Tennyson and His Poetry,.... Reginald Brimley Johnson,1917 The Cambridge History of English Literature Sir Adolphus William Ward,Alfred Rayney Waller,1917 **Tennyson & His Poetry** Reginald Brimley Johnson,1924 **Books Added** Chicago Public Library,1916 *The Bookman* ,1923 *Victorian Poets and the Politics of Culture* Antony H. Harrison,1998 With the publication of his ambitious new work *Victorian Poets and the Politics of Culture* Antony H Harrison continues his exploration of poetry as a significant force in the construction of English culture from 1837 1900 In chapters focusing on Victorian medievalist discourse Alfred Tennyson Elizabeth Barrett Browning Matthew Arnold and Christina Rossetti Harrison examines a range of Victorian poems in order to show the cultural work they accomplish He illuminates for example such culturally prominent Victorian mythologies as the exaltation of motherhood the Romanic appropriation of transcendent art and the idealization of the gypsy as a culturally alien exotic Other His investigation of the ways in which the authors intervene in the discourses that articulate such mythologies and thereby accrue cultural power along with his analysis of what constitutes cultural power are original contributions to the field of Victorian studies The power of Victorian poetry by midcentury was enhanced by the institutionalization of particular channels through which it circulated Harrison writes poetry was consumed in more varied forms than was other literature *Victorian Poets and the Politics of Culture* has implications for both cultural studies and the study of literature outside the Victorian period A Bookman's Catalogue Vol. 2 M-End T. Bose,R. N. Colbeck,2011-11-01 The Colbeck collection was formed over half a century ago by the Bournemouth bookseller Norman Colbeck Focusing primarily on British essayists and poets of the nineteenth century from the Romantic Movement through the Edwardian era the collection features nearly 500 authors and lists over 13 000 works Entries are alphabetically arranged by author with copious notes on the condition and binding of each copy Nine appendices provide listings of selected periodicals series publications anthologies yearbooks and topical works Bookseller and the Stationery Trades' Journal ,1912 **Peter the Great** Alice Birkhead,1915 *The Cambridge bibliography of English literature. 3. 1800 - 1900* Frederick Wilse Bateson,1940 **The Athenaeum** ,1913 **English Literature, Its History and Its Significance** William J. Long,2016-09-05 This book which presents the whole splendid history of English literature from Anglo Saxon times to the close of the Victorian Era has three specific aims The first is to create or to encourage in every student the desire to read the best books and to know literature itself rather than what has been written about literature The second is to interpret literature both personally and historically that is to show how a great book generally reflects not only the author's life and thought but also the spirit of the age and the ideals of the nation's history The third aim is to show by a study of each successive period how our literature has steadily developed from its first simple songs and stories to its present complexity in prose and poetry To carry out these aims we have introduced the following features 1 A brief accurate summary of historical events and social conditions in each period and a consideration of the ideals which

stirred the whole nation as in the days of Elizabeth before they found expression in literature 2 A study of the various literary epochs in turn showing what each gained from the epoch preceding and how each aided in the development of a national literature 3 A readable biography of every important writer showing how he lived and worked how he met success or failure how he influenced his age and how his age influenced him 4 A study and analysis of every author's best works and of many of the books required for college entrance examinations 5 Selections enough especially from earlier writers and from writers not likely to be found in the home or school library to indicate the spirit of each author's work and directions as to the best works to read and where such works may be found in inexpensive editions 6 A frank untechnical discussion of each great writer's work as a whole and a critical estimate of his relative place and influence in our literature The Mentor: Famous English Poets, Vol. 1 Hamilton Wright Mabie, 2020-08-15 Reproduction of the original The Mentor Famous English Poets Vol 1 by Hamilton Wright Mabie **The School World** ,1915 Reading Poetry Mr. Rohit Manglik, 2023-07-23 In this book we will study about poetic forms techniques and analysis of both classical and contemporary poems *Athenaeum and Literary Chronicle* James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1862 *The Christian Advocate* ,1904 Latin themes of Mary Stuart, Queen of Scots Mary (Queen of Scots), 1855 **A Subject Index of the Modern Works Added to the Library of the British Museum in the Years 1880-[95]: 1891-1895** British Museum. Dept. of Printed Books, 1897 **English Poems: The nineteenth century** Walter Cochrane Bronson, 1907
