Wehrmacht suffered the loss of over 300 000 men killed wounded or taken prisoner and the Red Army rolled forward across Belarus to the outskirts of Warsaw The end of the war was still many months away and the Germans managed to reconstruct their line on the Eastern Front but final victory for the Soviet Union was now only a matter of time as a direct consequence of Bagration

The Great German Nation Craig White, 2007-09 Who exactly are the Germans From which ancestor of Noah do they descend Might their roots be found in the ancient Middle East Does the Bible God's precious Word have anything to say with regard to the very talented German peoples and their ancient roots Or does God ignore major nations such as Germany in His Word These fascinating and highly talented people have been central to world history Notice a chilling comment in an article on Russia by Peter Zeihan history really does run in cycles Take Europe for example European history is a chronicle of the rise and fall of its geographic center As Germany rises the powers on its periphery buckle under its strength and are forced to pool resources in order to beat back Berlin As Germany falters the power vacuum at the middle of the Continent allows the countries on Germany's borders to rise in strength and become major powers themselves Since the formation of the first Germany in 800 this cycle has set the tempo and tenor of European affairs A strong Germany means consolidation followed by a catastrophic war a weak Germany creates a multilateral concert of powers and multistate competition often involving war but not on nearly as large a scale For Europe this cycle of German rise and fall has run its course three times the Holy Roman Empire Imperial Germany Nazi Germany and is only now entering its fourth iteration with the reunified Germany
