The Hungry Ocean:

The Hungry Ocean Linda Greenlaw, 1999-06-01 *The Hungry Ocean* Linda Greenlaw, 2001-08-01 The term fisherwoman does not exactly roll trippingly off the tongue and Linda Greenlaw the world's only female swordfish boat captain isn't flattered when people insist on calling her one I am a woman I am a fisherman I am not a fisherwoman fisherlady or fishergirl If anything else I am a thirty seven year old tomboy It's a word I have never outgrown Greenlaw also happens to be one of the most successful fishermen in the Grand Banks commercial fleet though until the publication of Sebastian Junger's *The Perfect Storm* nobody cared Greenlaw's boat the *Hannah Boden* was the sister ship to the doomed *Andrea Gail* which disappeared in the mother of all storms in 1991 and became the focus of Junger's book *The Hungry Ocean* Greenlaw's account of a monthlong swordfishing trip over 1 000 nautical miles out to sea tells the story of what happens when things go right proving in the process that every successful voyage is a study in narrowly averted disaster There is the weather the constant danger of mechanical failure the perils of controlling five sleep women and booze deprived young fishermen in close quarters not to mention the threat of a bad fishing run If we don't catch fish we don't get paid period In short there is no labor union Greenlaw's straightforward uncluttered prose underscores the qualities that make her a good captain regardless of gender fairness physical and mental endurance obsessive attention to detail But ultimately Greenlaw proves that the love of fishing in all of its grueling isolating suspenseful glory is a matter of the heart and blood not the mind I knew that the ocean had stories to tell me all I needed to do was listen Svenja Soldovieri *The Hungry Ocean* Linda Greenlaw, 2009-07-01 2000 Alex Award Winner A fascinating story of life at sea A record of a typical month long swordfishing trip the backbreaking work the danger the uncertainty of the weather and the thrill of a gritty job that makes the sea a home

Hungry Ocean Linda Greenlaw, 2000 The world's only female swordfishing captain offers a tale of a thirty day voyage that must endure every hardship known to mariners **Seaworthy** Linda Greenlaw, 2010-06-01 The bestselling author's sequel to *The Hungry Ocean* a fast paced account of her return to swordfishing Linda Greenlaw hadn't been bluewater fishing for ten years not since the events chronicled in the books *The Perfect Storm* and *The Hungry Ocean* but when her lobster traps aren't paying off her truck is on its last gasp and the bills are piling up she decides to take a friend up on his offer and captain a boat for a season of swordfishing A decade older and with family responsibilities she's a different person heading out to sea but any reluctance is quickly tempered by the magnetic lure of adventure And the adventures begin almost immediately The ship turns out to be rusty and ancient and even with a crew of four Greenlaw is faced with technical challenges There are the expected complexities of longline fishing and the nuances of reading the weather Her greatest challenge however comes when the boat's lines inadvertently drift into Canadian waters and Greenlaw is thrown in jail Capturing the moment by moment details of her journey Greenlaw tells a story about human nature and the nature around us about learning what can be controlled and when to let fate step in *Seaworthy* is a compelling narrative about a person setting

