

Tennis To Win

Joseph Correa

Tennis To Win:

Tennis: Winning the Mental Match Allen Fox,2010-09-30 Tennis is more mentally difficult than most other sports Because of its one on one nature it feels more important than it is Competitive matches can become highly stressful and losing is painful Emotions tend to get out of hand with fears and nerves becoming difficult to control Confidence comes and goes the scoring system is diabolical and everyone is at risk of choking even the greatest players in the world This book attacks these and other issues faced by players of all levels Dr Allen Fox s solutions are logical and straightforward and most importantly they have been tested on court and they work *Playing Tennis to Win* Mariana Correa,2014-09-02 *Playing Tennis to Win* is written by a professional tennis player and coach She has a proven winning record and will teach you how to win It provides clear instruction on winning strategies and how to become a better player to ultimately win more matches The author Mariana Correa is a former professional tennis player and certified sports nutritionist that competed successfully all over the world She shares years of experience both as a player and a coach bringing a perspective beyond priceless This book will help you on and off the court It inspires you to excel and dare to dream beyond your abilities Every aspect to win is explained including Mental training Nutrition Fitness Training and much more with a clear and easy way to understand Learn from the best with this great tennis book that will get you winning more matches **12 Tennis Secrets to Win**

More by Joseph Correa Joseph Correa,2013-05-27 This book will teach you important concepts that most people have never heard of or have forgotten You will learn to compete better and perform to your maximum level It comes with 5 bonus tennis tips Learning to master the mental side of tennis has always been a difficult part of the game Some players have decided to simply not train mentally or simply ignore it which is a big mistake It is said that winning in tennis is 80 90 % MENTAL Just take into account that key points in a tennis match such as match point game point break points and set points are all crucial situations that can decide the outcome of any particular competition SO WHY DO MOST PEOPLE SKIP MENTAL TRAINING Take into account that on average a tennis match lasts 1 hour and 30 minutes Focusing for such an extended amount of time is not easy task but with the right concepts and ideas to get you there things will become more obtainable Start reading and putting into practice the concepts and ideas provided in this book so that you can get the most of your game and win more often Created by a professional tennis player and coach with more than 10 years of experience Learning from the pros and learn what they do before during and after competition can change the way you view tennis and competition If you want to win more tennis matches and tournaments you need to buy this book and memorize the ideas within Tennis is all about preparation and that s you will learn besides other very important tips and tricks to help you overcome tough competitors Learn What you should be doing before your match The best way to approach a win The best way to overcome a loss and how to win after that What the best players in the world are doing to warm up before their matches Why some players can t handle match pressure situations and what you can do to overcome it These are just a few of the things you will learn In

today's game it's important to understand what works and what doesn't. Some people repeat the same mistakes over and over again getting nowhere while others try to make a change for the better and find new ways to do the same things they've been doing before.

12 Tennis Secrets to Win More Joseph Correa, 2014-04 This book will teach you important concepts that most people have never heard of or have forgotten. You will learn to compete better and perform to your maximum level. It comes with 5 bonus tennis tips and 15 serve drills. Learning to master the mental side of tennis has always been a difficult part of the game. Some players have decided to simply not train mentally or simply ignore it which is a big mistake. It is said that winning in tennis is 80-90% MENTAL. Just take into account that key points in a tennis match such as match point, game point, break points and set points are all crucial situations that can decide the outcome of any particular competition. SO WHY DO MOST PEOPLE SKIP MENTAL TRAINING? Take into account that on average a tennis match lasts 1 hour and 30 minutes. Focusing for such an extended amount of time is not an easy task but with the right concepts and ideas to get you there things will become more obtainable. Start reading and putting into practice the concepts and ideas provided in this book so that you can get the most of your game and win more often. Created by a professional tennis player and coach with more than 10 years of experience. Learning from the pros and learn what they do before, during and after competition can change the way you view tennis and competition. If you want to win more tennis matches and tournaments you need to buy this book and memorize the ideas within. Tennis is all about preparation and that's what you will learn besides other very important tips and tricks to help you overcome tough competitors. Learn what you should be doing before your match. The best way to approach a win. The best way to overcome a loss and how to win after that. What the best players in the world are doing to warm up before their matches. Why some players can't handle match pressure situations and what you can do to overcome it. These are just a few of the things you will learn. In today's game it's important to understand what works and what doesn't. Some people repeat the same mistakes over and over again getting nowhere while others try to make a change for the better and find new ways to do the same things they've been doing before. Tennis Science for Tennis Players Howard Brody, 1987 How does your opponent put that tricky spin on the ball? Why are some serves easier to return than others? The mysteries behind the winning strokes, equipment and surfaces of the game of tennis are accessibly explained by Howard Brody through the laws of physics. And he gives practical pointers to ways players can use this understanding to advantage in the game. Through extensive laboratory testing and computer modeling Brody has investigated the physics behind the shape of the tennis racket, the string pattern, the bounce of the tennis ball, the ways a particular court surface can determine the speed of the game and the many other physical factors involved in tennis.

