The Tender Barbarian

Bohumil Hrabal, 2019-10-23 The Tender Barbarian is a series of texts Hrabal compiled on the one hand pays homage to his deceased friend experimental graphic artist Vladim r Boudn k and on the other as a somewhat fictionalized account of their life during the 1950s in Prague Libe avant garde poet philosopher Egon Bondy acting as Boudn k s foil and dialectical antithesis By the end of the 1940s all three were trying to move beyond Surrealism Bondy and Hrabal with Total Realism and Boudn k with Explosionalism an associative method of graphically interpreting random blotches Boudn k here plays the naif a proletarian artist a tender barbarian to whom a state of grace comes naturally spontaneously while for Bondy who is poring over philosophical tomes to learn how to achieve such a state this becomes a never ending source of frustration and admiration to which he reacts with streams of invective Hrabal once mentioned that when he sat down in 1973 to write something about Boudn k for an exhibition and samizdat publication to commemorate the fifth anniversary of his death he just kept writing and writing and the book does read almost like an automatic text as one episode spills into another the interplay between the two protagonists forming the dialectic that Hrabal indicates he has borrowed from Boudn k s mode of being and creating Whether the book is rightly called a novel fiction or non fiction or both at once it is a compelling testament to an era and a group of friends who lived for and in art and managed to find beauty and the marvelous even in the dungheap that was Stalinist Czechoslovakia As Hrabal put it I saw two people with the thumbprint of God on their brows Vladim r and Egon Bondy This edition is complemented by a selection of Boudn k s Explosionalist texts and prints

Postcards from Absurdistan Derek Sayer, 2022-11-22 A sweeping history of a twentieth century Prague torn between fascism communism and democracy with lessons for a world again threatened by dictatorship Postcards from Absurdistan is a cultural and political history of Prague from 1938 when the Nazis destroyed Czechoslovakia s artistically vibrant liberal democracy to 1989 when the country s socialist regime collapsed after more than four decades of communist dictatorship Derek Sayer shows that Prague s twentieth century far from being a story of inexorable progress toward some end of history whether fascist communist or democratic was a tragicomedy of recurring nightmares played out in a land Czech dissidents dubbed Absurdistan Situated in the eye of the storms that shaped the modern world Prague holds up an unsettling mirror to the absurdities and dangers of our own times In a brilliant narrative Sayer weaves a vivid montage of the lives of individual Praguers poets and politicians architects and athletes journalists and filmmakers artists musicians and comedians caught up in the crosscurrents of the turbulent half century following the Nazi invasion This is the territory of the ideologist the collaborator the informer the apparatchik the dissident the outsider the torturer and the refugee not to mention the innocent bystander who is always looking the other way and V clav Havel s greengrocer whose knowing complicity allows the show to go on Over and over Prague exposes modernity s dreamworlds of progress as confections of kitsch In a time when democracy

is once again under global assault Postcards from Absurdistan is an unforgettable portrait of a city that illuminates the predicaments of the modern world
