Shadow Kings Mark Hill,2005-09-26 In the late Eighteenth Century a goldsmith and early European banker by the name of Meyer Anselm Rothschild convened a secret meeting in Frankfurt Germany of 13 prominent Jewish banking families for the purpose of formulating a plan to oppose the power of the Catholic Church and gain control of the western world through financial and political manipulation Throughout the centuries this close affiliation of international bankers and heads of state has been referred to by many different names the Family the Circle the Olympians the Money Power the Elites and most prominently the Illuminati Their identities have remained shrouded in secrecy but their objectives and their tactics have remained consistently true to the original plans of the thirteen bloodline families Through the ownership and the manipulation of the central banks of Europe and that of the United States democracy itself The current trends toward corporate globalization are a direct result of their plans for a one world government the New World Order At the start of the millennium one thing is clear their plans are working John Doe is Everyman born into an aristocratic family of the
