From Ellis Island to JFK Nancy

Foner,2008-10-01 In the history the very personality of New York City few events loom larger than the wave of immigration at the turn of the last century Today a similar influx of new immigrants is transforming the city again Better than one in three New Yorkers is now an immigrant From Ellis Island to JFK is the first in depth study that compares these two huge social changes A key contribution of this book is Nancy Foner s reassessment of the myths that have grown up around the earlier Jewish and Italian immigration and that deeply color how today s Asian Latin American and Caribbean arrivals are seen Topic by topic she reveals the often surprising realities of both immigrations For example Education Most Jews despite the myth were not exceptional students at first while many immigrant children today do remarkably well Jobs Immigrants of both eras came with more skills than is popularly supposed Some today come off the plane with advanced degrees and capital to start new businesses Neighborhoods Ethnic enclaves are still with us but they re no longer always slums today s new immigrants are reviving many neighborhoods and some are moving to middle class suburbs Gender For married women a century ago immigration often surprisingly meant less opportunity to work outside the home Today it s just the opposite Race We see

Jews and Italians as whites today but to turn of the century scholars they were members of different alien races Immigrants today appear more racially diverse but some particularly Asians may be changing the boundaries of current racial categories Drawing on a wealth of historical and contemporary research and written in a lively and entertaining style the book opens a new chapter in the study of immigration and the story of the nation s gateway city The Story's Not Over Victoria Aarons,2025-05-27 The diverse forms and structures of graphic narratives discussed in this volume by a range of international scholars demonstrate the ways in which Jewish women s graphic narratives reach into the past by way of stories and histories both individual and collective that provide a touchstone for the shape of identity **The "M" in CITAMS@30** Casey Brienza,Laura Robinson,Barry Wellman,Shelia R.