Think To Win : Mental Toughness for Tennis Game Gus Fernandes, 2015-06-03 Tennis is what I do. I coach high performance and top nationally ranked tennis players. I find more and more that the key for success in all levels of play is in the mind of a player. That is often neglected. As a player I considered myself a nightmare for my opponents as I would

naturally use all the tools I had to reach the goals I set to myself Now as a coach I put in this book all the tools I used as a player and also learned as a coach This is a great tool and knowledge not only useful for tennis but for all sports and life in general *Tennis* Jim Brown,2004 Outlines a twelve step program for becoming an accomplished tennis player providing 117 drills to help in game development and including drawings that illustrate proper tennis strokes and strategies

Tennis to Win Billie Jean King,1970 **American Lawn Tennis** ,1908 *Ace! Tennis Facts and Stats* Mark Woods,Ruth Owen,2011-01-01 Tennis is a game that involves skill dexterity speed and intelligence but we can t forget that it also involves numbers Readers see how statistics are involved in this fast paced sport They will learn the way the game is scored and meet the most famous players of the past and present from Billie Jean King to Rafael Nadal Along the way readers discover how math plays a vital role in the world of tennis with the help of quizzes graphs and pictograms **Tennis Strokes that Win** Frank Early,1995 Early proves that the quickest way to improve one s game is to improve the strokes The only thing that matters is controlling the ball This book does not merely examine the different types of strokes it concentrates on the winning strokes and what they have in common 62 photos **Spalding's tennis annual** ,1919 Women's Tennis Strategies Joseph Correa,2013-06-14 Learning to master the mental side of tennis has always been a difficult part of the game Some players have decided to simply not train mentally or simply ignore it which is a big mistake It is said that winning in tennis is 80 90 % MENTAL Just take into account that key points in a tennis match such as match point game point break points and set points are all crucial situations that can decide the outcome of any particular competition SO WHY DO MOST PEOPLE SKIP MENTAL TRAINING Take into account that on average a tennis match lasts 1 hour and 30 minutes Focusing for such an extended amount of time is not easy task but with the right concepts and ideas to get you there things will become more obtainable Start reading and putting into practice the concepts and ideas provided in this book so that you can get the most of your game and win more often The best tennis strategies to win more in your league junior professional and recreational matches Knowing what to do and how to do it in your matches can make all the difference in the world What should you do against a consistent player What can you do against a hard hitter Is there a strategy for lobbers How can I overcome players who hit only with slice How should I play against someone who hits with a lot of topspin These and many more questions are answered in this book Do you know any tennis player who doesn t play as well as the others but for some reason finds a way to win That s because they are using the right strategy for the right player and winning against players above their level Written and created by a professional tennis player and coach For this and many more books and DVD s go to www.tennisvideostore.com Winning Singles Strategy for Recreational Tennis Players Gerry Donohue,2016-05-26 This book is not about how to hit the tennis ball It s about where to hit the ball when and why It focuses on playing tennis strategically which is the quickest and best way to raise your game to the next level For recreational players developing a strategic approach to the game is the single most transformative step you can take In this book you will learn how to take

