cover *Thomas Merton and the Inclusive Imagination* Ross Labrie, 2001 Thomas Merton 1915-1968 was a Roman Catholic priest, a Trappist monk, a social activist, and a poet. Author of the celebrated autobiography *The Seven Storey Mountain*, Merton has been described as the most important American religious writer of the past hundred years. One of the notable characteristics of Merton's writing, both in poetry and in prose, was his seamless intermingling of religious and Romantic elements, an intermingling that, because of his gifts as a writer and because of his enormous influence, has had the effect of making widespread a distinctive form of religious thought and expression. In *Thomas Merton and the Inclusive Imagination*, Ross Labrie reveals the breadth of Merton's intellectual reach by taking an original and systematic look at Merton's thought, which is generally regarded as eclectic and unsystematic. *In the Dark Before Dawn* Thomas Merton, Lynn R. Szabo, 2013-08-20 A new broad comprehensive view of the innovative poetry of the late great Trappist monk and religious philosopher Thomas Merton. Poet, Trappist monk, religious philosopher, translator, social critic: the late Thomas Merton was all these things. Until now, no selection from his great body of poetry has afforded a comprehensive view of his varied and largely innovative work. In *In the Dark Before Dawn: New Selected Poems of Thomas Merton*, is not only double the size of Merton's earlier *Selected Poems* (1967), it also arranges his poetry thematically and chronologically so that readers can follow the poet's multifarious interrelated lines of thought as well as his poetic development over the decades, from his college days in the 1930s to his untimely accidental death in Bangkok in 1968 during his personal Eastern pilgrimage. The selections are grouped under eight thematic headings: Geography's Landscapes, Poems from the Monastery, Poems of the Sacred, Songs of Contemplation, History's Voices, Past and Present, Engaging the World, On Being Human, Merton and Other Languages. *The Crazies* Amy Gamerman, 2025-01-07 This is a story about a fight between neighbors when the folks next door are on the Forbes 400 list and you're the guy fixing an irrigation ditch in a vest mended with duct tape. Big Timber, Montana, is one of the windiest towns in one of the windiest states in the country. Mountain gap winds howl down from the Crazies like a coyote rattling windows in their frames and nudging semi-trucks sideways on Interstate 90. Most locals learn to live with the wind. Rick Jarrett sought his fortune in it. A fifth-generation rancher deep in debt, he didn't much believe in climate change. But like the prospectors who rushed to the Treasure State to mine copper and gold, he believed in his right to make a living off his goddamn land. His decision to erect Crazy Mountain Wind would spark fifteen years of legal tussles pitting him against a Texas oil magnate, a flashy Vegas criminal defense attorney, the heir to the largest privately held company in America, and a former cop committed to conserving and preserving this last best place on earth. As the years dragged on, the battle over Crazy Mountain Wind would devolve into a fight over the values that define us as Americans, pulling in an ever wider cast of characters, including a San Francisco private equity firm, strict constructionist Public Service Commissioners, and a Crow activist determined to regain his tribe's right to climb the mountains they hold sacred. A riotous patchwork portrait of a community of cowboys and billionaires and billionaire cowboys, *The Crazies* is a heartbreaking story about what it means to

be a good neighbor and how to care for a place you love

Hoy,2006 The Flint Hills are America s last tallgrass prairie a green enclave set in the midst of the farmland of eastern Kansas Known as the home of the Big Beef Steer these rugged hills have produced exemplary cowboys both the ranch and rodeo varieties whose hard work has given them plenty of material for equally good stories Jim Hoy grew up in the Flint Hills on a ranch at Cassoday that s been in his family for five generations and boasts roots as deep as those of bluestem grass in black soil bottomland He now draws on this area s rich cowboy lore as well as on his own experience working cattle breaking horses and rodeoing to write a folk history of the Flint Hills spanning a century and a half Hoy blends history folklore and memoir to conjure for readers the tallgrass prairies of his boyhood in a book that richly recalls the ranching life and the people who lived it Here are cowboys and outlaws rodeo stars and runaway horses

ordinary folks and the stuff of legends Hoy introduces readers to the likes of Lou Hart a top hand with the Crocker Brothers from 1906 to 1910 whose poetic paean to ranch life circulated orally for fifty years before seeing print And he tracks down the legend of Bud Gillette considered by his neighbors the world's fastest man until he fell in with an unscrupulous promoter He even unravels the mystery of a lone grave supposed to be that of the first cowboy in the Flint Hills Hoy also explains why a good horse makes up for having to work with exasperating cattle and why not all horses are created or trained equal And he traces Flint Hills cattle culture from the days of the trail drive through the railroad years to today's trucking era with most railroad stockyards torn down and only one section house left standing Writes Hoy I feed on the stories of the Hills and the characters who tell them as the cattle feed on the grasses His love of the land shines throughout a book so real that readers will swear they hear the click of horseshoes on flint rock with every turn of the page      **Electrical Experimenter** ,1920
