Tennysons Background To Genius:

Alfred Tennyson Laurence W. Mazzeno, 2020-08-31 Alfred Tennyson was a poet all his life writing more than a thousand works in virtually every poetic genre. Considered by his Victorian contemporaries the pre eminent poet of the age he has become a canonical figure who is widely read and studied today. Consequently his poems appear on the syllabi of both survey courses in Victorian literature as well as upper division and graduate level topics courses that cover Victorian studies or address subjects such as environmental studies, religion, elegiac poetry, and Arthurian literature. This companion makes Tennyson's poetry accessible to contemporary readers by identifying some of the formal elements of the poems, highlighting their relevance to Tennyson's Victorian contemporaries, and explaining their enduring appeal and value. Entries in the companion, organized alphabetically, provide essential details about Tennyson's most anthologized poems, offer suggestions for reading and interpretation, and elucidate unfamiliar historical and literary allusions. Additional entries, a biography of Tennyson, and a selected bibliography of recent criticism offer information about the people, places, events, and issues that influenced Tennyson or were important to him and his contemporaries. *The Letters of Alfred Lord Tennyson: 1821-1850* Alfred Tennyson, Baron Tennyson, 1981 Many years in preparation, this first volume of Lang and Shannon's edition of Tennyson's correspondence lives up to all expectations. In a comprehensive introduction, the editors present not only the biographical background with vivid portrayals of the *dramatis personae* but also the story of the manuscripts, the ones that were destroyed and the many that luckily survived. The Tennyson who emerges in this volume is not a serene or Olympian figure. He is moody, impulsive, often reckless, now full of camaraderie, now plagued by anxiety or resentment, deeply attached to close friends and family, and uninterested in the social scene. His early life is unenviable: we see glimpses of the embittered, drunken father, the distraught mother, the swarm of siblings in the rectory at Somersby in Lincolnshire. The happiest period is the three years at Cambridge, terminated when his father dies, and the two years thereafter with Arthur Hallam, engaged to his sister and a frequent visitor at their house. The shock of Hallam's death in 1833, coupled with the savage attack on Tennyson's poems in the *Quarterly Review*, is followed by depression, bouts of alcoholism, financial problems, and gradually, in the 1840s, increasing recognition of his work. The year 1850 sees the publication of *In Memoriam*, his long deferred marriage at age forty to Emily Selwood, and his acceptance, not without misgivings, of the post of Poet Laureate. The editors have garnered and selected a large number of letters to and about Tennyson, which supplement his own letters, fill in lacunae in the narrative, and reveal him to us as his friends and contemporaries saw him. *The Letters of Alfred Lord Tennyson, 1851-1870* Alfred Tennyson, Baron Tennyson, 1987-07 The first volume of *The Letters of Alfred Lord Tennyson* showed the young man becoming a poet and recorded the experiences out of which so much of his poetry was forged, that culminated in three personal triumphs: marriage, *In Memoriam*, and the Poet Laureateship. Volume II reveals the gradual emergence of a new and different Tennyson, moving confidently among the great and famous, the intellectual, political, and artistic elite.

yet remaining very much a son of Lincolnshire whose childlike simplicity of manner strikes all who meet him As a young man he was obliged to be paterfamilias of his father's family now he has a family of his own with two sons reaching manhood two houses and two lives one in London and the other at home Through the letters we learn something about his poetry including Maud and The Idylls of the King much about his dealings with publishers and even more about his travels in Scotland Wales Cornwall Norway Switzerland Auvergne Brittany the Pyrenees and it is clear that all that he met became part of him and of his poetry By the close of this volume he is one of the two or three most famous names in the English speaking literary world The edition includes an abundance of letters to and about Tennyson as well as by him and its generous annotation has been commended by reviewers for its range and wit

Ebbatson traces the emergence of conceptions of England and Englishness from 1840 to 1920 His study concentrates on poetry and fiction by authors such as Alfred Lord Tennyson Richard Jefferies Thomas Hardy Q Rupert Brooke and D H Lawrence reading them as a body of work through which a series of problematic English identities are imaginatively constructed Of particular concern is the way literary landscapes serve as signs not only of identity but also of difference Ebbatson demonstrates how a sense of cultural rootedness is contested during the period by the experiences of those on the societal margins whether sexual national social or racial resulting in a feeling of homelessness even in the most self consciously English texts In the face of gradual imperial and industrial decline Ebbatson argues foreign and colonial cultures played a crucial role in transforming Englishness from a stable body of values and experiences into a much more ambiguous concept in continuous conflict with factors on the geographical or psychological periphery *Lincolnshire History and Archaeology* ,1993 *Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the*
