Tempest Waters:

For All Waters Lowell Duckert, 2017-03-31 Recent years have witnessed a surge in early modern ecostudies many devoted to Shakespearean drama Yet in this burgeoning discipline travel writing appears moored in historicization inorganic subjects are far less prevalent than organic ones and freshwater sites are hardly visited For All Waters explores these uncharted wetscapes Lowell Duckert shows that when playwrights and travel writers such as Sir Walter Raleigh physically interacted with rivers glaciers monsoons and swamps they composed hydrographies or bodily and textual assemblages of human and nonhuman things that dissolved notions of human autonomy and its singular narrativity With a playful punning touch woven deftly into its theoretical rigor For All Waters disputes fantasies of ecological solitude that would keep our selves high and dry and that would try to sustain a political ecology excluding water and the poor The lives of both humans and waterscapes can be improved simultaneously through direct engagement with wetness For All Waters concludes by investigating waterscapes in peril today West Virginia's chemical rivers and Iceland's vanishing glaciers and outlining what we can learn from early moderns' eco-ontological lessons By taking their soggy and storied matters to heart and arriving at a greater realization of our shared wetness we can conceive new directions to take within the hydropolitical crises afflicting us today

The Empire's of J. G. Ballard David Ian Paddy, 2015-08-25 J G Ballard once declared that the most truly alien planet is Earth and in his science fiction he abandoned the traditional imagery of rocket ships traveling to distant galaxies to address the otherworldliness of this world The Empires of J G Ballard is the first extensive study of Ballard's critical vision of nation and empire of the political geography of this planet Paddy examines how Ballard's self-perceived status as an outsider and exile the Sheppertonian from Shanghai generated an outlook that celebrated worldliness and condemned parochialism This book brings to light how Ballard wrestled with notions of national identity and speculated upon the social and psychological implications of the post-war transformation of older models of empire into new imperialisms of consumerism and globalization Presenting analyses of Ballard's full body of work with its tales of reverse colonization psychological imperialism the savagery of civilization estranged Englishmen abroad and at home and multinational communities built on crime The Empires of J G Ballard offers a fresh perspective on the fiction of J G Ballard The Empires of J G Ballard An Imagined Geography offers a sustained and highly convincing analysis of the imperial and post-imperial histories and networks that shape and energise Ballard's fictional and non-fictional writings To what extent can Ballard be considered an international writer What happens to our understanding of his post-war science fictions when they are opened up to the language and logics of post-colonialism And what creative and critical roles do the spectres of empire play in Ballard's visions of modernity Paddy follows these and other fascinating lines of enquiry in a study that is not only essential reading for Ballard students and scholars but for anyone interested in the intersections of modern and contemporary literature history and politics Jeanette Baxter Anglia Ruskin University Shanghai made my father Arriving in England after WW2 he was a

