Your Own Song to Sing (Volume 2) Saverio, 2011-04-01 Writing has taken over my life in a good way My thoughts continually are geared towards my next song Sometimes I get a few lines in my head when I am driving and I have to pull over the car and write them down No matter where I am I get the urge to write I could be talking to a neighbor or be in the middle of mass at church and a word or phrase will pop into my head and whoa a new song is born More than anything I love love love the peace of mind songwriting allows me to have Most of my lyrics take me 15 to 30 minutes to write There was a time when I was writing 6 8 lyrics in a day Sometimes I would sit there and stare at my pencil asking why did you stop I swear at times the pencil kept moving like I wasnt even thinking of what to write This is my first edition I hope to continue with future editions as I am still writing new songs everyday Someday I hope to put my lyrics to my own music and I recently started taking piano lessons Hey we all know life is a learning process a learning curve we need to experience the turns with the ride I wish you all success with this book and look forward to seeing some of you with me when it comes to award times

R. Averill,2012-12-06 In recent years a great deal has been written on the topic of aggression another book on the same topic might seem superfluous at this time However the present volume is not just or even primarily about aggression It is rather a book on anger Anger and aggression are closely related phenomena and it is not possible to discuss one without the other Yet not all anger is aggressive nor can all aggression be attributed to anger Therefore somewhat different considerations apply to each Even more importantly the type of theoretical generalizations one can make differs depending upon whether the primary focus is on anger or aggression The present volume is subtitled an essay on emotion This indicates that the generalizations to be drawn have more to do with emotional responses e g grief love envy etc than with various forms of aggression e g riots war crimes of violence etc Stated somewhat differently anger is here being used as a paradigm case for the study of emotion not for the study of aggression      White's Penal Code Texas,Walter L.
