Leloup, 2002-02-01 Restores to the forefront of the Christian tradition the importance of the divine feminine The first complete English language translation of the original Coptic Gospel of Mary with line by line commentary Reveals the eminence of the divine feminine in Christian thought Offers a new perspective on the life of one of the most controversial figures in the Western spiritual tradition Perhaps no figure in biblical scholarship has been the subject of more controversy

and debate than Mary Magdalene Also known as Miriam of Magdala Mary Magdalene was considered by the apostle John to be the founder of Christianity because she was the first witness to the Resurrection In most theological studies she has been depicted as a reformed prostitute the redeemed sinner who exemplifies Christ's mercy Today's reader can ponder her role in the gospels of Philip Thomas Peter and Bartholomew the collection of what have come to be known as the Gnostic gospels rejected by the early Christian church Mary's own gospel is among these but until now it has remained unknown to the public at large Orthodox theologian Jean Yves Leloup's translation of the Gospel of Mary from the Coptic and his thorough and profound commentary on this text are presented here for the first time in English The gospel text and the spiritual exegesis of Leloup together reveal unique teachings that emphasize the eminence of the divine feminine and an abiding love of nature over the dualistic and ascetic interpretations of Christianity presented elsewhere What emerges from this important source text and commentary is a renewal of the sacred feminine in the Western spiritual tradition and a new vision for Christian thought and faith throughout the world

The Da Vinci Deception Erwin W. Lutzer, 2006 In this book respected bible teacher Erwin Lutzer gives you the facts behind the fiction in his reader friendly accessible style He exposes the myths behind these and other legends uncovers the historical distortions presented in the novel and equips you with the real story behind the story The Turin Shroud Lynn Picknett, Clive Prince, 2007-03-13 Long held to be Jesus burial garb the Shroud of Turin has been the most fiercely guarded and oft debated religious relic in the history of Christianity These authors contend that the image on the shroud is not Jesus of Nazareth but Leonardo da Vinci Photos **The Crusades and the Far-Right in the Twenty-First Century** Charlotte Gauthier, 2024-09-04 Engaging the Crusades is a series of concise volumes up to 50 000 words which offer initial windows into the ways in which the crusades have been used in the last two centuries demonstrating that the memory of the crusades is an important and emerging subject Together these studies suggest that the memory of the crusades in the modern period is a productive exciting and much needed area of investigation This volume explores how crusading rhetoric iconography and historiography have been purposed by far right nationalist and related groups in the recent past through case studies as varied as Brenton Tarrant who killed 51 people at a mosque and Islamic centre in New Zealand in March 2019 a modern American military order that uses memes to recruit members and spread its ideology and the bestselling video game Assassin's Creed As nationalist and far right ideologies have gained adherents in Europe and the Americas understanding how ideologues have misused the crusading past for their own ends is more important than ever The Crusades and the Far Right in the Twenty First Century is useful for all students and scholars interested in the intersection between the history of the crusades and far right ideology in the modern age **Voodoo Histories** David Aaronovitch, 2010-02-04 Meticulous in its research forensic in its reasoning robust in its argument and often hilarious in its debunking a highly entertaining rumble with the century's major conspiracy theorists and their theories John Lahr National Book Critics Circle Award winning author of Tennessee Williams From an award winning journalist a history so funny so true so scary it's bound to be called a conspiracy Our age is obsessed by the idea of conspiracy We see it everywhere from Pearl Harbor to 9 11 from the assassination of Kennedy to the death of Diana In this age of terrorism we live in the role of conspiracy is a serious one one that can fuel radical or fringe elements to violence For David Aaronovitch there came a time when he started to see a pattern among these inflammatory theories these theories used similarly murky methods with which to insinuate their claims they linked themselves to the supposed conspiracies of the past it happened then so it can happen now they carefully manipulated their evidence to hide its holes they relied on the authority of dubious academic sources Most important they elevated their believers to membership of an elite a group of people able to see beyond lies to a higher reality But why believe something

that entails stretching the bounds of probability so far In this entertaining and enlightening book he examines why people believe conspiracy theories and makes an argument for a true skepticism one based on a thorough knowledge of history and a strong dose of common sense

Which Way Are You Going? Maurice S. Rawlings, 2008-11 Which religion is yours You don't have one That's strange because in the hospital Emergency Room everyone seems to vocalize a religion of some sort want to or not The typical response to an acute injury or illness is God help me And they can't keep from saying this Each religion also seems to involve this basic question Is there a life after death And to attain this good life when you die seems to form the basic objective of most religions But how do you know that you have the right religion In this wonderful Age of Resuscitation in which we live post death experiences occur in most all faiths races and cultures In fact about twenty percent of those resuscitated from clinical death have had an after death experience so real that it turns their life upside down Not only are they willing to bet their life on this revelation but the very sequence of events are comparable something that drugs chemicals injuries and infections cannot do or duplicate For contrast let's compare the death experience for the main groups of religions for death as with life is patiently waiting for each of us to discover this answer for ourselves