person of the world who d witnessed extremes of human experience and remained the outsider observing life from his home in Shepperton 1930s Shanghai Paris of the East was a mix of international sophistication and violence unfettered capitalism and acute poverty American cars martinis and Coca Cola a place marked by death and war It had a profound influence on my father and his imagination Dr Paddy s fascinating book explores my father s fiction within an international context and offers a profound reading of a man who always kept his eyes and mind open to the world Fay Ballard **Tempest Waters** Nancy Gideon,1993 When her father dies in a storm on Lake Superior Joelle Parry must fight to save his lumbering company and to this end forms a partnership with confident well connected Marshall Cameron Original The Tempest's Roar R.A.R. Clouston,2009-04-13 This is a story of the whales and dolphins who rule the Seven Seas and the odyssey of a white dolphin named Apollo whose destiny is to save whalekind from destruction on this planet man calls Earth but whales know as Planet Ocean Whether you choose to believe it or not humans are not the only intelligent beings on this endangered blue marble drifting silently through space for that reason Apollos story must be told lest you and your kind live on in ignorance of the complex civilization that lies beneath the waves If you dare to join him Apollo will take you into a world filled with mystery and magic mayhem and madnassa place of budding life and sudden death where the light of the sun penetrates only the upper layers leaving the rest of its vast dominions inked in eternal darkness You will find pleasure in clear sunlit shallows above rippled sandy bottoms where tiny fish zoom and zip and feel terror in deep dark cold waters where monsters dwell And when your journey is done you will never again look upon the oceans that surround you through the same eyes or think about the whales and dolphins who dwell within them with the same mind for this is a true tale of life and death and renewal that exists beyond the thin blue line that divides Apollos world from yours it is a world unlike anything you have ever known and you ignore it at your peril **The Mission Field** ,1884 **The Land is Ours** Tembeka Ngcukaitobi,2018-02-01 The Land Is Ours tells the story of South Africa s first black lawyers in the late nineteenth and early twentieth centuries In an age of aggressive colonial expansion land dispossession and forced labour these men believed in a constitutional system that respected individual rights and freedoms and they used the law as an instrument against injustice The book follows the lives ideas and careers of Henry Sylvester Williams Alfred Mangena Richard Msimang Pixley ka Isaka Seme Ngcubu Poswayo and George Montsioa most of whom were also members of the ANC It analyses the legal cases they took on explores how they reconciled the law with the political upheavals of the day and considers how they sustained their fidelity to the law when legal victories were undermined by politics The Land Is Ours shows how these lawyers developed the concept of a Bill of Rights which is now an international norm Amid current suspicion of the Constitution and its protection of individual rights the book clearly demonstrates that from the beginning the struggle for freedom was based on the ideas of constitutionalism and the rule of law *Water and Cognition in Early Modern English Literature* Nicholas Helms,Steve Mentz,2025-10-01 Water and cognition seem unrelated things the one a physical environment and the other an intellectual process The essays

in this book show how bringing these two modes together revitalizes our understanding of both Water and especially oceanic spaces have been central to recent trends in the environmental humanities and premodern ecocriticism Cognition including ideas about the extended mind and distributed cognition has also been important in early modern literary and cultural studies over the past few decades This book aims to think water and cognition as distinct critical modes and also to combine them in what we term watery thinking Water and Cognition brings together cognitive science and ecocriticism to ask how the environment influences how humans think and how they think about thinking The collection explores how water as element as environment and as part of our bodies affects the way early modern and contemporary discourses understand cognition

Zion's Rock-Solid Foundations Jaap Dekker,2007-04-30 No other biblical book ascribes such a prominent place to the theme of Zion as the book of Isaiah does One of the most important statements regarding Zion is to be found in Isa 28 16 The text speaks of the laying of a foundation stone in Zion and enjoys an important place in New Testament preaching since it is associated with the advent of Jesus Christ The present study addresses the interpretation of Isa 28 16 in its Old Testament context Its significance lies in the fresh contribution it makes to our understanding of the Zion text in question and its importance for establishing the role played by Zion and the so called Zion tradition in the preaching of Isaiah *Colonial Survey and Native Landscapes in Rural South Africa, 1850 - 1913* Lindsay F. Braun,2014-10-16 In *Colonial Survey and Native Landscapes in Rural South Africa 1850 1913* Lindsay Frederick Braun explores the technical processes and struggles surrounding the creation and maintenance of boundaries and spaces in South Africa in the nineteenth and early twentieth centuries The precision of surveyors and other colonial technicians lent these enterprises an illusion of irreproachable objectivity and authority even though the reality was far messier Using a wide range of archival and printed materials from survey departments repositories and libraries the author presents two distinct episodes of struggle over lands and livelihoods one from the Eastern Cape and one from the former northern Transvaal These cases expose the contingencies contests and negotiations that fundamentally shaped these changing South African landscapes **Voyager: The Art of Pure Awareness** Robin Craig Clark,2010-02-15 An exploration of the secret universe we all carry inside us Discover what it is to be truly free by changing the restrictive patterns and belief systems of the mind A delicate balance of art and philosophy poetry and science this carefully crafted book will take you on a spiritual voyage that dares to cross the horizon between this world and the world of dreams Twenty years from now you will be more disappointed by the things that you didn't do than by the ones you did do So throw off the bowlines Sail away from the safe harbor Catch the trade winds in your sails Explore Dream Discover Mark Twain **Irish Lyrical Poems** Mrs. O'DONOVAN,1868 **Immediate Adresse unto God alone.
