Jacobs, 2012-06-25 Cities Allan B Jacobs contends ought to be magnificent beautiful places to live They should be places where people can be fulfilled where they can be what they can be where there is freedom love ideas excitement quiet and joy Cities ought to be the ultimate manifestation of society's collective achievements Allan B Jacobs is one of the world's best known planners and urban design practitioners with a long and distinguished international career Drawing on his professional experience of almost sixty years Jacobs guides the reader through the lessons he's learnt as a planner and lover of cities Cities from Brazil Italy India Japan China and the US are featured Written with a wonderfully engaging humorous tone and Jacobs own drawings The Good City transfers lessons on city design building and urban change to all those willing to help cities become the magnificent beautiful places they should be and encourages all inhabitants to learn to appreciate and explore their own cities **Culture, Philanthropy and the Poor in Late-Victorian London** Geoffrey A. C. Ginn, 2017-04-21 2018 Choice Outstanding Academic Title The Late Victorian cultural mission to London's slums was a peculiar effort towards social reform that today is largely forgotten or misunderstood The philanthropy of middle and upper class social workers saw hundreds of art exhibitions concerts of fine music evening lectures clubs and socials debates and excursions mounted for the benefit of impoverished and working class Londoners Ginn's vivid and provocative book captures many of these in detail for the first time In refreshing our understanding of this obscure but eloquent activism Ginn approaches cultural philanthropy not simply as a project of class self interest nor as fanciful missionary aestheticism Rather

he shows how liberal aspirations towards adult education and civic community can be traced in a number of centres of moralising voluntary effort Concentrating on Toynbee Hall in Whitechapel the People s Palace in Mile End Red Cross Hall in Southwark and the Bermondsey Settlement the discussion identifies the common impulses animating practical reformers across these settings Drawing on new primary research to clarify reformers underlying intentions and strategies Ginn shows how these were shaped by a distinctive diagnosis of urban deprivation and anomie In rebutting the common view that cultural philanthropy was a crudely paternalistic attempt to impose rational recreation on the poor this volume explores its sources in a liberal minded social idealism common to both religious and secular conceptions of social welfare in this period Culture Philanthropy and the Poor in Late Victorian London appeals to students and researchers of Victorian culture moral reform urbanism adult education and philanthropy who will be fascinated by this underrated but lively aspect of the period s social activism **Dictionary Catalogue of the Illinois State Library** Illinois State Library,1912 **DK Eyewitness**
