Temperament and Character of the Arabs Sania Hamady, 1960 **Temperament and Character of the Arabs** Sania Hamady, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Arab World* Halim Barakat, 1993-10-14 This wide ranging examination of Arab society and culture offers a unique opportunity to know the Arab world from an Arab point of view Halim Barakat an expatriate Syrian who is both scholar and novelist emphasizes the dynamic changes and diverse patterns that have characterized the Middle East since the mid nineteenth century The Arab world is not one shaped by Islam nor one simply explained by reference to the sectarian conflicts of a mosaic society Instead Barakat reveals a society that is highly complex with many and various contending polarities It is a society in a state of becoming and change one whose social contradictions are at the root of the struggle to transcend dehumanizing conditions Arguing from a perspective that is both radical and critical Barakat is committed to the improvement of human conditions in the Arab world *Armies of Sand* Kenneth Michael Pollack, 2019 Since the Second World War Arab armed forces have consistently punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties *Armies of Sand* Kenneth M Pollack's powerful and riveting history of Arab armies from the end of World War Two to the present assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of fifteen Arab armies and air forces in virtually every Middle Eastern war from the Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all

Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945

with pre Islamic times and continues to the last decades of the twentieth century quoting thinkers ranging from Ibn Khaldun to modern writers such as al Ansari Haykal Ahmad Amin al Azm and Said Through their works Rejwan shows how Arabs have grappled with such significant issues as the influence of Islam the rise of nationalism the quest for democracy women s status the younger generation Egypt s place in the Arab world Israel s role in Middle Eastern conflict and the West s cultural invasion By letting Arabs speak for themselves Arabs in the Mirror refutes a prominent Western stereotype that Arabs are incapable of self reflection or self government On the contrary it reveals a rich tradition of self criticism and self knowledge in the Arab world
