originate in the psychic sphere rather than in the political and economic order Deeply felt and elegantly written yet not lacking in wit and humour the book ends with some concrete ideas on how a more balanced culture may be achieved **Ghost 19** Simone St. James,2023-01-03 A woman moves to a town where she becomes obsessed with watching the lives of her neighbors while stuck in a house that refuses to let her leave in this first ever short story from the New York Times bestselling author of The Book of Cold Cases Is there something wrong with Ginette Cox It s what everyone seems to think When a doctor suggests that what she might need is less excitement she packs up and moves from New York City to a house in suburban NY 19 Howard Ave The town offers Ginette little in the way of entertainment in 1959 but at least she has interesting neighbors Whether it s the little girl with her doll or the couple and their mother in law Ginette watches them from her window and makes up names and stories for them But it s not all peaceful in suburbia Ginette finds it hard to sleep in her new house There are strange and scary noises coming from the basement and she is trapped either by a ghost or her own madness But when Ginette starts to think a murder has taken place and a mysterious man starts making terrifying appearances outside her window it s clear she must deal with whatever isn t allowing her to escape this house THE CORNER Xiaolu,2023-12-12 There are a total of 30 short stories in this
