Douglas,N. Hillyer,1980 A superb three volume dictionary of the Bible filled with pictures maps and diagrams most in full color

Biblical Apologetics Clifford B. McManis,2013-07-26 The book you are holding in your hands is perhaps the simplest most straightforward summary and how to guide for presuppositional apologetics now in print It is both informative and practically helpful I believe you will find it an extremely useful tool whether you are an professor at the seminary level seeking supplemental reading material or just a simple lay person looking for practical answers Pastor McManis writes with crisp clarity in a way that is certain to give you fresh insight into what Scripture teaches about the defense of the Christian faith I wish this book had been available when I was studying apologetics in seminary John MacArthur Pastor Teacher Grace Community Church President of The Masters College and Seminary Cliff has rescued the discipline from the elite circle of the intelligentsia and returned it as a biblical theology of truth communication to the common people i.e. to all believers This volume will be of great help in the restoration of the practicality of biblical apologetics as it was exemplified in the early Church Hopefully today's readers will be able to understand and put into practice the true nature of Peter's command in 1 Peter 3:15 as it is strategically situated in its defining context George J. Zemek Academic Dean The Expositors Seminary Jupiter Florida

Everyday Sabbath Paul D. Patton, Robert H. Woods, 2021-08-04

The authors writing as scholars of communication and media demonstrate how God's great gifts of media and technology can rob us of everyday Sabbath and impede spiritual growth if not faithfully stewarded through a process described as mindful media attachment

Mindful media attachment helps to promote the holy habits of sacred intentionality sacred interiority and sacred identity

These three sacreds which arise from a proper understanding of the grammar and language of media and technology ultimately allow us to avoid treating media and technology as ends in and of themselves and to avoid divided affections that drain energy purpose and kingdom service