her own terms and finding her true self between land and water **All Fishermen Are Liars** Linda Greenlaw, 2004-07-07 Just before Christmas Linda meets up with her best friend and fellow fisherman Alden Leeman for lunch and a drink at the Dry Dock a well worn watering hole in Portland Maine Alden the captain of Linda's first fishing expedition has seen his share of mishaps and adventures at sea When Linda shares memories of navigating her ship through one of the craziest storms she's ever seen Alden quickly follows up with his own tales Then other fishermen who are sitting on the periphery attentively listening decide to weigh in with yarns of their own All Fishermen Are Liars brims with true stories of the most eccentric crew member the funniest episode the biggest fish and the wildest night at sea Denizens of the Dry Dock drift in and out as the bar begins to swell with rounds of drinks and tales that increase in drama Here are some of the greatest fishing stories ever all relayed by Linda Greenlaw in her inimitable style All Fishermen Are Liars will give readers what they have come to love and expect from Linda Greenlaw luminous descriptions and edge of the seat thrills It's the perfect book for anyone who loves fishing and the sea **The Sea and Nineteenth-Century Anglophone Literary Culture** Steve Mentz, Martha Elena Rojas, 2016-11-18 During the nineteenth century British and American naval supremacy spanned the globe The importance of transoceanic shipping and trade to the European based empire and her rapidly expanding former colony ensured that the ocean became increasingly important to popular literary culture in both nations This collection of ten essays by expert scholars in transatlantic British and American literatures interrogates the diverse meanings the ocean assumed for writers readers and thinkers on both sides of the Atlantic during this period of global exploration and colonial consolidation The book's introduction offers three critical lenses through which to read nineteenth century Anglophone maritime literature wet globalization which returns the ocean to our discourses of the global salt aesthetics which considers how the sea influences artistic culture and aesthetic theory and blue ecocriticism which poses an oceanic challenge to the narrowly terrestrial nature of green ecological criticism The essays employ all three of these lenses to demonstrate the importance of the ocean for the changing shapes of nineteenth century Anglophone culture and literature Examining texts from Moby Dick to the coral flower books of Victorian Australia and from Wordsworth's sea poetry to the Arctic journals of Charles Francis Hall this book shows how important and how varied in meaning the ocean was to nineteenth century Anglophone readers Scholars of nineteenth century globalization the history of aesthetics and the ecological importance of the ocean will find important scholarship in this volume **At the Bottom of Shakespeare's Ocean** Steve Mentz, 2009-10-10 We need a poetic history of the ocean and Shakespeare can help us find one There's more real salt in the plays than we might expect Shakespeare's dramatic ocean spans the God sea of the ancient world and the immense blue vistas that early modern mariners navigated Throughout his career from the opening shipwrecks of The Comedy of Errors through The Tempest Shakespeare's plays figure the ocean as shocking physical reality and mind twisting symbol of change and instability To fathom Shakespeare's ocean to go down to its bottom this book's chapters focus on different things that humans do with and in and near the sea

fathoming keeping watch swimming beachcombing fishing and drowning Mentz also sets Shakespeare's sea poetry against modern literary sea scapes including the vast Pacific of Moby Dick the rocky coast of Charles Olson's Maximus Poems and the lyrical waters of the postcolonial Caribbean Uncovering the depths of Shakespeare's maritime world this book draws out the centrality of the sea in our literary culture **New York Journal of Romance, General Literature, Science and Art**,1855

The Science of Ocean Pollution Frank R. Spellman,2023-10-02 The marine environment supports nearly half of the universal primary production and a great share of which drives global fisheries The Science of Ocean Pollution is written and presented in the author's characteristic conversational style and provides comprehensive coverage of the current situation regarding pollution in the world's oceans Even though our welfare is intricately linked interconnected with the sea and its natural resources humans have substantially altered the face of the ocean within only a few centuries The face of today's sea is quite apparent obvious and visible it floats This book examines pollution runoff plastics oil spills and other pollutants that float in our seas as well as methods to best remediate these issues **Frank Leslie's New York Journal**,1855

Kennedy, 2016-04-19 The Italian scholar and poet Francesco Petrarca 1304-1374 is best remembered today for vibrant and impassioned love poetry that helped to establish Italian as a literary language Petrarch inspired later Renaissance writers who produced an extraordinary body of work regarded today as perhaps the high water mark of poetic productivity in the European West These Petrarchan poets were self-consciously aware of themselves as poets as craftsmen revisers and professionals As William J. Kennedy shows in Petrarchism at Work this commitment to professionalism and the mastery of poetic craft is essential to understanding Petrarch's legacy Petrarchism at Work contributes to recent scholarship that explores relationships between poetics and economic history in early modern European literature Kennedy traces the development of a Renaissance aesthetics from one based upon Platonic intuition and visionary furor to one grounded in Aristotelian craftsmanship and technique Their polarities harbor economic consequences the first privileging the poet's divinely endowed talent rewarded by the autocratic largess of patrons the other emphasizing the poet's acquired skill and hard work Petrarch was the first to exploit the tensions between these polarities followed by his poetic successors These include Gaspara Stampa in the emergent salon society of Venice Michelangelo Buonarroti in the gift economy of Medici Florence and papal Rome Pierre de Ronsard and the poets of his Pléiade brigade in the fluctuant Valois court and William Shakespeare and his contemporaries in the commercial world of Elizabethan and early Stuart London As Kennedy shows the poetic practices of revision and redaction by Petrarch and his successors exemplify the transition from a premodern economy of patronage to an early modern economy dominated by unstable market forces **Poetic Configurations** Lowry Nelson, 2010-11-01 Henry Cowell, Bohemian Michael Hicks, 2002 Hicks focuses on Cowell's formative and most prolific years from his birth in 1897 through his incarceration on a morals conviction in the 1930s The author also examines the philosophical fervor that drove Cowell's whirlwind compositions and tracks the ways the composer's irrepressible bohemian

spirit helped foster an appreciation in the United States and Europe for a new brand of American music BOOK JACKET
