Tempting Traditions with Worthy Additions Marie Louise Everson Smart, 2004-03-29 As the wife of an Episcopal priest I have had the privilege to prepare and serve food for small and large groups and have through the years shared recipes with many people But when my own children asked me to compile favorite family recipes I decided to pursue the project in earnest And so my book was born The recipes are organized in the usual categories I have defined words that I think may be unfamiliar Most often I have included helpful hints and techniques I have discovered that improve the product The final chapter The Sm rgasbord re creates the grandest of our Norwegian festival traditions I have included some memories hoping that my stories will strike a chord in my readers so that they too will remember [The Apostolic Tradition of Hippolytus](#). Anthony J. Guerra,1995-01-05 Of all the letters in the Pauline corpus the Letter to the Romans has attracted the greatest degree of scholarly attention Yet surprisingly scant consideration has been given to the question of its literary genre Taking up the comparatively brief suggestions of previous scholars Dr Guerra argues that the Letter belongs to the protreptic genre the class of writing in antiquity which urges the adoption of a particular way of life or a deeper commitment to it setting out its advantages replying to objections and demonstrating its superiority Working through each chapter of the Letter in turn he indicates how Paul provides a critique of non Christian ways of life both Jewish and Gentile and affirms the superiority of the Christian Gospel It becomes apparent that the Pauline apologetics of Romans stand between the hellenistic Jewish tradition and the later Greek Christian apologists and may have influenced the latter **Early Christian and Jewish Monotheism**

Loren T. Stuckenbruck,Wendy E. Sproston North,2004-05-27 Early Christology must focus not simply on historical but also on theological ideas found in contemporary Jewish thought and practice In this book a range of distinguished contributors considers the context and formation of early Jewish and Christian devotion to God alone the emergence of monotheism The idea of monotheism is critically examined from various perspectives including the history of ideas Graeco Roman religions early Jewish mediator figures scripture exegesis and the history of its use as a theological category The studies explore different ways of conceiving of early Christian monotheism today asking whether monotheism is a conceptually useful category whether it may be applied cautiously and with qualifications or whether it is to be questioned in favor of different approaches to understanding the origins of Jewish and Christian beliefs and worship This is volume 1 in the Early Christianity in Context series and volume 263 in the Journal for the Study of the New Testament Supplement Series *Fetishizing*

Tradition Alan Cole,2015-09-21 Describes how religious tradition is established as available within a text free from ritual and observance in Buddhism and Christianity This innovative work documents the literary gesture that fetishizes tradition making long standing religious traditions appear present and available through the reading experience Taking as examples Paul s Letter to the Romans the Gospel of Mark the S tra on the Land of Bliss Sukh vat vy ha and the Platform S tra of the Sixth Patriarch Liuzu tanjing Alan Cole shows how these texts invite readers into the fantasy that they can leave behind tradition s established rites rituals sacrifices institutions and festivals in order to take up just the text and its narrative as the key to salvation Ironically then one s salvation is determined by how one receives the new message of salvation Crucial to making these more virtual forms of tradition appear plausible is the reconstruction of tradition s truth fathers God or the Buddha as the case may be so that they appear to endorse the legitimacy of these new ways of being traditional Relying on a wide body of critical theory this book presents an intriguing way to rethink key elements in Christian and Buddhist thought

Dickens and the Sentimental Tradition Valerie Purton, 2014-10-01 Dickens and the Sentimental Tradition is a timely study of the sentimental in Dickens's novels which places them in the context of the tradition of Fielding Richardson Sterne Goldsmith Sheridan and Lamb This study re evaluates Dickens's presentation of emotion first within the eighteenth century tradition and then within the dissimilar nineteenth century tradition as part of a complex literary heritage that enables him to critique nineteenth century society The book sheds light on the construction of feelings and of the good heart ideas which resonate with current critical debates about literary affect Sentimentalism as the text demonstrates is crucial to understanding fully the achievement of Dickens and his contemporaries Treherne's Temptation Alaric Carr, 1883

The Jewish Apocalyptic Tradition and the Shaping of New Testament Thought Benjamin E. Reynolds, Loren T. Stuckenbruck, 2017-04-01 The contemporary study of Jewish apocalypticism today recognizes the wealth and diversity of ancient traditions concerned with the unveiling of heavenly matters understood to involve revealed wisdom the revealed resolution of time and revealed cosmology in marked contrast to an earlier focus on eschatology as such The shift in focus has had a more direct impact on the study of ancient pseudepigraphic literature however than in New Testament studies where the narrower focus on eschatological expectation remains dominant In this Companion an international team of scholars draws out the implications of the newest scholarship for the variety of New Testament writings Each entry presses the boundaries of current discussion regarding the nature of apocalypticism in application to a particular New Testament author The cumulative effect is to reveal as never before early Christianity its Christology cosmology and eschatology as
