Negotiating Identity Susie Scott, 2016-02-19 Identity is never just an individual matter it is intricately shaped by our

experiences of social life Taking a Symbolic Interactionist approach and drawing on Goffman's dramaturgical theory Susie Scott explores the micro social processes of interaction through which identities are created maintained challenged and reinvented With a focus on empirical studies as illustrations classic sociological theory is applied to contemporary examples Each chapter focuses on a key dimension of how identities are negotiated in the drama of everyday life from politeness and face saving rituals to secrecy lies and deception Goffman's ideas are explored in relation to self presentation role making group interaction and public behaviour while language and discourse are shown to help people to give credible identity performances and to frame social situations The book reveals how social selves change over the life course through stigma labelling and deviant careers and how life in a total institution can radically transform its members identities Through all of these processes self and society are shown to be intertwined This insightful approach will appeal to students taking a range of courses in the sociology of the self identity interaction and everyday life

Talk and Interaction in Social Research

Methods Paul Drew, Geoffrey Raymond, Darin Weinberg, 2006-05-11 This book admirably fulfils its stated objective of describing social research methods in action and exploring from a range of perspectives the linguistic shaping of social context Overall this is a balanced well edited and coherent collection of papers bringing together high quality work from recognized authorities in the analysis of talk in interaction It is also highly accessible it would certainly make an excellent resource book for undergraduate graduate and practising social scientists Rebecca Clift University of Essex Talk and Interaction in Social Research Methodologies is a much needed methods text Focusing on research methods in action the volume offers a new way of viewing the realities of social research By taking language use seriously the text reveals the details and depths of a wide range of research projects as they have seldom been presented before This is the first book of its kind to offer such a powerful and insightful depiction of the role of talk in interaction in relation to social research methods The book's plan is creative and unparalleled There's nothing else like it The editors Paul Drew Geoffrey Raymond and Darin Weinberg represent the very best from multiple traditions of researching talk in interaction from both sides of the Atlantic The chapters are written by a sterling collection of researchers a virtual honor roll of conversation analysts and kindred spirits This book is a must read for social researchers of all disciplines who are interested in social interaction It should be assigned reading for all graduate students being introduced to qualitative methods It should be on every qualitative researcher's book shelf It is a tour de force in demonstrating the absolutely fundamental position that language use holds in social science methodology James A Holstein Marquette University This is a methodology text with a difference It demonstrates the importance of talk in a variety of social research methodologies Even documents the seemingly least interactional form of social data are shown to have important interactional dimensions The book focuses systematically on how sociological methods are essentially conducted through forms of spoken interaction and how these interactions shape the results that emerge in research The book demonstrates How spoken interactions shape the outcomes of core research

methodologies The role which talk in interaction plays in key substantive areas of sociology notably race crime gender and media Reveals the interactional underpinnings of research methodologies This is the first text aimed at an undergraduate and Master s audience in Sociology and Social Research which shows the crucial part that spoken interaction plays in the conduct and products of conventional sociological methodologies Emotion in Multilingual Interaction Matthew T. Prior, Gabriele Kasper, 2016-10-03 This volume brings together for the first time a collection of studies that investigates how multilingual speakers construct emotions in their talk as a joint discursive practice The contributions draw on the well established converging traditions of conversation analysis discursive psychology and membership categorization analysis together with recent work on interactional storytelling stylization and multimodal analysis By adopting a discursive approach to emotion in multilingual talk the volume breaks with the dominant view of emotions as cognitive and intra psychological phenomena and their study through self report Through detailed analyses of original recorded data the chapters examine how participants produce emotion implicative actions identities stances and morality through their interactional work in ordinary face to face conversation computer mediated interaction institutional talk in medical educational and broadcast media settings and in research interviews The volume addresses itself to students and researchers interested in language and emotion multilingual speakers and settings pragmatics and discourse analysis *Fieldnotes in Qualitative Education and Social Science Research* Casey Burkholder, Jennifer Thompson, 2020-04-08 Building upon the incorporation of fieldnotes into anthropological research this edited collection explores fieldnote practices from within education and the social sciences Framed by social justice concerns about power in knowledge production this insightful collection explores methodological questions about the production use sharing and dissemination of fieldnotes Particular attention is given to the role of context and author positionality in shaping fieldnotes practices Why do researchers take fieldnotes What do their fieldnotes look like What ethical concerns do different types of fieldnotes practices provoke By drawing on case studies from numerous international contexts including Argentina Cameroon Canada Ghana Hong Kong Hungary Kenya Lebanon Malawi the Netherlands South Africa and the US the text provides comprehensive and nuanced answers to these questions This text will be of interest to academics and scholars conducting research across the social sciences and in particular in the fields of anthropology and education *The Palgrave Handbook of Child Mental Health* Jessica Nina Lester, Michelle O'Reilly, 2015-12-17 A landmark publication in the field this state of the art reference work includes contributions from leading thinkers across a range of disciplines on topics including ADHD autism depression eating disorders and trauma It is an essential resource for all those involved or interested in child mental health *Doing Qualitative Analysis In Psychology* Nicky Hayes, 2013-12-16 In recent years qualitative analysis has become accepted as part of modern psychology Concern about the limitations of conventional laboratory based research combine with a growing interest in real world issues to produce an awareness of the rich potential of qualitative analysis Virtually all psychology students undertake practical

work as part of their courses More and more of them are seeking to conduct research which includes qualitative analysis Too often though students lack awareness of the range and diversity of qualitative approaches Qualitative analysis can take many different forms and can use any different sources of data At one end of the spectrum this diversity provides the eclectic psychologists with a rich analytical tool box For those at the other end qualitative analysis is an integral part of a full theoretical critique of positivistic methodologies in psychology This text provides examples of how different psychologists have used qualitative analysis in research Each chapter is based around a real piece of research and the researcher discusses exactly how they went about conducting the analysis The text covers a wide range of theoretical and methodological approaches to qualitative analysis and should be of interest to research psychologists as well as to students Focus Group Practice Claudia Puchta, Jonathan Potter, 2004-02-28 0761966900 The Routledge Handbook of Research Methods in the Study of Religion Steven Engler, Michael Stausberg, 2021-11-29 This substantially revised second edition of The Routledge Handbook of Research Methods in the Study of Religion remains the only comprehensive survey in English of methods and methodology in the discipline Designed for non specialists and upper undergraduate graduate level students it discusses the range of methods currently available to stimulate interest in unfamiliar methods and enable students and scholars to evaluate methodological issues in research The Handbook comprises 39 chapters 21 of which are new and the rest revised for this edition A total of 56 contributors from 10 countries cover a broad range of topics divided into three clear parts Methodology Methods Techniques The first section addresses general methodological issues including comparison research design research ethics intersectionality and theorizing analysis The second addresses specific methods including advanced computational methods autoethnography computational text analysis digital ethnography discourse analysis experiments field research grounded theory interviewing reading images surveys and videography The final section addresses specific techniques including coding focus groups photo elicitation and survey experiments Each chapter covers practical issues and challenges theoretical bases and their use in the study of religion s illustrated by case studies The Routledge Handbook of Research Methods in the Study of Religion is essential reading for students and researchers in the study of religion s as well as for those in related disciplines