advantage of the strengths in your game how to minimize your weaknesses and how to attack your opponent's game Most tennis players start by focusing on the mechanics of their strokes That makes sense If you can't hit the ball over the net and inside the lines the rest doesn't really matter Later when you're hitting the ball well it's fun to keep working on your shots All tennis players love to hit the ball Unfortunately stroke improvement has a diminishing return Early on you improve rapidly but then the pace levels off It can be frustrating to work week after week month after month and not see any progress Developing your strategic understanding of the game completely changes that dynamic It's difficult to exaggerate how much focusing on strategy can improve every aspect of your game At first glance tennis is a marvelously simple game All you have to do is hit the ball over the net and inside the lines one time more than your opponent does and you win the point Do that often enough and you win the match In truth however tennis is endlessly complex That's why it becomes a lifetime passion for so many of us It's a demanding amalgamation of muscle memory hand-eye coordination geometric understanding stamina and split-second decision making Adding another layer of complexity most of us model our games on professional tennis players We see them win points by smacking the ball off the line serving aces and hitting topspin lobs from outside the doubles alley We want to play like that The catch is we don't have unbelievable hand-eye coordination and don't practice eight hours a day Is it any wonder then that about 80 percent of points in a recreational match end with an unforced error That's right Eight out of 10 points and often more end because you or your opponent hit the ball into the net or outside the lines When we come out of top in a match we like to think that we won It's probably more accurate to say that we didn't lose At the core of strategic success at the recreational level is reducing unforced errors Cutting them by just one or two per set can lead to an exponential leap in matches won This book is filled with strategies and tactics that you can adopt and adapt to improve your game You don't need to apply all of them use only the concepts that work for you If altering the strategies better suits your game go for it Playing strategically will make your game more consistent You'll become a better competitor and you'll have more fun

How to Win at Tennis Paul Douglas, 1990 *Six Sigma Tennis* Steven

Falk, 2010-04-25 A comprehensive handbook designed to increase your tennis knowledge and gain the skills to secure a tennis scholarship into college *Six Sigma Tennis* students hit the ball over the net and inside the lines every single time

We Will Win the Day Louis Moore, 2017-09-21 This exceedingly timely book looks at the history of black activist athletes and the important role of the black community in making sure fair play existed not only in sports but across U.S. society Most books that focus on ties between sports black athletes and the Civil Rights Movement focus on specific issues or people They discuss for example how baseball was integrated or tell the stories of individuals like Jackie Robinson or Muhammad Ali This book approaches the topic differently By examining the connection between sports black athletes and the Civil Rights Movement overall it puts the athletes and their stories into the proper context Rather than romanticizing the stories and the men and women who lived them it uses the roles these individuals played or chose not to play to illuminate the complexities

and nuances in the relationship between black athletes and the fight for racial equality Arranged thematically the book starts with Jackie Robinson s entry into baseball when he signed with the Dodgers in 1945 and ends with the revolt of black athletes in the late 1960s symbolized by Tommie Smith and John Carlos famously raising their clenched fists during a medal ceremony at the 1968 Olympics Accounts from the black press and the athletes themselves help illustrate the role black athletes played in the Civil Rights Movement At the same time the book also examines how the black public viewed sports and the contributions of black athletes during these tumultuous decades showing how the black communities belief in merit and democracy combined with black athletic success influenced the push for civil rights

Womens Doubles and Singles Tennis Strategies Joseph Correa,2014-04-22 Pro tennis player and coach Joseph Correa teaches you the most important singles and doubles tennis strategies and tactics around to help you maximize your potential Learn about I formation doubles strategies Classic doubles strategies Advanced doubles strategies Basic tennis strategies Advanced tennis strategies Mental tennis strategies and more Some of the strategies you will learn how to do are How to beat an all court player How to beat the net rusher How to over come lobbers What to do after you double fault Learn from the best with this great tennis strategy book that will get you winning more matches and thinking better on and off the court Win more matches by using the right strategy for each situation Every player is different in their own way Some players prefer to stay on the baseline while others prefer to rush the net This book will give you the answer to your strategy questions These 32 strategies will teach you how to beat many different types of players and will help you to overcome mental obstacles through specific mental strategies that are included in this book The more strategies and tactics you know and can use the better it is for you Learning to master the mental side of tennis has always been a difficult part of the game Some players have decided to simply not train mentally or simply ignore it which is a big mistake It is said that winning in tennis is 80 90 % MENTAL Just take into account that key points in a tennis match such as match point game point break points and set points are all crucial situations that can decide the outcome of any particular competition SO WHY DO MOST PEOPLE SKIP MENTAL TRAINING Take into account that on average a tennis match lasts 1 hour and 30 minutes Focusing for such an extended amount of time is not easy task but with the right concepts and ideas to get you there things will become more obtainable Start reading and putting into practice the concepts and ideas provided in this book so that you can get the most of your game and win more often For more great tennis books and videos go to www.tennisvideostore.com
